## **Rejection Resistance Resurrection:**

**South Asian Christian Diaspora** Selva J. Raj, Knut A. Jacobsen, 2016-04-01 The South Asian Christian diaspora is largely invisible in the literature about religion and migration This is the first comprehensive study of South Asian Christians living in Europe and North America presenting the main features of these diasporas their community histories and their religious practices The South Asian Christian diaspora is pluralistic both in terms of religious adherence cultural tradition and geographical areas of origin This book gives justice to such pluralism and presents a multiplicity of cultures and traditions typical of the South Asian Christian diaspora Issues such as the institutionalization of the religious traditions in new countries identity the paradox of belonging both to a minority immigrant group and a majority religion the social functions of rituals attitudes to language generational transfer and marriage and family life are all discussed *The Power of Reconciliation* Justin Welby, 2022-06-09 The Power of Reconciliation is Archbishop Welby's most important book to date This revolutionary book was published for the 2022 Lambeth Conference in July when bishops from all around the world assembled in Canterbury But its importance goes far beyond these confines The author deals with conflict and reconciliation within families businesses warfare between nations races and all forms of political conflict Welby writes about Reconciliation as seeking to disagree well It relates to both religious and secular communities from the household to the international Conflict is widespread With the after effects of COVID changes in science and technology inequality and increasingly polarized political and social strife moves towards reconciliation are more necessary than ever Both before ordination and since Welby has seen conflict first hand He has spent many years working on issues of conflict around the world The book is full of practical advice for all those in authority on how to bring about reconciliation There is even a step by step guide for this drawn from the author's own experience The book is thus down to earth plugged into reality and devoid of pointless optimism or a Pollyannaish view of our contemporary problems Furthermore there is the dignity of difference Today there is so much intolerance of views that are other than our own as we demonize those we do not agree with The book concerns the secular sphere every bit as much as the religious though Welby's message is Christian inspired and the influence of Desmond Tutu strongly felt *Race for Justice* Richard Reddie, 2022-02-18 In 2020 Britain marks the 25th anniversary of Racial Justice Sunday This movement was established at a time when the UK was having to face up to both overt and subversive forms of racism characterised by the tragic killing of black teenager Stephen Lawrence in Eltham in 1993 This murder and other racist attacks gave mainstream visibility to the struggle of many Black Asian and Minority Ethnic people to obtain equality and justice Race for Justice brings together a collection of voices on this vital issue from across the Christian denominations Each contributor to this volume serves as their particular denomination's racial justice equalities diversity or inclusion officers Equipped with frontline experience in the fight against racism they each give their perspective on the successes and failures of race relations over the last quarter of a century as well as addressing contemporary challenges and their hopes for

the future      Chinese Heritage in British Christianity Alexander Chow, 2025-03-28 This is a critical and unique time for British Chinese Christians On the one hand the national churches of each of Britain's four nations have experienced an unprecedented decline in church attendance On the other hand British Chinese Christianity is today amongst the fastest growing Christian populations in the United Kingdom But there is a much longer history in the background with the first Chinese Christian in Britain dated to the 17th century and a sizeable population existing since the late 19th century eventually creating the first Chinese church established in Liverpool in 1910 This book tells the story of the rise of British Chinese Christianity and how the British Chinese have been shaping and reshaping the future of British Christianity It brings together theological educators church ministers and parachurch leaders in a collaborative project speaking to the historical and contemporary situation of British Chinese Christianity and prospects moving forward      **Black Theology in Britain** Michael N. Jagessar, Anthony G. Reddie, 2016-04-08 Black theology as a discipline emerged in 1960s America growing out of the experiences of Black people of the African Diaspora as they sought to re-interpret the central ideas of Christianity in light of struggle and oppression However a form of Black theology has been present in Britain since the time of slavery Black Theology in Britain offers the first comprehensive survey of Black theology tracing its development in Britain from the eighteenth century to today The essays cover a wide range of topics Black Liberation drama as a medium for Black theology the perspective of Black women Black theology in the pulpit and pastoral care and the work of Robert Beckford and Anthony Reddie Black Theology in Britain is a key resource for students of British history cultural studies Black theology and religious studies      **Faith in Church Newspapers** David Isiorho, 2024-12-12 This book offers a practical theology that looks at the way people of global majority heritage are portrayed in the religious press of the Church of England and have been racialized as other than White The frame analysis shows that only a minority of news items in The Church Times and The Church of England Newspaper were concerned with race related issues or contained identifiable Black actors Faith in Church Newspapers looks at how these news items can exclude and marginalize people of global majority heritage by restricting their coverage to specific and limited contexts This book is concerned both with the findings from the analysis of these papers and with the wider implications for Christian mission in the Church of England The case studies are idiographic and qualitative and take us behind the data of news gathering Faith in Church Newspapers is accessible scholarship intended for both an academic and a lay audience This is an original book and one of crucial importance not just to Black theology but also to urban and contextual theology It will aid theological students undertaking pastoral education and also students of journalism history and social change      *Working Against the Grain* Anthony G. Reddie, 2014-12-18 Christianity has been both the cause of oppression among Black communities and a source of liberation Black Christianity has sought solace in the redemptive figure of Christ in its struggle for human dignity and freedom Working Against the Grain addresses the displacement of Black theology in Diasporan African churches by charismatic and conservative neo Pentecostalism The

essays present a radical Black theology that empowers disenfranchised Black people whilst challenging White power to see and act differently Working Against the Grain is an essential text for all those interested in the pursuit of racial justice and other forms of anti oppressive practice both inside the church and beyond it Holy Habits: Sharing Resources Andrew Roberts,Neil Johnson,Tom Milton,2018-10-11 Holy Habits is an initiative to nurture Christian discipleship It explores Luke s model of church found in Acts 2 42 47 identifies ten habits and encourages the development of a way of life formed by them These resources which include an introductory guide have been developed to help churches explore the habits in a range of contexts and live them out in whole life missional discipleship **Church Growth in Britain** David Goodhew,2017-05-15 There has been substantial church growth in Britain between 1980 and 2010 This is the controversial conclusion from the international team of scholars who have drawn on interdisciplinary studies and the latest research from across the UK Such church growth is seen to be on a large scale is multi ethnic and can be found across a wide range of social and geographical contexts It is happening inside mainline denominations but especially in specific regions such as London in newer churches and amongst ethnic minorities Church Growth in Britain provides a forceful critique of the notion of secularisation which dominates much of academia and the media and which conditions the thinking of many churches and church leaders This book demonstrates that whilst decline is happening in some parts of the church this needs to be balanced by recognition of the vitality of large swathes of the Christian church in Britain Rebalancing the debate in this way requires wholesale change in our understanding of contemporary British Christianity The Oxford Handbook of Anglican Studies Mark David Chapman,Sathianathan Clarke,Martyn Percy,2016 The Anglican Communion is the third largest Christian denomination and claims a membership of some 80 million members in about 164 countries Given that there are only around two hundred countries in the world this makes the churches of the Anglican Communion the most geographically widespread denomination after Roman Catholicism The 44 essays in this volume embrace a wide range of academic disciplines theological historical demography and geography and different aspects of culture and ethics They are united in their discussion of what is effectively a new inter disciplinary subject which we have termed Anglican Studies At the core of this volume is the phenomenon of Anglicanism as this is expressed in different places and in a variety of ways across the world This Handbook covers a far broader set of topics from a wider range of perspectives than has been hitherto attempted in Anglican Studies At the same time it doesn t impose a particular theological or historical agenda The contributions are drawn from across the spectrum of theological views and opinions It shows that the unsettled nature of the polity is part of its own rich history and many will see this as a somewhat lustrous tradition In its comprehensive coverage this volume is a valuable contribution to Anglican Studies and helps formulate a discipline that might perhaps promote dialogue and discussion across the Anglican world Black Theology, Slavery and Contemporary Christianity Anthony G. Reddie,2016-04-15 Black Theology Slavery and Contemporary Christianity explores the legacy of slavery in Black theological terms Challenging the

dominant approaches to the history and legacy of slavery in the British Empire the contributors show that although the 1807 act abolished the slave trade it did not end racism notions of White supremacy or the demonization of Blackness Black people and Africa This interdisciplinary study draws on biblical studies history missiology and Black theological reflection exploring the strengths and limitations of faith as the framework for abolitionist rhetoric and action This Black theological approach to the phenomenon of the trans Atlantic slave trade and the institution of slavery draws on contributions from Africa the Caribbean North America and Europe

**The Meanings of Discipleship** Andrew Hayes, Stephen Cherry, 2021-10-29

Discipleship is a foundational concept of Christian life which has become a popular and ubiquitous description of belonging and growth in early 21st ecclesiastical language Discipleship courses and popular writings abound and the term is used liberally in official church documents and strategies for growth and development particular in a western context But does recent use of the word risk reducing the wide range of meanings of discipleship to something less rich and inclusive than is warranted With contributions from an array of leading thinkers scholars and theologians including Rachel Mann Kirsteen Kim and Anthony Reddie this book argues that there is need for more clarity precision and depth in defining what meaningfully and constructively is construed as discipleship Beginning with an overview of how the concept of discipleship has been understood in history the volume goes on to consider some of the key figures who have shaped our understanding of the concept and finally to reflect on what discipleship might look like in contemporary society

**Interrupting the Church's Flow** Al Barrett,2020-10-30 How can we develop and embody an ecclesiology in contexts of urban marginality that is radically receptive to the gifts and challenges of the agency of our non Christian neighbours Drawing on resources from political theologies and in particular conversation with Graham Ward and Romand Coles this book challenges our lazy understanding of receptivity digging deep to uncover a rich theological seam which has the potential to radically alter how theologians think about what we draw from urban places It offers a game changing liberative theology rooted not in the global south but from a position of self critical privilege **The MacArthur New Testament**
