Plantation Houses in Louisiana William Spratling,1927 **Haunted History of Louisiana Plantations, A** Cheryl H. White, PhD, and W. Ryan Smith, MA,2017 Louisiana plantations evoke images of grandeur and elegance Beyond the facade of stately homes are stories of hope and subjugation tragedy and suffering shame and perseverance and war and conquest After sixteen workers axed most of the Houmas House s ancient oak trees referred to as the Gentlemen eight of the surviving trees eerily twisted overnight in grief over the losses wrought by a great Mississippi River flood An illegal duel to reclaim lost honor left the grounds of Natchez s Cherokee Plantation bloodstained but the victim s spirit may still wander there today A mutilated slave girl named Chloe still haunts the halls of the Myrtles Plantation in St Francisville Cheryl H White and W Ryan Smith reveal the dark history folklore and lasting human cost of Louisiana plantation life Louisiana Buildings, 1720-1940 Jessie Poesch,Barbara SoRelle Bacot,1997-08-01 The only New Deal program to continue into the 1990s the Historic American Buildings Survey has through the years drawn attention to the historical and artistic significance of buildings that contemporary taste might otherwise have ignored Louisiana Buildings 1720 1940 makes easily available the fruit of HABS s important and enduring efforts to record Louisiana s architectural heritage In the 1930s the Louisiana HABS team concentrated on public edifices and grand plantation complexes threatened by destruction Later records of HABS include still other habitations of the common man as well as industrial structures The project has yielded not only graphic and written documentation of the buildings many no longer standing but also new insights into the history of the state s architecture An invaluable part of Louisiana Buildings 1720 1940 is the alphabetical listing of HABS structures in Louisiana both by familiar name and by parish The listing by parish gives the location the date of construction the architect when known and the current status of each building It also presents drawings or photographs of many of the structures over 300 pictures in all There are besides nine chapters by leading architectural historians who cover all aspects of Louisiana architecture its Creole beginnings in the south of the state the Appalachian folk style in the north and developments on the plantation in the seventeenth century urban setting and in the modern era Those chapters form an essential frame of
