Reinventing Accountability Making Democracy Work For Human Development

Sumit Ganguly, Larry Diamond, Marc F. Plattner

Reinventing Accountability Making Democracy Work For Human Development:

Reinventing Accountability A. Goetz, R. Jenkins, 2004-12-16 A deepening crisis in accountability in developing democracies has triggered much debate on accountability and the mechanisms needed for overcoming deficiencies of democracy This book analyzes a wide variety of contemporary efforts to reform accountability systems in developing countries

Rights, Resources and the Politics of Accountability Peter Newell, Joanna Wheeler, 2006-05 With examples drawn from a wide range of economic and industrial sectors and from both South and North this title presents a topical exploration of struggles for accountability in development projects

Performance Accountability and Combating Corruption Anwar Shah, 2007 Performance based oversight and accountability can serve as an important antidote to government corruption inefficiency and waste This volume provides an analytical framework and operational approaches needed for the implementation of results based accountability The volume makes a major contribution to the literature on public management and evaluation Major subject areas covered in this book include performance based accountability e government network solutions to performance measurement and improvement institutions of accountability in governance legal and institutional framework to hold government to account fighting corruption external accountability ensuring integrity of revenue administration the role of supreme audit institutions on detecting fraud and corruption and the role of parliamentary budget offices and public accounts committees

Accountability and Democracy Craig T. Borowiak, 2011-07-01 Few political concepts are as emblematic of our era as democratic accountability In a time of political and economic turmoil in which global forces have destabilized conventional relations of political authority democratic accountability has come to symbolize both what is absent and what is desired in our polity Situated at the intersection of democratic theory and international studies *Accountability and Democracy* provides an in depth critical analysis of accountability Through an engagement with several key democratic traditions both ancient and modern the book paints a rich picture of democratic accountability as a multi dimensional concept harboring competing imperatives and diverse instantiations Contrary to dominant views that emphasize discipline and control Craig Borowiak offers an original and refreshing view of democratic accountability as a source of mutuality participation and political transformation He both creatively engages conventional electoral models of accountability and moves beyond them by situating democratic accountability within more deliberative participatory and agonistic contexts Provocatively the book also challenges deep seated understandings of democratic accountability as an expression of popular sovereignty Borowiak instead argues that accountable governance is incompatible with all claims to ultimate authority regardless of whether they refer to the demos the state or cosmopolitan public law Rather than conceiving of democratic accountability as a way to legitimize a secure and sovereign political order the book contends that destabilization and democratic insurgence are indispensable and often neglected facets of democratic accountability practices For contemporary scholars practitioners and activists grappling with

the challenge of building democratic legitimacy into world politics the book urges greater reflexivity and nuance in how democratic accountability is evoked and implemented It offers insights into the myriad ways democratic accountability has been thwarted in the past while also cultivating a sense of expanded possibility for how it might be conceived for the present

Feminisms in Development Andrea Cornwall, Elizabeth Harrison, Ann Whitehead, 2008-02-29 This collection of essays by leading feminist thinkers from North and South constitutes a major new attempt to reposition feminism within development studies Feminism's emphasis on social transformation makes it fundamental to development studies Yet the relationship between the two disciplines has frequently been a troubled one At present the way in which many development institutions function often undermines feminist intent through bureaucratic structures and unequal power quotients Moreover the seeming intractability of inequalities and injustice in developing countries have presented feminists with some enormous challenges Here emphasizing the importance of a plurality of approaches the authors argue for the importance of what feminisms have to say to development Confronting the enormous challenges for feminisms in development studies this book provides real hope for dialogue and exchange between feminisms and development

Making Bureaucracy Work Akshay Mangla, 2024-01-25 This book examines when and how public bureaucracies work for disadvantaged citizens through a comparative study of primary education in rural India

How Ordinary People Make Aid Work Stefan Kruse, 2025-10-07 How community organizations and civic engagement drive the success of global health aid What makes health related development assistance truly effective In *How Ordinary People Make Aid Work* Stefan Kruse argues that the answer lies in the power of ordinary citizens By examining the role of community organizations and social movements Kruse challenges conventional approaches to aid showing that true accountability requires more than institutional reforms or participatory spaces that offer citizens a seat at the table Through rigorous analysis and compelling case studies the book reveals how traditional forms of exercising voice especially in politically challenging contexts drive the success of donor funded health projects Kruse demonstrates that reducing infant mortality since the 1990s owes more to an engaged citizenry than to formal accountability mechanisms Surprisingly state capacity and democratic institutions show little effect on the success of health aid once citizen involvement is accounted for By bridging macroeconomic studies of aid effectiveness with research on political behavior these findings underscore the indispensable role of civic engagement in building resilient health systems *How Ordinary People Make Aid Work* critiques the limitations of traditional top down development models and advocates for empowering communities to lead their own progress It highlights how social ties and collective action equip citizens to oversee health projects and create sustainable solutions to public health challenges Offering fresh insights for policymakers development practitioners and scholars this book redefines what it takes to make aid truly impactful

Building Peace Laura J. Shepherd, 2018-10-11 Moving seamlessly from the global to the local from the politics of institutions to the theoretical apparatus through which we analyse peace and security governance the contributions to this volume draw

attention to the operations of gendered power in peacebuilding across diverse contexts and explore the possibilities of gender sensitive sustainable peace The authors have wide ranging expertise in gendered analysis of the peacebuilding practices of international and national organisation detailed and complex qualitative analysis of the gendered politics of peacebuilding in specific country contexts and feminist analysis of the tools we use to think with when approaching contemporary debates about peacebuilding The volume thus serves not only as a useful marker of the development of feminist encounters with peacebuilding but also as a foundation for future scholarship in this area This book was originally published as a special issue of the journal Peacebuilding

Altered States Valerie Sperling, 2009-05-25 Is globalization good for democracy This book examines the accountability of transnational institutions and traces their impact on democratic governance

Administrative Law and Governance in Asia Tom Ginsburg, Albert H.Y. Chen, 2008-10-30 This book examines administrative law in Asia exploring the profound changes in the legal regimes of many Asian states that have taken place in recent years Political democratization in some countries economic change more broadly and the forces of globalization have put pressure on the developmental state model wherein bureaucrats governed in a kind of managed capitalism and public private partnerships were central In their stead a more market oriented regulatory state model seems to be emerging in many jurisdictions with emphases on transparency publicity and constrained discretion This book analyses the causes and consequences of this shift from a socio legal perspective showing clearly how decisions about the scope of administrative law and judicial review have an important effect on the shape and style of government regulation Taking a comparative approach individual chapters trace the key developments in the legal regimes of major states across Asia including China Japan Korea Malaysia Taiwan Hong Kong Indonesia Singapore the Philippines Thailand and Vietnam They demonstrate that in many cases Asian states have shifted away from traditional systems in which judges were limited in terms of their influence over social and economic policy towards regulatory models of the state involving a greater role for judges and law like processes The book also considers whether judiciaries are capable of performing the tasks they are being given and assesses the profound consequences the judicialization of governance is starting to have on state policy making in Asia

Being a Teacher in Post-Apartheid South Africa Yusuf Sayed, Marcina Singh, 2025-05-01 In a compelling exploration of the challenges faced by newly qualified teachers NQTs in South Africa s evolving educational landscape this book provides an empirically grounded account of their experiences Drawing on extensive research it offers a poignant narrative that seeks to illuminate the nuanced journey these educators embark upon as they transition from teacher education spaces to the complex reality of classrooms in post Apartheid South Africa The book acts as a crucial platform for the voices of NQTs shedding light on the myriad enablers and disablers they encounter during this transformative period Timely and relevant it tackles pressing questions about the readiness of teacher education to prepare students for the demands of South African schools The book charts the transition from teacher education to active teacher for NQTs The lessons distilled from this

research present a clarion call for a re assessment of teacher education policies and practices This book arrives at a pivotal moment as South Africa reviews its teacher education policies With the quality of initial teacher education programmes under scrutiny the book s critiques findings and recommendations serve as indispensable tools for policymakers arguing for the need to reconceptualise South African teacher education policies As South Africa strives to avoid a cycle of developing new teachers only to lose them due to inadequate support this book seeks to support educators policymakers and all those invested in the future of South African education toward creating a more socially just education system recognising the highly unequal society in which teachers work

NGOs and Accountability in China Jude Howell,Xiaoyuan Shang,Karen R. Fisher,2018-05-15 This book investigates how NGOs in authoritarian states such as China craft accountability and legitimacy to ensure their survival It explores this through the lens of child welfare organisations from 2007 to 2017 The authors provide a fresh approach to accountability that is more attuned to the particular conditions of authoritarianism The project explores the effects of power relations in shaping the hierarchies of accountability and participation that emerge and the attention given to different voices such as those of donor government and users Essential reading for researchers and policy makers interested in development NGO social policy political science and child welfare studies

The State of India's Democracy Sumit Ganguly,Larry Diamond,Marc F. Plattner,2007-09-10 Wilkinson William Crawley Asian Affairs

Governance of HIV/AIDS Sophie Harman,Franklyn Lisk,2009-07-06 Nearly thirty years since HIV AIDS was first identified confusion over effective mechanisms of controlling and eradicating the illness remain prevalent This book highlights the need for comprehensive approaches to governance as responses to HIV AIDS become increasingly focused upon the health aspect of the epidemic and financial commitments become subject to aid fatigue This book examines the roles and influence of multiple actors and initiatives that have come to constitute the global response to the epidemic It considers how these actors and structures of governance enhance or limit participation and accountability and the impact this is having upon effective HIV AIDS responses across the world The book addresses participation and accountability as key elements of governance in four thematic areas the role of the state and democratic governance non state actors and mechanisms of political governance public private partnerships and economic governance and multilateral institutions and global governance Drawing on the insights of public health specialists political scientists economists lawyers those working with community groups and within international organisations it offers valuable perspectives on the governance of HIV AIDS Aimed at both academics and practitioners throughout the world this book contributes to the academic debate surrounding global governance health and development economics and the work of multiple international organisations and civil society organisations

Norms, Gender and Corruption Kubbe, Ina,Merkle, Ortrun,2022-10-14 Building upon the body of existing literature that has established the importance of norms in understanding why genders interact with social phenomena differently and how gender plays a role in most aspects of corruption this cutting edge book expands the fields to

explore the nexus between norms gender and corruption **Governing Women** Anne Marie Goetz,2009-01-13 Using case studies from around the world this volume argues that good governance from a gender perspective requires more than just additional women in politics it requires fundamental incentive changes to orient public action and policy to support gender equality **Forced Displacement** K. Grabska,L. Mehta,2008-11-12 Uprootedness exile and forced displacement be they due to conflict persecution or so called development are conditions which characterise the lives of millions across the globe This book analyses a range of displacement situations including development oustees refugees and internally displaced persons **50.50: Women Writers, Politics and Voice** Rosemary Bechler, *Governance and Democracy* Arthur Benz,Ioannis Papadopoulos,2006-04-18 For the first time this new collection brings together country specialists researchers on the European Union and leading international relations scholars to tackle a crucial question how compatible are today s new patterns of policy networks and multi level governance with democratic standards This important question is attracting attention both in political science and in political practices In political science the question is mainly dealt with in separated sub disciplines which focus on different levels of politics So far no serious exchange has actually taken place between authors working on these different levels The editors of this book both specialists of network and multi level governance show that although the issue is raised differently in the institutional settings of the national state the European Union or transnational governance excellent insights can be gained by comparison across these settings This major new contribution includes cutting edge work from junior scholars alongside chapters by leading specialists of governance such as Guy Peters Jon Pierre Philippe C Schmitter and Thomas Risse It also contains a collection of new case studies theoretical conceptualisations and normative proposals for solutions dealing with the issue of democratic deficits which all give the reader a better understanding of the most crucial problems and perspectives of democracy in different patterns of governance beyond conventional government approaches This is a valuable book for policy analysts students of the European Union and international relations and all students in social and political science **Accountability through Public Opinion** Sina Odugbemi,Taeku Lee,2011-05-10 This books analyses the role of public opinion for generating genuine citizen demand for accountability providing case studies from around the world to illustrate how public opinion forces governments to be accountable
