REQUIEM FOR BATTLESHIP YAMATO. TRANS AND INTRO. BY RICHARD H. MINEA. Yoshida Mitsuru, 1985 *The Twilight Warriors* Robert Gandt, 2011-11-08 Winner of the 2011 Samuel Eliot Morison Award for Naval Literature The Twilight Warriors is the engrossing page turning saga of a tightly knit band of naval aviators who are thrust into the final and most brutal battle of the Pacific war during World War II Okinawa April 1945 The end of World War II finally appears to be nearing The Third Reich is collapsing in Europe and the Americans are overpowering the once mighty Japanese Empire in the Pacific For a group of young pilots trained in the twilight of the war their greatest worry is that it will end before they have a chance to face the enemy They call themselves Tail End Charlies They fly at the tail end of formations stand at the tail end of chow lines and now they are catching the tail end of the war What they don't know is that they will be key players in the bloodiest and most difficult of naval battles not only of World War II but in all of American history The Twilight Warriors relives the drama of the world's last great naval campaign From the cockpit of a Corsair fighter we gaze down at the Japanese task force racing to destroy the American amphibious force at Okinawa Through the eyes of the men on the destroyers assigned to picket ship duty we experience the terror as wave after wave of kamikazes crash into their ships Standing on the deck of the legendary superbattleship Yamato we watch Japan's last hope for victory die in a tableau of gunfire and explosions The fate of the Americans at Okinawa including a twenty two year old former art student an intrepid fighter pilot whose life abruptly changes when his Corsair goes down off the enemy shore and a young Texan lieutenant who volunteers for the most dangerous flying job in the fleet intercepting kamikazes at night over the blackened Pacific is intertwined with the lives of the young gods the honor bound kamikaze forces who swarm like killer bees toward the U S ships The ferocity of the Okinawa fighting stuns the world Before it ends the long battle will cost more American lives ships and aircraft than any naval engagement in U S history More than simply the account of a historic battle The Twilight Warriors brings to life the human side of an epic conflict It is the story of young Americans at war in the air and on the sea

Instruments of War Spencer C. Tucker,2015-07-28 This highly detailed and well illustrated single volume work documents the evolution of warfare across history through weaponry and technological change In war the weapons and technologies employed have direct effects on how battles are waged When new weapons are introduced they can dramatically alter the outcomes of warfare and consequently change the course of history itself This reference work provides a fascinating overview of the major weapon systems and military technologies that have had a major impact on world history Addressing weapons as crude as the club used by primitive man to the high tech weapons of today such as unmanned drones Instruments of War Weapons and Technologies That Have Changed History offers nearly 270 profusely illustrated entries that examine the key roles played by specific weapons and identify their success and failures The book begins with an introductory essay that frames the subject matter of the work and discusses the history of weapons as a whole The text is concise and accessible to general readers without extensive backgrounds in military history yet provides the detailed information necessary to convey the complexity of the evolution of warfare through technological change Post-war Japan as a Sea Power Alessio Patalano,2015-04-23 In Post war Japan as a Sea Power Alessio Patalano incorporates new exclusive

Yacavone,2023-04-12 In the late 1950s Suzuki Seijun was an unknown anxious low ranking film director churning out so called program pictures for Japan s most successful movie studio Nikkatsu In the early 1960s he met with modest success in directing popular movies about yakuza gangsters and mild exploitation films featuring prostitutes and teenage rebels In this book Peter A Yacavone argues that Suzuki became an unlikely cinematic rebel and with hindsight one of the most important voices in the global cinema of the 1960s Working from within the studio system Suzuki almost single handedly rejected the restrictive filmmaking norms of the postwar period and expanded the form and language of popular cinema This artistic rebellion proved costly when Suzuki was fired in 1967 and virtually blacklisted by the studios but Suzuki returned triumphantly to the scene of world cinema in the 1980s and 1990s with a series of critically celebrated avant garde tales of the supernatural and the uncanny This book provides a well informed philosophically oriented analysis of Suzuki s 49 feature films **Air University Library Index to Military Periodicals** ,1987 **Legacies and Ambiguities** Ernestine Schlant,J.

Thomas Rimer,1991-10 The literary legacies of World War II have been mixed and varied especially in West Germany and Japan where the burden of defeat has been expressed by novelists and intellectuals in strikingly different ways Reflecting the cultural differences between the two nations and the experiences of occupation and democratization that occurred after the war the postwar literatures of Germany and Japan intimately reveal the hopes and aspirations the dreams and the nightmares of two peoples confronting the harsh realities of war Using a comparative approach *Ambiguous Legacies* explores the conditions and values under which the postwar literatures of West Germany and Japan were created Specifically the book assesses the meaning of the German and Japanese literary responses to the World War II the tendencies of denial or silence by German writers the fatalism and passivity of Japanese novels and the importance of the past in defining the recent New subjectivism among German writers and the outpourings of the Introverted Generation by Japanese novelists Ernestine Schlant s introduction sets the context for the individual chapters and offers guideposts for further comparative scholarship The book also includes a useful annotated bibliography and suggestions for further reading The contributors are Arnulf Baring Carol Gluck Walter Hinderer Iremela Hijiya Kirschnereit Peter Demetz Marlene J Mayo J Victor Koschmann Judith Ryan Van C Gessel Dagmar Barnouw Kato Schuichi Oda Makoto and Peter Schneider **Routledge Handbook of Modern**
