Lorenzaccio Story:

The Lorenzaccio Story Paul Thompson, 1978 Based on Alfred de Musset's play *Lorenzaccio* **Stages in the Revolution** Catherine Itzin, 2021-09-05 This book first published in 1980 is a comprehensive study of the radical theatre movement in Britain from 1968 to 1978 The essays are based on first hand interviews with each section being introduced with a summary of key events before detailing the artists under examination Stage of Dreams : the Dramatic Art of Alfred de Musset (1828-1834) Herbert S. Gochberg, 1907 **Exemplum** John D. Lyons, 2014-07-14 Examples crucial links between discourse and society's view of reality have until now been largely neglected in literary criticism In the first book length study of the rhetoric of example John Lyons situates this figure by comparing it with more frequently studied tropes such as metaphor and synecdoche discusses meanings of the terms example and exemplum and proposes a set of descriptive concepts for the study of example in early modern literature Tracing its paradoxical nature back to Aristotle's Rhetoric Lyons shows how exemplary rhetoric is caught between often competing aims of persuasive general statement and accurate representation In French and Italian texts of the sixteenth and seventeenth centuries this dual task was rendered still more challenging by a transition to new sources of examples as the age of discovery brought increased emphasis on observation The writers of this period were aware of a crisis in exemplary rhetoric a situation in which serious questions were raised about how authors and audience would find a common ground in interpreting representative instances Lyons's focus on the strategy of example leads to new readings of six major writers Machiavelli Marguerite de Navarre Montaigne Pascal Descartes and Marie de Lafayette Originally published in 1990 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 The Lorenzaccio Story, 1977

William Makepeace Thackeray, 1929 **The Limits of Performance in the French Romantic Theatre** Susan McCready, 2007 This volume analyzes major French plays of the 1830s focusing on their theatricality and on the ways in which they expose the workings of the theater rather than conceal them Through an examination of performance within these plays the study posits that the stage is a privileged site of demonstration a literal proving ground that lends a physical reality to abstract values announced in the text and shared or questioned by the audience Negotiating between the literary study of drama and performance theory this work breaks new ground in nineteenth century theater scholarship while proposing a fresh direction in the study of text and performance The Limits of Performance challenges conventional wisdom offering a novel take on the *mal du siècle* that thematic hardy perennial of French Romanticism and the nineteenth century in general combined with eminently readable and therefore compelling analysis of plays a thought provoking addition to work in the field Glyn Hambrook Modern and Contemporary France November 2008 **Gender Matters** Mara R. Wade, 2013-12-05 Gender Matters opens the debate concerning violence in literature and the arts beyond a single national tradition and engages with multivalent aspects of both female and male gender constructs mapping them onto depictions of violence By defining a tight thematic focus and yet offering a broad disciplinary scope for inquiry the present volume brings together a wide range of scholarly papers investigating a cohesive topic gendered violence from the perspectives of French German Italian Spanish English and Japanese literature history musicology art history and cultural studies It interrogates the intersection of gender and violence in the early modern period cutting across national traditions genres media and disciplines By engaging several levels of discourse the volume advances a holistic approach to understanding gendered violence in the early modern world The convergence of discourses concerning literature the arts emerging print technologies social and legal norms and textual and visual practices leverages a more complex understanding of gender in this period Through the unifying lens of gender and violence the contributions to this volume comprehensively address a wide scope of diverse issues approaches and geographies from late medieval Japan to the European Enlightenment While the majority of essays focus on early modern Europe they are broadly contextualized and informed by integrated critical approaches pertaining to issues of violence and gender *The Complete Index to Literary Sources in Film* Alan Goble, 2011-09-08 No detailed description available for The Complete Index to Literary Sources in Film *The Complete Works: Novels, Short Stories, Plays, Essays, Memoirs and Letters* Henry James, 2024-01-05 Henry James's The Complete Works Novels Short
