Outlook Money ,2008-03-31 *Bound for Gold* William Martin,2025-09-23 Rare book dealer Peter Fallon returns in a thrilling historical novel about the California Gold Rush by New York Times bestselling author William Martin *Bound for Gold* continues New York Times bestselling author William Martin's epic of American history with the further adventures of Boston rare book dealer Peter Fallon and his girlfriend Evangeline Carrington. They are headed to California where their search for a lost journal takes them into the history of Gold Rush. The journal follows young James Spencer of the Sagamore Mining Company on a spectacular journey from staid Boston up the Sacramento River to the Mother Lode. During his search for a lost river of gold, Spencer confronts vengeance, greed, and racism in himself and others and builds one of California's first mercantile empires. In the present, Peter Fallon's son asks his father for help appraising the rare books in the Spencer estate and reconstructing Spencer's seven-part journal, which has been stolen from the California Historical Society. Peter and Evangeline head for modern San Francisco and quickly discover that there's something much bigger and more dangerous going on, and Peter's son is in the middle of it. Turns out that lost river of gold may be more than a myth. Past and present intertwine as two stories of the eternal struggle for power and wealth become one. Our Liquid Black Gold: A Critical Look at America's Oil Dependency Pasquale De Marco,2025-04-19 *Our Liquid Black Gold: A Critical Look at America's Oil Dependency* is a groundbreaking exploration of the intricate relationship between America and its black gold. With meticulous research and thought-provoking analysis, this book delves into the geopolitical, environmental, and economic implications of America's reliance on oil. In a world increasingly shaped by energy politics, *Our Liquid Black Gold* offers a comprehensive examination of the factors that have cemented oil's dominance in the global energy landscape. From the historical rise of oil as a global commodity to the modern-day conflicts fueled by its scarcity, this book provides a nuanced understanding of the challenges and opportunities presented by our dependence on this finite resource. Through the lens of experts and scholars, the book explores the technological advancements that have unlocked new sources of oil while simultaneously exacerbating the environmental toll. It investigates the role of oil in fueling conflicts and the strategies employed by nations to secure their energy supplies. The book also dissects the economic and political forces that have shaped the global oil market, revealing the intricate interplay between supply and demand, price fluctuations, and the enduring influence of oil cartels. *Our Liquid Black Gold* extends its analysis to the geopolitical implications of America's oil dependency, examining the delicate balance between energy security and foreign policy. It scrutinizes the military interventions and diplomatic maneuvers undertaken to safeguard access to oil resources while also acknowledging the vulnerabilities and risks inherent in this reliance. In the face of these stark realities, the book delves into the urgent need for a just and equitable transition to a clean energy future. It investigates the potential of renewable energy sources, the challenges of energy storage, and the imperative for international cooperation in mitigating the impending climate crisis. *Our Liquid*

Gold Prospecting & Placer Deposits Adam Gregory Koch,2013 There are countless prospecting books out there They all teach the same general theories and show the same diagrams While they are not bad books in fact many are great this book is written to take a different and simpler approach A prospectors lifetime of knowledge is simplified and condensed into an easy to read and understand guide that will hopefully benefit those who never even held a gold pan as much as those who have spent a few years prospecting but might still have a few questions they are seeking answers to It is the intent that this is the prospecting book that will read as a novel and teach every bit as much as an informational guide What are the types of equipment available and how do I use them What is it that I am looking for when I am prospecting What do I do with my gold once I find it and how do I sell it Are my black sands worth anything What are black sands made out of How do I find a place I can go and prospect Is there a way to know where I should dig in a stream How do mining claims work These are some of the many questions that this book was written to address While there is no guide that can tell you how to get rich mining for gold this guide has been written for the purpose of helping you be more likely to find gold on your future prospecting trips It is easy to become discouraged as a prospector or allow yourself to believe others when they say there is no gold left to be found the old timers got it all You are just a few pages away from learning the facts and that the gold has not all been taken and how you can get your share
