the times when Jesus was living in Israel with dates and historical fact and analysis of everything written in his three and a half year ministry on earth Since this is a resource that interprets all the gospel parables spoken by Jesus from Matthew Mark and Luke and in addition makes clear his plan of salvation created from the foundation of the world But Without a Parable Jesus Did Not Speak Interpretation of All the Parables puts forward a detailed description at the time of the cross while Jesus was alive and knew that all things at that moment had been accomplished and the scriptures had been fulfilled He cries out it is finished and that moment in time ensures the payment for sin was fully paid for while Jesus was still alive on the cross And another aspect of the book explains the controversy of divorcement and the NT Sabbath day which are all included as part of the new covenant that comprises the doctrines of the Christian churches

The First Black Mayor of Terry, MS Roderick T. Nicholson, 2025-10-06 This is an account of Rod Nicholson a naive young African American professional man born raised and educated in the Midwest who came to Mississippi by way of Chicago to begin his married life and start a family This is his perspective of Southern culture politics and race relations from an outsider's viewpoint Eventually Rod Nicholson and his family moved to the quaint little town of Terry MS Less than two years after arriving in Terry Rod was encouraged to run for and won a seat on the town's Board of Aldermen Four years later Rod ran for Mayor becoming the town's first African American Mayor Mayor Rod Nicholson was re-elected to two additional four year terms in a town with roughly an even distribution of black and white residents For a

number of years things appeared to go smoothly for this part time Mayor Being a Civil Engineer by training Mayor Rod had a skill set that enabled him to successfully secure funding for a number of much needed infrastructure improvements for this town that seemed to have a lot of potential but apparently had languished in neglect for decades And his efforts did seem to be appreciated by the rank and file residents from all walks of life in this small town However not everyone was happy with this new Mayor and the bold changes that he championed As time went by it became apparent that beneath the genteel facade of the townsfolk there lie a more sinister side where race permeated every facet of life in a closed society that apparently was either unable or unwilling to change This is Mayor Roderick Nicholson's real life account of these experiences Positive and negative And in his own words

The Carceral City John Bardes, 2024-04-02 Americans often assume that slave societies had little use for prisons and police because slaveholders only ever inflicted violence directly or through overseers Mustering tens of thousands of previously overlooked arrest and prison records John K Bardes demonstrates the opposite in parts of the South enslaved and free people were jailed at astronomical rates Slaveholders were deeply reliant on coercive state action Authorities built

massive slave prisons and devised specialized slave penal systems to maintain control and maximize profit Indeed in New Orleans for most of the past half century the city with the highest incarceration rate in the United States enslaved people were jailed at higher rates during the antebellum era than are Black residents today Moreover some slave prisons remained in use well after Emancipation in these forgotten institutions lie the hidden origins of state violence under Jim Crow With powerful and evocative prose Barthes boldly reinterprets relations between slavery and prison development in American history Racialized policing and mass incarceration are among the gravest moral crises of our age but they are not new slavery the prison and race are deeply interwoven into the history of American governance Catching the Wind Francis E.
