Religion And Empire People Power And The Life Of The Spirit:

Religion and Empire, 2007 **Religion and Power** Jione Havea, 2020-07-07 Religion has power structures that require and justify its existence spread its influence and mask its collaboration with other power structures Power like religion is in collaboration Along this line this book affirms that one could see and study the power structures and power relations of a religion in and through the missions of empires Empires rise and roam with the blessings and protections of religious power structures e g scriptures theologies interpretations traditions that in return carry propagate and justify imperial agendas Thus to understand the relation between religion and power requires one to also study the relation between religion and empires Christianity is the religion that receives the most deliberation in this book with some attention to power structures and power relations in Hinduism and Buddhism The cross cultural and inter national contributors share the conviction that something within each religion resists and subverts its power structures and collaborations The authors discern and interrogate the involvements of religion with empires past and present political and ideological economic and customary systemic and local The upshot is that the book troubles religious teachings and practices that sustain as well as profit from empires *Acts: An Exegetical Commentary : Volume 1* Craig S. Keener, 2012-09-01 Highly respected New Testament scholar Craig Keener is known for his meticulous and comprehensive research This commentary on Acts his magnum opus may be the largest and most thoroughly documented Acts commentary available Useful not only for the study of Acts but also early Christianity this work sets Acts in its first century context In this volume the first of four Keener introduces the book of Acts particularly historical questions related to it and provides detailed exegesis of its opening chapters He utilizes an unparalleled range of ancient sources and offers a wealth of fresh insights This magisterial commentary will be a valuable resource for New Testament professors and students pastors Acts scholars and libraries **Pauline Solidarity** Daniel Oudshoorn, 2020-04-30 Building on the themes established in the first two volumes of *Paul and the Uprising of the Dead* Pauline Solidarity explores a how the Pauline faction transforms relationships within the household unit in the new transnational family of God b how dominant cultural conceptions of honor are rejected in the embrace of shame in the company of the crucified c how vertical practices of patronage are replaced with a horizontal sibling based political economy of grace and d how the gospel of the Caesars is overcome by the lawlessness of the good news that is being assembled in an uprising of life among the left for dead Along the way many of the traditional themes associated with Paulinism grace justice love loyalty sin flesh death Jesus spirit life are reexamined and understood as core components of a movement that was spreading among vanquished colonized oppressed dispossessed and enslaved peoples who were finding new and treasonous ways of organizing themselves in order to be life giving and life affirming and in order to counter all the death dealing structures of Roman imperialism **Safeguarding the Stranger** Jayme R Reaves, 2017-08-31 In our troubled world protective hospitality is tragically necessary and requires informed shared action and belief on behalf of the threatened other

In Safeguarding the Stranger Jayme R Reaves argues that protective hospitality and its faith based foundations as seen in the Abrahamic traditions of Judaism Christianity and Islam merit greater theological attention Reaves shows that the practice of protective hospitality in Christianity can be enhanced by a better understanding of Jewish and Muslim practices of hospitality as well as of their codes and etiquettes related to honour Safeguarding the Stranger draws on a contextual and political theological approach informed by liberation and feminist theologies as viewed through the lens of a co operative and complementary theological view which is influenced by inter religious Abrahamic and hospitable approaches to dialogue forecasting the positive role that religions can play in resolving conflicts What Christians Can Learn From Buddhism
