form to Christian perceptions of Jews and Judaism Eye witness testimony hearsay reports of converts from Judaism and the testimony of dreams visions and miraculous events helped fill in the details The author explores the additional support drawn from medieval science by studying long held medieval scientific theories that predisposed Jews to certain types of offensive behavior or even to communicate certain illnesses and disease By arguing for a Jewish nature dictated by specific physical characteristics medieval scientific authorities contributed to growing fears of a Jewish threat Externally these differences were evidenced by marks that physically distinguished Jews for example circumcision Internally their melancholy humoral complexion further weakened by the Jews dietary restrictions was thought to dictate their temperament and sexual mores and to incline them toward leprosy bleeding hemorrhoids and other infirmities These differences were viewed by some as ineradicable even following religious conversion or at best erasable with only the greatest difficulty over several generations

Ross Winterowd,1998 To understand the history of English W Ross Winterowd insists one must understand how literary studies composition rhetoric studies and influential textbooks interrelate Stressing the interrelationship among these three forces Winterowd presents a history of English studies in the university since the Enlightenment Winterowd s history is unique in three ways First it tells the whole story of English studies it does not separate the history of literary studies from that of composition rhetoric studies nor can it if it is going to be an authentic history Second it traces the massive influence on English studies exerted by textbooks such as *Adventures in Literature Understanding Poetry English in Action* and the *Harbrace College Handbook* Finally Winterowd himself is very much a part of the story a partisan with more than forty years of service to the discipline not simply a disinterested scholar searching for the truth After demonstrating that literary studies and literary scholars are products of Romantic epistemology and values Winterowd further invites controversy by reinterpreting the Romantic legacy inherited by English departments His reinterpretation of major literary figures and theory too invites discussion possibly argument And by directly contradicting current histories of composition rhetoric that allow for no points of contact with literature Winterowd intensifies the argument by explaining the development of composition rhetoric from the standpoint of literature and literary theory Winterowd has produced a work of belles lettres that is both scholarly and autobiographical a work unique in English department literature English Mechanic and Mirror of Science,1894 **The poetical works of Thomas Moore, ed. with a memoir by W.M.
