Primary Sources for Ancient History Volume I The Ancient Near East and Greece By Gary Forsythe

Despite being condensed into neat identities of the Near East and Greece these two titles cover a wide ranging period of time peoples lands and philosophies Indeed at first glance these peoples might have nothing in common except for their profound impact on our own world In these comprehensive readings however we understand how all people struggled to define their relationship with their rulers their gods and their neighbors

Primary Sources for Ancient History Volume I The Ancient Near East and Greece is a comprehensive selection of ancient writings to supplement a narrative history Beginning with the Old Babylonian Kingdom of nearly four millennia ago and moving chronologically and geographically to the Egyptian Pharaohs the dispossessed Jewish nations the fractured city kingdoms of Ancient Greece to end with Alexander's domination of the known world this book is comprehensive in scope Every major period and people has at least one reading From the Law Code of Hammurabi engraved on a stone pillar to scraps of Greek poetry from Babylonia epics to tallies of food at religious festivals these readings allow the personalities and actions of tyrants philosophers poets and gods to take center stage The same events and leaders can be seen through different peoples and viewpoints giving a rich perspective

The Ancient Near East and Greece is a valuable resource for understanding the forces religious political and cultural that have developed the modern world

Archaeology Mark Q. Sutton, 2021-03-30

Archaeology The Science of the Human Past provides students with a thorough understanding of what archaeology is and how it operates and familiarizes them with fundamental archaeological concepts and methods This volume introduces the basic components of archaeology including sites artifacts ecofacts remote sensing and excavation It discusses how archaeologists obtain and classify information and how they analyze this information to formulate and test models of what happened in the past Cultural resource management and the laws and regulations that deal with archaeology around the world are described Archaeology is placed in the context of contemporary issues from environmental problems to issues affecting Indigenous populations The sixth edition has been updated and simplified to create a more streamlined volume to meet the needs of the students and teachers for whom it is designed reflecting the latest developments in archaeological techniques and approaches Allowing students to understand the theoretical and scientific aspects of archaeology and how various archaeological perspectives and techniques help us

understand how and what we know about the past Archaeology The Science of the Human Past is an ideal introduction to archaeology

Poetics of the Hive Cristopher Hollingsworth, 2005-04 Cris Hollingsworth's waggle dance after scouting the rangiest field of literature Virgil and Homer down to Milton and Swift on to Plath and Byatt leads you to where the nectar hides He wisely roams extracting an anthology of poetry prose psychology history most of all perception that tops the bee's knees Paul West author of The Secret Life of Words Hollingsworth's wide ranging exploration of the image of the hive is impressive Poetics of the Hive and its panoply of references cannot fail to enrich university classrooms especially those devoted to both the visual arts and literature Dore Ashton author of A Fable of Modern Art Cris Hollingsworth's Poetics of the Hive is complex even daring in argument I'm even more impressed by his skill at an increasingly rare critical art the educing of argument from careful often brilliant analytical reading of literary texts Thomas R Edwards executive editor of Raritan A Quarterly Review A study to delight the passionate reader Poetics of the Hive tells the story of the evolution of the insect metaphor from antiquity to the multicultural present An experiment in the evolutionary biology of artistic form Poetics of the Hive freshly examines classic works of literature offering a view of poetic creation that complicates our ideas of the past and its formative role in modern consciousness and world literature In the first part of this lyrical synthesis of rhetoric visual and postmodern theory and cognitive science Cristopher Hollingsworth reveals the structure behind his metaphor redefining it as an aesthetically and philosophically potent tableau that he calls the Hive He traces the Hive's evolution in epic poetry from Homer to Milton which establishes antithetical but complementary images of angelic and demonic bees that Swift Mandeville and Keats use variously to debate classical versus emerging ideas of the individual's relationship to society But the Hive becomes fully psychologized Hollingsworth argues only when its use by Conrad and Wells to explore Europe's colonial imagination of the Other is transformed by Kafka and Sartre into competing symbols of the modern self's existential condition Cristopher Hollingsworth is an assistant professor of English at St John's University Staten Island
