Gregory Elliott

Louis Althusser:

On Ideology Louis Althusser, 2020-03-31 This major voice in French philosophy presents a classic study of how particular political and cultural ideas come to dominate society Spanning the years 1964 to 1973 On Ideology contains the seminal text Ideology and Ideological State Apparatus 1970 which revolutionized the concept of subject formation In Reply to John Lewis 1972 73 Althusser addressed the criticisms of the English Marxist toward On Marx and Reading Capital Also included are Freud and Lacan 1964 and A Letter on Art in Reply to Andr Daspre 1966 **For Marx** Louis

Althusser, 2020-05-05 This is the work in which Louis Althusser formulated some of his most influential ideas For Marx first published in France in 1968 has come to be regarded as the founding text of the school of structuralist Marxism which was presided over by the fascinating and enigmatic figure of Louis Althusser Structuralism constituted an intellectual revolution in the 1960s and 1970s and radically transformed the way philosophy political and social theory history science and aesthetics were discussed and thought about For Marx was a key contribution to that process and it fundamentally recast the way in which many people understood Marx and Marxism This book contains the classic statements of Althusser's analysis of the young Marx and the importance of Feuerbach during this formative period of his thesis of the epistemological break between the early and the late Marx and of his conception of dialectics contradiction and overdetermination Also included is a study of the materialist theater of Bertolazzi and Brecht and the critique of humanist readings of Marxism Since his death in 1990 Althusser's legacy has come under renewed examination and it is increasingly recognized that the influence of his ideas has been wider and deeper than previously thought reading For Marx in its audacity originality and rigor will explain why this impact was so significant Louis Althusser and the Traditions of French Marxism William Lewis, 2005-10-17

Throughout the course of the twentieth century communism has enjoyed direct competition with all other governmental and economic systems Often communist countries produced their own special brand of party intellectual These figures rightly occupied their place within their own national context and within the context of the International Some communist intellectuals through the high level of erudition exhibited in their writing have received a wider reception despite their direct linkage to party politics e g Antonio Gramsci Georg Lukacs and Victor Serge are good examples After 1956 when Khrushchev exposed Stalin's atrocities to the Twentieth Congress of the Communist Party of the Soviet Union and as a result to the entire world Marxist philosophy was widely discredited It had been assumed that Stalin's excesses were somehow encouraged or supported through Marx's thought When in the mid 1960s Louis Althusser first offered his re-readings of Marx's philosophy it and communist political practice were in ruin However Althusser was in a unique cultural and historical position Thinking and writing concomitant with the structuralists and poststructuralists in France and also having access to certain theoretical tools while simultaneously committing himself entirely to Marxist thought Althusser was conceivably the last of his tradition He was a Marxist philosopher who unlike Sartre at the end of his life did not abandon communism to for instance

existentialism In Louis Althusser and the Traditions of French Marxism William Lewis gives readers a striking example of intellectual biography and critical theory His approach considering the work and life of Althusser within French Marxism and French intellectual culture fills a void in contemporary scholarship But much more importantly Lewis is able to show how Althusser s thought is the result of and a response to specific French intellectual and political traditions of reading Marx It is through this combination of concerns

Politics and History Louis Althusser,2007-01-17 In the first two essays of this book Louis Althusser analyses the work of two of the greatest thinkers of the Enlightenment Montesquieu and Rousseau He shows that although they made considerable advances towards establishing a science of politics particularly in comparison with the theorists of natural law they nevertheless remained the victims of the ideologies of their day and class Montesquieu accepted as given the political notions current in French absolutism Rousseau attempted to impose by moral conversion an already outdated mode of production The third essay examines Marx s relationship to Hegel and elaborates on the discussions of this theme in Althusser s earlier books For Marx and Lenin and Philosophy Althusser argues that Marx was able to establish a theory of historical materialism and the possibility of a Marxist philosophy of dialectical materialism not simply by turning his back on Hegel but by extracting and converting certain categories from Hegel s Logic and applying them to English political economy and French socialist political theory

The Humanist Controversy and Other Writings (1966-67) Louis Althusser,2003 This collection includes key texts from one of France s most famous philosophers which intervene in the debate between the humanist and the structuralists *Lenin and Philosophy and Other Essays* Louis Althusser,2001 Louis Althusser has tackled a wide variety of subjects including philosophy economics psychology aesthetics and political science This book contains a selection of his writings

Philosophy and the Spontaneous Philosophy of the Scientists Louis Althusser,2020-05-05 Intended to contribute in his own words to a left wing critique of Stalinism that would help put some substance back into the revolutionary project here in the West they are the record of a shared history At the same time they chart Althusser s critique of the theoretical system unveiled in his own major works and his developing practice of philosophy as a revolutionary weapon Attesting to the unique place which Althusser has occupied in modern intellectual history between a tradition of Marxism which he sought to reconstruct and a post Marxism which has eclipsed its predecessor these texts are indispensable reading

How to Be a Marxist in Philosophy Louis Althusser,2017-11-16 In How to Be a Marxist in Philosophy one of the most famous Marxist philosophers of the 20th century shares his concept of what it means to function fruitfully as a political thinker within the discipline and environs of philosophy This is the first English translation to Althusser s provocative and often controversial guide to being a true Marxist philosopher Althusser argues that philosophy needs Marxism It can t exist fully without it Similarly Marxism requires the rigour and structures of philosophy to give it form and focus He calls all thinking people to Remember a philosopher is a man who fights in theory and when he understands the reasons for this fight he joined the ranks of the struggle of workers and popular classes In short this book

comprises Althusser's elucidation of what praxis means and why it continues to matter. With a superb introduction from translator and Althusser archivist G M Goshgarian this is a book that will re-inspire contemporary Marxist thought and reinvigorate our notions of what political activism can be. *Machiavelli and Us* Louis Althusser, 1999 Though only appearing as an occasional reference in the Marxist philosopher's oeuvre Machiavelli was an unseen constant presence. For together with Spinoza and Marx Machiavelli was a veritable Althusserian passion. Machiavelli and Us reveals why and will be welcomed for the light it sheds on the richly complex thought of its author. Lessons on Rousseau Louis Althusser, 2019-11-26 Althusser delivered these lectures on Rousseau's Discourse on the Origins of Inequality at the cole normale suprieure in Paris in 1972. They are fascinating for two reasons. First they gave rise to a new generation of Rousseau scholars attentive not just to Rousseau's ideas but also to those of his concepts that were buried beneath metaphors or fictional situations and characters. Second we are now discovering that the late Althusser's theses about aleatory materialism and the need to break with the strict determinism of theories of history in order to devise a new philosophy for Marx were being worked out well before 1985 in this reading of Rousseau dating from twelve years earlier which introduces into Rousseau's text the ideas of the void, the accident, the take and the necessity of contingency. **The Spectre Of Hegel** Louis Althusser, 2014-01-07 Louis Althusser is remembered today as the scourge of humanist Marxism but that was his later incarnation, an identity formed by years grappling with the intellectual inheritance of Hegel and Catholicism. The Spectre of Hegel collects the writings of the young Althusser before his final epistemological break with the philosopher's work in 1953. Including his famed essay Ideology and Ideological State Apparatuses The Spectre of Hegel gives a unique insight into Althusser's engagement with a philosophy he would later renounce. Louis Althusser Warren Montag, 2002-12-17 The publication of Louis Althusser's autobiography The Future Lasts Forever shattered the myth of Althusser as austere structural Marxist. It not only illuminated the private life of this public thinker but suggested that his previously published works could be read very differently. Louis Althusser is the first major overview of Althusser's work since the publication in French of thousands of pages of essays, books and letters unknown before 1990 and makes a strong case for a radical reconsideration of his work in the light of this new material. Focusing particularly on Althusser's writings on art, theatre and literature as well as those of Althusser's collaborator Pierre Macherey Warren Montag traces the contradictory development of Althusser's thought from the early sixties to his autobiography. Additional material includes an annotated bibliography of texts by and on Althusser and the book also features a previously untranslated essay by the theorist on Brecht and Marx.

Althusser Gregory Elliott, 2006-08-01 First published in 1987 Althusser The Detour of Theory was widely received as the fullest account of its subject to date. Drawing on a wide range of hitherto untranslated material it examined the political and intellectual contexts of Althusser's return to Marx in the mid 1960s, analysed the novel character of the Marxism developed in his major works, charted their author's subsequent evolution from his self-criticism to the proclamation of a crisis of Marxism.

and concluded with a balance sheet of Althusser's contribution to historical materialism. For this second edition Gregory Elliott has added a substantial postscript in which he surveys the posthumous edition of the French philosopher's work published in the 1990s from the early writings of the 1940s through to the late texts of the 1980s relating the unknown Althusser revealed by them to the familiar figure of *For Marx* and *Reading Capital* together with a comprehensive bibliography of Althusser's oeuvre.

Louis Althusser Luke Ferretter, 2007-05-07 Best known for his theories of ideology and its impact on politics and culture Louis Althusser revolutionized Marxist theory. His writing changed the face of literary and cultural studies and continues to influence political modes of criticism such as feminism, postcolonialism and queer theory. Beginning with an introduction to the context of Marxist theory, this book goes on to explain how Althusser interpreted and developed Marx's work, the political implications of reading ideology and its significance for culture and criticism, Althusser's aesthetic criticism of literature, theatre and art. Placing Althusser's key ideas in the context of earlier Marxist thought as well as tracing their development and impact, Luke Ferretter presents a wide-ranging yet accessible guide, ideal for those new to the work of this influential critical thinker.

Philosophy for Non-Philosophers Louis Althusser, 2017-02-23 In 1980, at the end of the most intensely political period of his work and life, Louis Althusser penned *Philosophy for Non-philosophers*. Available here for the first time in English, *Philosophy for Non-philosophers* constitutes a rigorous and engaged attempt to address a wide reading public unfamiliar with Althusser's project. As such, the work is a concentration of the most fundamental theses of Althusser's own ideas and presents a synthesis of his sprawling and disparate philosophical and political writings. Nowhere else does Althusser push the distinction between philosophy and other disciplines as far or develop in such detail the concept of practice. Rather than a work of popular philosophy, *Philosophy for Non-philosophers* is a continuation and conglomeration of Althusser's thought, a thought whose radicality is still perceptible in those that have followed since. *Philosophy for Non-philosophers* thus provides a vivid encapsulation of Althusser's seminal influence on the leading thinkers of today, including Rancière, Badiou, Balibar and Žižek.

Louis Althusser, *Letters to Franca (1961-1972)* Louis Althusser, 2025-02-20 *Letters to Franca* offers an extensive selection from the 500 or so extraordinary letters Louis Althusser addressed to Franca Madonia between 1961 and 1972, the most productive period in Althusser's life and the time when his most characteristic works were being elaborated and first received. This correspondence allows therefore a unique insight into Althusser's theoretical and political trajectory, giving an intimate account of the establishment of Althusserian Marxism and the intellectual, historical and institutional milieu within which it came to prominence. It also charts the singular story of Althusser's relationship with Franca, whom he encountered in 1961 and who became his lover, intellectual confidante and Italian translator; the letters thus have a quasi-novelistic dimension and afford a gripping vision of a remarkable couple, the chronicle of a passion. Their correspondence consequently exhibits an exceptionally diverse tonal range, alternately analytical, lyrical, ludic and sombre, displaying an investment in language and expression barely suggested by Althusser's

previously published work At once the diary of an intellectual political existence and the narrative of a coup de foudre these letters also uniquely provide an astonishingly self reflexive account of Althusser s experience of manic depression inviting the reader to witness its sometimes exhilarating sometimes devastating effects upon his private and public being Featuring an extensive record of Althusser s long term engagement with the thought and practice of psychoanalysis Letters to Franca bids the reader here and throughout to accompany Althusser on a fascinating journey between theory and life *Althusser and His Contemporaries* Warren Montag,2013-05-01 This thoroughgoing reevaluation of Louis Althusser s philosophical project shows that the theorist was intensely engaged with the work of his contemporaries particularly Foucault Derrida Deleuze and Lacan Philosophy of the Encounter Louis Althusser,2006-06-17 In the late 1970s and 1980s Louis Althusser endured a period of intense mental instability during which he murdered his wife and was committed to a psychiatric hospital Spanning this deeply troubling period this fourth and final volume of political and philosophical writings reveals Althusser wrestling in a creative and unorthodox fashion with a whole series of theoretical problems to produce some of his very finest work In his profound exploration of questions of determinism and contingency Althusser developed a philosophy of the encounter which he links to a hidden and subterranean tradition in the history of Western thought which stretches from Epicurus through Spinoza and Machiavelli to Marx Derrida and Heidegger **Politics and Philosophy** Mikko Lahtinen,2009-06-30 Louis Althusser s interpretation of Niccol Machiavelli has never really been studied in any detail as an analysis of political action and intervention The same is also true for Althusser s notion of aleatory materialism Instead these have conventionally been studied from the viewpoint of a philosophical perspective in which politics is excluded The objective of the present book thus runs against many of the prevailing views on Althusser Here the emphasis is placed on Althusser s advancement of a theory of materialist politics The main argument put forward is that for Althusser it was essential to reflect on how the conjunctural understanding of history and reality could offer a theoretical starting point for a subversive political strategy

Louis Althusser Introduction

In today's digital age, the availability of Louis Althusser books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Louis Althusser books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Louis Althusser books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Louis Althusser versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Louis Althusser books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Louis Althusser books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Louis Althusser books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Louis Althusser books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge,

offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Louis Althusser books and manuals for download and embark on your journey of knowledge?
