Edited by

Gene Outka and John F. Hoodon, Jr.

Religion And Morality A Collection Of Essays

Richard Whately

Religion And Morality A Collection Of Essays:

Religion and Morality: a Collection of Essays Gene H. Outka, John P. Reeder, 1973 *Essays in Religion and Morality* William James, 1982 *Essays in Religion and Morality* brings together a dozen papers of varying length to these two themes so crucial to the life and thought of William James. Reflections on the two subjects permeate first James's presentation of his father's Literary Remains, second his writings on human immortality and the relation between reason and faith, third his two memorial pieces, one on Robert Gould Shaw and the other on Emerson, fourth his consideration of the energies and powers of human life, and last his writings on the possibilities of peace, especially as found in his famous essay *The Moral Equivalent of War*. These speeches and essays were written over a period of twenty-four years. The fact that James did not collect and publish them himself in a single volume does not reflect on their intrinsic worth or on their importance in James's philosophical work, since they include some of the best known and most influential of his writings. All the essays throughout their varied subject matter are consistently and characteristically Jamesian in the freshness of their attack on the problems and failings of humankind and in their steady faith in human powers.

Ethics and Religion Society of Ethical Propagandists (London, England), 2013-08-09 Hardcover reprint of the original 1900 edition, beautifully bound in brown cloth covers featuring titles stamped in gold. 8vo 6x9. Original Publishing Society of Ethical Propagandists, London. *Ethics and Religion: A Collection of Essays*. London: S. Sonnenschein Co., 1900. Subject: Ethical culture movement.

Faith, Morality, and Civil Society Dale McConkey, Peter Augustine Lawler, 2003-01-01 In this rich collection of essays, editors Dale McConkey and Peter Augustine Lawler explore the contributions that religious faith and morality can make to a civil society. Though the level of religious expression has remained high in the United States, the shift from traditional religious beliefs to a far more individualized style of faith has led many to contend that no faith commitment, collective or personal, should contribute to the vibrancy of a civil democratic society. Challenging those who believe that the private realm is the only appropriate locus of religious belief, the contributors to this volume believe that religion can inform and invigorate the secular institutions of society, such as education, economics, and politics. Drawn from a wide variety of religious and moral traditions, these diverse essays show from many perspectives the important contribution religion has to make in the public square that is civil society.

Journal of Philosophical Studies, 1928 Includes section New books **Introduction to the Study of Religion** Kathleen S. Nash, Mary N. MacDonald, Fred Glennon, 2013 This introductory text helps students think through the basic questions that arise in the study of religion: What is the nature of religious experience? How does religion shape the actions of individuals and communities? How does religion promote or inhibit human development and well-being? This 2nd edition has

been updated throughout including new examples new themes such as religious fundamentalism and violence and a new emphasis on environmental issues

Three Essays on Religion John Stuart Mill,1874

Christian Ethics and Commonsense Morality Kevin Jung,2014-11-27

Christian Ethics and Commonsense Morality goes against the grain of various postmodern approaches to morality in contemporary religious ethics In this book Jung seeks to provide a new framework in which the nature of common Christian moral beliefs and practices can be given a new meaning He suggests that once major philosophical assumptions behind postmodern theories of morality are called into question we may look at Christian morality in quite a different light On his account Christian morality is a historical morality insofar as it is rooted in the rich historical traditions of the Christian church Yet this kind of historical dependence does not entail the evidential dependence of all moral beliefs on historical traditions It is possible to argue for the epistemic autonomy of moral beliefs according to which Christian and other moral beliefs can be justified independently of their historical sources The particularity of Christian morality lies not in its particular historical sources that also function as the grounds of justification but rather in its explanatory and motivational capacity to further articulate the kind of moral knowledge that is readily available to most human beings and to enable people to act upon their moral knowledge

More Steve Allen on the Bible, Religion and Morality Steve Allen,2010-12

The popularity of Book One led Allen to take another good look at the Scriptures to interest the average reader in reasonable analysis of the most influential document in Western civilization Includes direct quotes from Catholic Protestant and Judaic biblical scholars
