Petty, 2018-10-09 The voices of those experiencing life in the long term are often not heard This collection of essays and personal stories from the people most impacted by long term incarceration in Statesville Prison bring light to the crisis of mass incarceration and the human cost of excessive sentencing Compelling moving narratives from those most affected by the prison industrial complex make a compelling case that death by incarceration is cruel and unusual punishment Implemented in the 1990 s and 2000 s harsh sentencing policies commonly labeled tough on crime became a bipartisan political agenda These policies had real impacts on families and communities particularly as they caused the removal of many non white and poor individuals from cities like Chicago The Long Term brings into the light what has previously been hidden a counter narrative to the tough on crime agenda and an urgent plea for a more humane criminal justice system The book is a critical contribution to the current debate around challenging the mass incarceration and ending mandatory sentencing especially for non violent offenders **Federal Prisons Journal**, 1991 **Life Imprisonment from Young Adulthood**

Prisons, Punishment, and the Family Rachel Condry, Peter

Scharff Smith, 2018 Every year millions of families are affected by the imprisonment of a family member Children of imprisoned parents alone can be counted in millions in the USA and in Europe It is a bewildering fact that while we have had prisons for centuries and the deprivation of liberty has been a central pillar in the Western mode of punishment since the early nineteenth century we have only relatively recently embarked upon a serious discussion of the severe effects of imprisonment for the families and relatives of offenders and the implications this has for society This book draws together some of the excellent research that addresses the impact of criminal justice and incarceration in particular upon the families of offenders It assembles examples of recent and ongoing studies from eight different countries in order to not only learn about the secondary effects and collateral consequences of imprisonment but also to understand what the experiences and

lived realities of prisoners families means for the sociology of punishment and our broader understanding of criminal justice systems While punishment and society scholarship has gained significant ground in recent years it has often remained silent on the ways in which the families of prisoners are affected by our practices of punishment This book provides evidence of the importance of including families within this scholarship and explores themes of legitimacy citizenship human rights marginalization exclusion and inequality
