Lough Derg Legendary Pilgrimage:

Lough Derg, Legendary Pilgrimage John B. Cunningham, 1984 **Lough Derg and Its Pilgrimages** Daniel O'Connor, 1879 Visions of the Other World in Middle English Robert Easting, 1997 This bibliography covers visions of Heaven and Hell or more usually Purgatory and Earthly Paradise in 19 medieval texts relating seven visions the vision of St Paul or the Eleven Pains of Hell St Patrick's purgatory the vision of Tundale a revelation of purgatory the revelation of the Monk of Eynsham the vision of Fursey and the vision of Edmund Leversedge Pilgrimage in Ireland Peter Harbison, 1995-06-01 The landscape of Ireland is rich with ancient carved stone crosses tomb shrines Romanesque churches round towers sundials beehive huts Ogham stones and other monuments many of them dating from before the 12th century The purpose and function of these artifacts have often been the subject of much debate Peter Harbison proposes in this book a radical hypothesis that a great many of these relics can be explained in terms of ecclesiastical pilgrimage He has constructed a fascination theory about the palace of pilgrimage in the early Christian period placing it right at the center of communal life The monuments themselves make much better sense if it looked at in this light as having come into existence not through the practices of ascetic monks but because of the activities of pilgrims He begins by searching the historical sources in detail for evidence of early pilgrimage sites By examining their monuments he projects the findings to other locations where pilgrimage has not been documented He goes on to describe monument types of every kind and to identify pilgrims in sculpture surviving from before AD 1200 The Dingle Peninsula in Kerry proves to be a microcosm of pilgrimage monuments enabling the author to reconstruct a tradition of maritime pilgrimage activity up and down the west coast of Ireland Indeed the famous medieval traveler's tale of the fabulous voyage of the St Brendan the Navigator can now be seen as the literary expression of a longstanding maritime pilgrimage along the Atlantic seaways of Ireland and Scotland reaching Iceland Greenland and even North America **Seamus Heaney** Richard Rankin Russell, 2016-09-13 The first detailed introduction to the entirety of Seamus Heaney's work This study will enable readers to gain clearer understanding of the life and major works of Seamus Heaney It considers literary influences on Heaney ranging from English poets such as Wordsworth Hughes and Auden to Irish poets such as Kavanagh and Yeats to world poets such as Virgil and Dante It shows how Heaney was closely attuned to poetry's impact on daily life and current events even as he articulated a convincing apologia for poetry's own life and integrity Discussing Heaney's deep immersion in Irish Catholicism this book demonstrates how faith influenced his belief system poetry and politics Finally it also considers how deeply Heaney's artistic endeavours were intertwined with politics in Northern Ireland especially through his embrace of constitutional nationalism but rejection of physical force republicanism Key Features Includes sections on biography historical cultural and political contexts poetry and other genres as well as a concluding section on primary works and secondary criticism Pays special attention to the marriage of form and content in the poetry and how they work together to express subtle shades of meaning Offers close

readings of Heaney's canonical poems throughout his career including the early seminal poems such as *Digging* the abog poems and his many elegies such as *Casualty Station Island* and *Clearances* Draws on drafts of the poems and prose at the Heaney archives at Emory University and the National Library of Ireland

From the Supernatural to the Uncanny Zoltán Biedermann, Stephen M. Hart, 2018-01-23 This volume is a collection of thirteen essays built around the question what is the supernatural and how and why has it changed over time It is divided into two complementary sections the first focussing on research on the discourse of the supernatural including the miraculous located in the medieval and early modern eras and the second consisting of a set of test cases involving research on the uncanny often articulated in a post Freudian sense as expressed in modern literature film and art The eclectic and prismatic approach pursued via a variety of test cases of the supernatural in this book gives rise to a clear comparative and diachronic study of the main characteristics of the supernatural

My Self, My Muse Patricia Boyle Haberstroh, 2001-07-01 A unique look into the minds and creative processes of contemporary Irish women poets this

book focuses on the transformation of their life experiences into poetry that blends personal identity with national identity. It assembles many voices around common themes that are emerging to change Irish poetry permanently. Patricia Boyle Haberstroh whose book *Women Creating Women: Contemporary Irish Women Poets* was a Choice Outstanding Academic book in 1996 shows in this new work how nine of the most prolific Irish women writers generate their poetry broadening our understanding of the context of the poems. She pairs each author's verse with a companion and often autobiographical prose piece to illuminate the ways in which the poetry expresses the poet's personal experience. As women in a politically and religiously charged male dominated genre and country these poets feel compelled to transcend daily life by articulating against the norm. In this book they describe the issues they confronted in their growth as poets and the strategies they developed to translate life into art. In linking these poets drawn from Northern Ireland and England as well as the Republic of Ireland Haberstroh throws into relief the characteristics that define their unique individual subjects, themes and styles.

William Carleton, the Authentic Voice Gordon Brand, 2006. The William Carleton Summer School is one of the most important literary festivals on the island in that there are very few that make a point of studying an aspect of Ireland before the Great Famine. William Carleton 1794-1869 is the greatest author to have written about the Irish peasant and the Ireland of the period immediately preceding it; he enables the reader to think back past the Famine into the culture, particularly the peasant culture of that time, confused, rich, tortured, bilingual, that made him as a writer. Enjoying immense popularity during his lifetime, his popularity dwindled but a century after his death it began to revive, not least because of the influence of the Summer School. The lectures given at the School and revised for publication in *William Carleton: The Authentic Voice* provide ample evidence that he was one of the greatest entertainers of Irish literature in English. *Twentieth-Century British and Irish Poetry* Michael O'Neill, Madeleine Callaghan, 2011-01-31. Featuring contributions from some of the major critics of contemporary poetry, *Twentieth-Century British and Irish Poetry* offers an accessible, imaginative and highly stimulating body of critical work on the evolution of British and Irish poetry in the twentieth century. Covers all the poets most commonly studied at university level courses. Features criticisms of British and Irish poetry as seen from a wide variety of perspectives, movements and historical contexts. Explores current debates about contemporary poetry relating them to the volume's larger themes. Edited by a widely respected poetry critic and award-winning poet. **Ireland: A Place of Enchantment and**
