Louis Majorelle Alastair Duncan,1991 **Art Nouveau** Gabriel P. Weisberg,Elizabeth K. Menon,2013-09-05 First published in 1998 Design reform in the fields of architecture and the decorative or applied arts became objectified through writings published during the period of 1885 to 1910 This investigation includes but is not limited to Art Nouveau in France and Belgium and the arts and crafts movement in England and the United States Even though the similar processes of creativity and shared goals of Art Nouveau and the arts and crafts movement have long been recognized attempts to explore their origins and their points of interrelation with the broader scope of art history have been largely unsuccessful until now

A History of Interior Design John F. Pile,2005 Delivers the inside story on 6 000 years of personal and public space John Pile acknowledges that interior design is a field with unclear boundaries in which construction architecture the arts and crafts technology and product design all overlap Heritage Important 20th Century Design Auction #5021 , **Interior Design Masters** Mark Hinchman,Elyssa Yoneda,2018-06-27 Interior Design Masters contains 300 biographical entries of people who have significantly impacted design They are the people historical and contemporary that students and practitioners should know Coverage starts in the late Renaissance with a focus on the twentieth and twenty first centuries The book has five sections with the entries alphabetical in each so it can serve as a history textbook and a reference guide The seventeenth and eighteenth century section covers figures from Thomas Chippendale to Horace Walpole The nineteenth century section includes William Morris and Candace Wheeler The early twentieth century section presents modernism s design heroes including Marcel Breuer Eileen Gray and Gilbert Rohde The post World War II designers range from Madeleine Castaing to Raymond Loewy The final contemporary section includes Ron Arad and the Bouroullec brothers These

are the canonical figures who belong to any design history The book also contains less well known figures who deserve attention such as Betty Joel the British art deco furniture designer Paul Veyseyre the Frenchman active in China in the 1930s and more recently Lanzavecchia Wai the Italian Singaporean duo whose work ranges from health care to helicopters Global in its coverage the book is richly illustrated with over 600 black and white and color photographs

Art Nouveau Jeremy Howard, 1996 This critical survey of the Art Nouveau movement reveals the diversity of this style across the breadth of the European continent With the inclusion of Eastern Europe and the full range of artistic media the book shows how this movement changed the face of European art and design from Paris to Prague Clearly structured by country it traces the emergence of Art Nouveau highlighting the particular interpretations of the style in each country Countries covered include Belgium Spain Britain Austria Hungary and Russia Each chapter contains sections on political and cultural contexts specific visual characteristics and key artists and designers It analyzes the contribution of both well known artists and designers such as Gaudi Van de Velde Mackintosh and Mucha and brings to light many others whose contributions have been largely inaccessible With a bibliography and glossary this text should provide a useful introduction to this subject

Art Deco Eric Knowles, 2014-10-10 Although usually associated with the 1920s and the 30s in fact the Art Deco style had begun to emerge in France prior to the advent of the First World War But it was during the interwar years that the style reaching full maturity was adopted by the international elite as the perfect expression of modern opulence and elegance and to this day Art Deco designs are redolent of the age of Jazz cocktails the Charleston speakeasies Hollywood glamour New York skyscrapers and above all style The 20s was also a period of great technological advances in engineering and transportation and the perpetual modernity and futuristic aura of Art Deco are evocative of this too Here BBC Antiques Roadshow expert Eric Knowles provides a lavishly illustrated guide to this most alluring and timeless of styles
