There is a revised version, for the West End, of a play discussed in October of last year (see 11/24/50). There have been no more alterations than in the original script that is so difficult, and in some cases impossible, to read. From the correspondence what nearly has been ascertained has not - I am, for instance, surprised that he allowed himself to be included in the many original opinions that this is a living play with nothing to recommend it. The present version has, of course, the same plot and has definitely been speeded down. It is about running at the present moment and has definitely been suggested at the very least in the Frank Thompson's last version. The public.

Lord Chamberlain Regrets British Stage Censorship And Readers Reports From 1824 To 1968:

Theatre Censorship David Thomas, David Carlton, Anne Etienne, 2007-11-01 Using previously unpublished material from the National Archives David Thomas David Carlton and Anne Etienne provide a new perspective on British cultural history Statutory censorship was first introduced in Britain by Sir Robert Walpole with his Licensing Act of 1737 Previously theatre censorship was exercised under the Royal Prerogative By giving the Lord Chamberlain statutory powers of theatre censorship Walpole ensured that confusion over the relationship between the Royal Prerogative and statute law would prevent any serious challenge to theatre censorship in Parliament until the twentieth century The authors place theatre censorship legislation and its attempted reform in their wider political context Sections outlining the political history of key periods explain why theatre censorship legislation was introduced in 1737 why attempts to reform the legislation failed in 1832 1909 and 1949 and finally succeeded in 1968 Opposition from Edward VII helped to prevent the abolition of theatre censorship in 1909 In 1968 theatre censorship was abolished despite opposition from Elizabeth II Lord Cobbold her Lord Chamberlain and Harold Wilson her Prime Minister There was strong support for theatre censorship on the part of commercial theatre managers who saw censorship as offering protection from vexatious prosecution A policy of inertia and deliberate obfuscation on the part of Home Office officials helped to prevent the abolition of theatre censorship legislation until 1968 It was only when playwrights directors critics audiences and politicians notably Roy Jenkins applied combined pressure that theatre censorship was finally abolished The volume concludes by exploring whether new forms of covert censorship have replaced the statutory theatre censorship abolished with the 1968 Theatres Act **London Opera**

Observed 1711-1844, Volume I Michael Burden, 2024-08-23 The thrust of these five volumes is contained in their title London Opera Observed It takes its cue from the numerous texts and volumes which during the seventeenth eighteenth and nineteenth centuries used the concept of spying or observing by a narrator or rambler as a means of establishing a discourse on aspects of London life The material in this five volume reset edition examines opera not simply as a genre of performance but as a wider topic of comment and debate The stories that surrounded the Italian opera singers illuminate contemporary British attitudes towards performance sexuality and national identity The collection includes only complete published material organised chronologically so as to accurately retain the contexts in which the original readers encountered them placing an emphasis on rare texts that have not been reproduced in modern editions The aim of this collection is not to provide a history of opera in England but to facilitate the writing of them or to assist those wishing to study topics within the field Headnotes and footnotes establish the publication information and provide an introduction to the piece its author and the events surrounding it or which caused its publication The notes concentrate on attempting to identify those figures mentioned within the texts The approach is one of presentation not interpretation ensuring that the collection occupies a position that is neutral rather than polemical **Narrating Media History** Michael Bailey, 2012-11-12 Based on the work of

media historian James Curran Narrating Media History explores British media history as a series of competing narratives This unique and timely collection brings together leading international media history scholars not only to identify and contrast the various interrelationships between media histories but also to encourage dialogue between different historical political and theoretical perspectives including liberalism feminism populism nationalism libertarianism radicalism and technological determinism Essays by distinguished academics cover television radio newspaper press and advertising among others and illustrate the particularities affinities strengths and weaknesses within media history Each section includes a brief introduction by the editor with discussion topics and suggestions for further reading making this an invaluable guide for students of media history
