Saudi Clerics and Shi'a Islam Raihan Ismail, 2016-03-07 The Saudi ulama are known for their strong opposition to Shi'a theology Shi'a communities in Saudi Arabia and external Shi'a influences such as Iran and Hezbollah Their potent hostility combined with the influence of the ulama within the Saudi state and the Muslim world has led some commentators to blame the Saudi ulama for what they see as growing sectarian conflict in the Middle East However there is very little understanding of what reasoning lies behind the positions of the ulama and there is a significant gap in the literature dealing with the polemics directed at the Shi'a by the Saudi religious establishment In *Saudi Clerics and Shi'a Islam* Raihan Ismail looks at the discourse of the Saudi ulama regarding Shiism and Shi'a communities analysing their sermons lectures publications and religious rulings The book finds that the attitudes of the ulama are not only governed by their theological convictions regarding Shiism but are motivated by political events involving the Shi'a within the Saudi state and abroad It also discovers that political events affect the intensity

and frequency of the rhetoric of the ulama at any given time

sociology Islam Between Culture and Politics Bassam Tibi, 2005-08-31 Bassam Tibi offers a radical solution to the problems faced by Islam in a rapidly changing and globalizing world. He proposes a depoliticization of the faith and the introduction of reforms to embrace secular democracy, pluralism, civil society, and individual human rights. The alternative to this is the impasse of fundamentalism. The pivotal argument is that Islam is being torn between the pressure for cultural innovation and a defensive move towards the politicization of its symbols for non-religious ends.

Inside Jihadism Farhad Khosrokhavar, 2015-12-03 Jihad is the most organized force against Western capitalism since the Soviet era. Yet jihadism is multifaceted and complex, much broader than Al Qaeda alone. In the first wide-ranging introduction to today's rapidly growing jihadism, Khosrokhavar explains how two key movements variously influence jihadi activists. One based in the Middle East is more heavily influenced by Islamic religion and political thought. The other, composed of individuals growing up or living mostly in Europe and Western democracies including the United States, is motivated by secular as well as religious influences. Khosrokhavar interprets religious and lesser-known Arabic texts and the real-world economic and political dynamics that make jihadism a growing threat to Western democracies. Interviews with imprisoned jihadists on what motivated their plots and actions help the readers understand reality as seen by jihadists. The author concludes with recommendations to safeguard democracies from future jihadism.

Religion and Politics in the 21st Century Natalia Vlas, 2013-07-26 Religion and Politics in the 21st Century is composed of a number of articles that were presented during the 2012 international conference on Religion and Politics in the Globalization Era, organized by the Centre for Political Analysis in Cluj-Napoca, Romania. With careful attention given to 21st-century religious resurgence and its dynamic interactions with political structures and the public sphere, the present volume captures a wide variety of perspectives on contemporary religion and politics, ranging from theoretical approaches to case studies and from analyzing global facets to exploring local situations. Its thematic richness and its careful exploration of not only present realities but also of patterns of past interactions and of possible future directions render this volume a valuable resource for scholars, policy makers, and the general public as well.

The Routledge Handbook of Terrorism Research Alex Peter Schmid, 2011 This volume is a monumental collection of definitions, conceptual frameworks, paradigmatic formulations, and bibliographic sources, which is now being revised and updated as a resource for the expanding community of researchers on the subject of terrorism.

The new edition analyses the connections between religion and politics covering the most recent developments in Islamic political thought and the most recent historical scholarship It ends with a critical survey of reformism or modernism and Islamism or fundamentalism from the late 19th century up to the present day **Sufi Political Thought** Milad

Milani,2017-11-06 Sufism is generally perceived as being spiritually focused and about the development of the self However Sufi orders have been involved historically as important civic and political actors in the Muslim world having participated extensively in inter faith dialogue and political challenges to religious orthodoxy This book presents a comprehensive overview of the Sufi political tradition both historically and in its present form It outlines how Sufi thought has developed examines how Sufism has been presented both by scholars and by Sufis themselves and considers Sufis active political roles It argues that Sufis frequently well educated well travelled and imaginative have been well placed to engage with other faiths and absorb their ideas into Islam but that they have also been because they understand other faiths well placed to understand the distinctiveness of Islam and thereby act as the guardians of Islam s core ideas and values **Politics of the**

Islamic Tradition Mohammed Moussa,2015-10-05 Over the last two centuries the Muslim world has undergone dramatic transformations impacting the Islamic tradition and throwing into question our understanding of tradition The notion of tradition as an unmoving edifice is contradicted by the very process of its transmission and the complex role human beings play in creating and sustaining traditions is evident in the indigenous mechanisms of change within the Islamic tradition Politics of the Islamic Tradition locates the work of Egyptian cleric Muhammad al Ghazali within the context of this dynamic Islamic tradition with special focus on his political thought Al Ghazali inherited a vast and diverse heritage which he managed to reinterpret in a changing world An innovative exploration of the change and continuity present within Muslim discourses this book brings together disparate threads of the Islamic tradition religious exegesis the contemporary Arab Middle East the Islamic state and idea of renewal in al Ghazali s thought As well as being one of the first complete treatments of al Ghazali s works this book provides an original critical approach to tradition and its capability for innovation and change countering the dichotomy between tradition and modernity that typically informs most scholarly studies on contemporary Islam Offering highly original insights into Islamic thought and engaging with critical notions of tradition this book is essential reading for students and scholars of Islamic Politics and History Religion and World Civilizations Andrew

Religion, politics and ethnicity in iran: investigating the case of the sunni deobandis Hoshang Noraiee,2022-06-30 This project evolved out of my research on several other topics concerning militant Islam among Sunnis in Iran Deobandis and female Deobandi madares Since then several more informants have sincerely come forward to help me update my information on the current research The Crash of A Civilization Kanchan Banerjee,2022-07-13 The Current condition of each citizen the society and the nation are the result of a deeply complex history But what we know from history books especially academic textbooks are constructs based on the narratives of political powers colonists and outdated socioeconomic analysts The time has come to know and understand our true history from fresh and updated perspectives The subject of this book is how foreign ideologies and forces Christian Islamic and later colonists western and Marxists profound and long term influence have impacted India her society and people With a computer science back ground Kanchan Banerjee makes this remarkable and significant contribution attempting to depict the current era with unique and lively storytelling using carefully studied evidence logical deduction and analysis He has given detailed and comprehensive descriptions and assessments from pre Islamic Arabia s history foreign attacks and invasions of the Huns the Turks to the Islamic rule and occupation in Delhi and the British colonial and imperial atrocities How did the crash and fall of a great ancient civilization happen How has it been wounded the body and soul of a nation to break into several pieces And what is the way to change the direction to the path of recovery and revival This book is an effort to find the answers to these questions from our true history If we know our past we can change our future as well Political Islam, World Politics and Europe Bassam Tibi,2014-07-11 The new and updated edition of Political Islam World Politics and Europe focusses on the shift within political Islam in light of 9 11 and the events of the Arab Spring from a jihadist struggle to institutional Islamism Refuting what has often been referred to by commentators as the moderation of Islamism the second edition of this book introduces the concept of institutional Islamism a process which Tibi argues was accelerated in the aftermath of the Arab Spring Both jihadist and institutional Islamism pursue the same goal of an Islamist state but disagree fundamentally on the strategy for achieving it Whilst jihadism is committed to the idea of a violent Islamic world revolution institutional Islamism embraces political institutions as a means to an end Turning to the events of the Arab Spring in Tunisia Libya and Egypt this book attempts to determine whether an abandonment of violence is enough to underpin a shift to genuine democracy Analysing the fall of Morsi in particular Tibi questions what lessons can be learnt from his presidency and argues that this event will not

change the overall trend of development from jihadism to institutional Islamism A timely addition to existing literature this book will be of interest to students and scholars studying Middle Eastern and European Politics Political Islam and International Relations
