The Daily Reader's Bible offers the promise of reading the entire Bible in one year. But rather than providing a canonical progression through the Old Testament, the New Testament, Psalms, and Proverbs, each day's reading includes three passages: one selected from the Stories of the Bible, another from the Teachings of the Bible, and the final passage selected from the Wisdom of the Bible. The three readings for each day flow from the day's theme. This thematic approach to devotional Bible reading helps the reader understand how all the genres of Scripture fit together to convey God's truth. The innovative interior design gives the reader visual cues for which of the three Scripture types they are reading through layout and font selection. The Story is presented in a three-column format in sans-serif font. The Teachings are presented in a two-column setting in a serif font. Wisdom is presented in a one-column setting to preserve the feel of the poetic passages. See the beautiful thematic connections of God's story throughout the new Daily Reader's Bible. For the first time, you can discover these links as part of your daily devotional and Bible reading. EASY: The entire text of the Bible is uniquely arranged for daily reading that can be completed in as little as 15 minutes per day. Each daily reading is numbered so you can start anytime. FRESH: The Daily Reader's Bible will help you understand the connections between the Story, Teaching, and Wisdom portions of Scripture. CLEAR: The NLT is the trusted Bible translation you can most comfortably read, understand, and actively apply to your life.

Complete Introduction to the Bible Christopher Gilbert, 2009. A Complete Introduction to the Bible is an ideal resource for personal study, as a classroom text, or for use with Bible study groups. Accompanying charts, graphs, maps, and online study discussion questions for each chapter complement this presentation. **BOOK JACKET** [The Complete Topical Guide to the Bible](#) Martin Hugh Manser, Alister McGrath, J. Packer, Donald Wiseman, 2017-05-02. The Complete Topical Guide to the Bible provides Scripture references, definitions, and cross references for the study of the Bible by topic. The topical approach differs significantly from the lexical approach of a concordance, and a topical guide is an essential supplement to a concordance. While a concordance is limited to the connection of biblical passages in which the same word appears, the topical approach identifies and connects all of the underlying concepts related to a topic. A concordance would not yield John 3:16 for a study of grace because the word grace does not appear in the verse, but The Complete Topical Guide to the Bible includes John 3:16 for grace because it's an essential verse on the topic. The topics in this resource include biblical doctrinal and historical subjects, and they are organized into nine major categories: God, Jesus Christ, the Holy Spirit, creation, humanity, sin, and salvation; God's people, the life of the believer, and the last things. In addition to the great themes of the biblical message, practical issues of Christian living are also included. [Ancient Near Eastern Themes in Biblical Theology](#) Jeffrey Jay Niehaus, 2008-03-13. Tracing parallels between biblical accounts and pagan cultures of the ancient Near East, Niehaus explores creation and flood narratives, literary and legal forms, and the acts of deities and the God of the Bible. He reveals not just cultural similarities but spiritual dimensions of common thought and practice, providing an overarching view of the story.
