Poetry and Islands Rajeev S. Patke,2018-03-01 In all cultures and times the poetic imagination has fed on the natural attributes of islands An island is either a destination or a home or a place of exile and imprisonment or simply a place to sojourn It is an ideal vehicle for journeys treated as allegories or for acts of finding that turn into acts of losing or the reverse transformation An island is not a continent yet it can be an archipelago An island is both a place in itself and a pretext for imaginings that need a local habitation and a name It can give relief and pleasure or it can frustrate isolate and negate Above all it both invites and resists or contains or constrains the imagination Poetry and Islands explores how islands become repositories of human longings and desires a locus for some of our deepest fears and fantasies It balances historical and geographical reference with a selective approach to poems and poets in English and in translations into English The study of particular poems in which islands figure in exemplary ways is balanced by a more detailed discussion of the poets who have played a major role in shaping human responses to islands on a global scale **The Ultimate Collection** Ruth Margie Holmes,2024-10-01 The Ultimate Collection 500 Bedtime Stories for Children Aged 9 12 is a magical treasury of adventures

The Non-existence of God Nicholas Everitt,2004 Arguments for the existence of God have taken many different forms over the centuries in *The Non Existence of God* Everitt considers all the arguments and examines the role that reason and knowledge play in the debate over God s existence *Wild/lives* Terrie Waddell,2014-02-25 *Wild lives* draws on myth popular culture and analytical psychology to trace the machinations of trickster in contemporary film and television This archetypal energy traditionally gravitates toward liminal spaces physical locations and shifting states of mind By focusing on productions set in remote or isolated spaces Terrie Waddell explores how key trickster infused sites of transition reflect the psychological fragility of their willing and unwilling occupants In differing ways the selected texts *Deadwood* *Grizzly Man* *Lost Solaris* *The Biggest Loser* *Amores Perros* and *Repulsion* all play with inner and outer marginality As this study demonstrates the dramatic potential of transition is not always geared toward resolution Prolonging the anxiety of change is an increasingly popular option Trickster moves within this wildness and instability to agitate a form of dialogue between conscious and unconscious processes Waddell s imaginative interpretation of screen material and her original positioning of trickster will inspire students of media cinema gender and Jungian studies as well as academics with an interest in the application of Post Jungian ideas to screen culture *This Is Philosophy* Steven D. Hales,2021-03-05 *THIS IS PHILOSOPHY* The second edition of *This is Philosophy* improves upon an excellent first edition This clear succinct book is quite possibly the best introduction to Western philosophy on the market Gregory Morgan Stevens Institute of Technology This is a terrific book The writing is not only extremely clear it is downright gripping with relevant and detailed examples at every turn Steven Hales has produced not just a great little introduction to philosophy he has produced a great little book in philosophy period Michael Lynch University of Connecticut Hales clearly explains important philosophical ideas with a minimum of jargon and without sacrificing depth of content and he consistently gives a fair and accurate presentation of both sides of central philosophical disputes Matthew Van Cleave *Teaching Philosophy* As the oldest discipline in the academy philosophy began by asking questions of the world and of human nature Philosophers are responsible for the Enlightenment and laid the foundations for constitutional governments Yet while it may have given birth to the natural sciences philosophy has earned a

contemporary reputation as an esoteric and impractical field out of touch with everyday life but it doesn't have to be that way. This is Philosophy: An Introduction expertly guides students through the fundamentals of philosophy by illuminating difficult abstract ideas with straightforward language. Assuming no prior background in the subject, this volume brings philosophical concepts into sharp focus through relatable examples and clear explanations of philosophy's big questions and arguments. The second edition of this accessible textbook is organized around seven central philosophical problems including ethics, the existence of God, free will, personal identity, philosophy of mind, and epistemology. New to this edition is a chapter on political philosophy that explores the state of nature, anarchy, contractarianism, libertarianism, and the liberal state. These self-contained chapters have been reordered and recalibrated to best suit the needs of introductory philosophy courses and can be taught independently or in sequence. Enhanced by updated examples, new hyperlinks, and references, and detailed bibliographies, the book is complemented by extensively revised online resources available to instructors, including a 200-question test bank and over 450 PowerPoint slides designed to strengthen student comprehension of key concepts. Strengthening the popular first edition which launched the series, This is Philosophy: An Introduction, Second Edition is the perfect primary textbook for beginning philosophy students as well as general readers with an interest in philosophy.

Maximal God Yujin Nagasawa,2017-10-13 Yujin Nagasawa presents a new stronger version of perfect being theism the conception of God as the greatest possible being Although perfect being theism is the most common form of monotheism in the Judeo Christian Islamic tradition its truth has been disputed by philosophers and theologians for centuries Nagasawa proposes a new game changing defence of perfect being theism by developing what he calls the maximal concept of God Perfect being theists typically maintain that God is an omniscient omnipotent and omnibenevolent being according to Nagasawa God should be understood rather as a being that has the maximal consistent set of knowledge power and benevolence Nagasawa argues that once we accept the maximal concept we can establish perfect being theism on two grounds First we can refute nearly all existing arguments against perfect being theism simultaneously Second we can construct a novel strengthened version of the modal ontological argument for perfect being theism Nagasawa concludes that the maximal concept grants us a unified defence of perfect being theism that is highly effective and economical

The Compass That Guides Us Home Marcus Mercer,2025-10-23 The Compass That Guides Us Home is a deeply evocative anthology that beautifully navigates the complex landscapes of love revealing how genuine connection serves as an unbreakable compass guiding hearts through life s most challenging terrains and ultimately leading them to their true sanctuary This collection of poignant stories delves into relationships where destinies intertwine proving that home is not merely a place but a profound shared existence The book begins by introducing Elara a woman whose life in a drought stricken desert feels as parched and desolate as the land itself her future dictated by tribal expectations Her world is transformed by the arrival of Ronan not a formidable warrior as expected but a gentle gardener who speaks of nurturing life from withered earth Their unexpected love story blossoms against the harsh backdrop of the desert as Ronan teaches Elara that the greatest strength lies not in conquest but in cultivation and that true home is found in the shared effort to bring life and beauty to barren ground Further narratives follow Elara now a celestial cartographer charting forgotten constellations and yearning for a connection as vast as the cosmos Her solitary existence is challenged by Orion a gruff clockmaker whose world revolves around precise gears and measured time Despite their contrasting natures their love becomes a guiding constellation transcending earthly boundaries as they search for the

mythical Isle of Aethelred Their journey marked by perilous storms and quiet moments under a million stars ultimately reveals that the true destination is not a physical island but the unwavering bond they forge together The Compass That Guides Us Home is a powerful testament to the idea that love is an active guiding force a shared voyage where two souls navigate the unpredictable currents of life their hearts beating in unison always pointing towards the profound and enduring home they build within each other
