Relationship Codecan You Handle The Truth:

The Relationship Code Darin Hufford,1999-08 *The Illumination Code* Kim Chestney,2024-04-02 Kim Chestney's codes bring you closer to the comprehension of a reality that was wholly hidden prior to the quantum discoveries Ervin L. Szilard, author of *Science and the Akashic Field*. Intuition, the extraordinary ability to access information from the quantum realms, is fast becoming humanity's most advanced form of knowledge acquisition. *The Illumination Code* presents seven keys to unlock your inner dimension so you can access expanded states of awareness that exist beyond the limits of the rational mind. Kim Chestney reveals the deeply personal nature of the universe while offering a new way to know the unknowable and experience the seemingly impossible. As you venture inward on this step-by-step journey, you will gain profound insights and discover the true power of your own inner wisdom.

A Fine Romance Judith Sills,1993-04-06 Where is this thing called love? And how do you get there from here? For many, it's an elusive goal that's over even before it has a chance to start, but it doesn't have to be. In *A FINE ROMANCE*, nationally recognized psychologist Dr. Judith Sills shows how the whole agonizing and exhilarating process of love actually develops between two people and how the rules of successful courtship can be learned and mastered. Dr. Sills covers all the skills you need to develop the right relationship in the areas of intimacy, compromise, and commitment. She also takes you step-by-step through the five stages of a relationship: SELECTION (when you actively or passively choose a partner), SEDUCTION (the dating days when you and your partner decide if the relationship is romantic, platonic, or dead), SWITCH (that uncomfortable period when the pursuer backs off just as the partner responds), NEGOTIATION (when you both acknowledge your differences and try to find a decent way to fight about them), and COMMITMENT (the negotiation to marriage). There is no one right person. There is only your ability to give and receive love. This book will help lovers learn how to do just that.

Just Relationships Douglas L. Kelley,2016-10-04 Bringing a social justice lens to daily interpersonal relationships, *Just Relationships* offers a perspective on existing social science theory that demonstrates how our personal relationships should be grounded in fairness and justice. Douglas Kelley utilizes concepts from a variety of academic disciplines and helping professions to examine the barriers encountered in achieving balanced partnerships. This student-friendly book brings the important new perspective of social justice to courses focusing on interpersonal relationships and family relationships, supplementing traditional textbooks. This book presents key relationship theories in each chapter and then applies them from a social justice perspective, uses thought-provoking case studies, and guiding questions to enhance student learning. It examines a number of different types of interpersonal relationships, including family, friends, lovers, and mentor-mentee relationships within a variety of socioeconomic and sociocultural contexts.
