Material Feminisms Stacy Alaimo, Susan J. Hekman, 2008-01-02 Harnessing the energy of provocative theories generated by recent understandings of the human body the natural world and the material world Material Feminisms presents a way for feminists to conceive of the question of materiality

Feminist Activism in the 1990s Gabriele Griffin, 2005-11-01 Feminist activism is often taught as an historical phenomenon and many students entering courses on women's studies are not familiar with current feminist work in the field This book documents a wide variety of different forms of feminist activism in the 1990s from organisations such as Rights for Women and Southall Black Sisters to Asian Women's Work in Refuges It raises questions about the meaning of feminist activism and its interpretation within women's studies and other academic disciplines The chapters suggest against much current representation within women's studies and elsewhere that feminism is still alive With a comprehensive introduction providing an historical overview of the development of feminist activism from second wave feminism onwards
