Manet and Modern Beauty Gloria Groom, 2019-06-25 This stunning examination of the last years of douard Manet's life and career is the first book to explore the transformation of his style and subject matter in the 1870s and early 1880s The name Manet often evokes the provocative heroically scaled pictures he painted in the 1860s for the Salon but in the late 1870s and early 1880s the artist produced quite a different body of work stylish portraits of actresses and demimondaines luscious still lifes delicate pastels intimate watercolors and impressionistic scenes of suburban gardens and Parisian caf's Often dismissed as too pretty and superficial by critics these later works reflect Manet's elegant social world

propose a radical new alignment of modern art with fashionable femininity and record the artist's unapologetic embrace of beauty and visual pleasure in the face of death. Featuring nearly three hundred illustrations and nine fascinating essays by established and emerging Manet specialists, a technical analysis of the late Salon painting *Jeanne Spring*, a selection of the artist's correspondence, a chronology and more, *Manet and Modern Beauty* brings a diverse range of approaches to bear on a little studied area of this major artist's oeuvre.

Visual Culture John A. Walker, Sarah Chaplin, 1997-12-15 This book is about the expanding realm of visual culture in architecture, art design, advertising, photography, film, television, video, theatre, performance, computer imagery and virtual reality. It is also about Visual Culture Studies, a relatively new academic discipline or rather range of disciplines that scholars employ to analyse visual artefacts. Unlike many other texts on the same subject, it foregrounds the visual and is systematic and accessible. Visual culture provides an overview of the subject that pays heed to the achievements of both traditional and new theory whilst directing the reader to a large body of literature via references and an extensive bibliography. Walker and Chaplin discuss the concepts of the visual and of culture as well as the field and origins of Visual Culture Studies, coping with theory, models of production and consumption, institutions, pleasure, the canon and concepts of value, visual literacy and poetics, modes of analysis, culture and commerce and new technologies. This book is designed for those studying the history and theory of fine arts, design and the mass media.
