The Crisis of Connection Niobe Way,Alisha Ali,Carol Gilligan,Pedro Noguera,2020-01-07 A collection of essays that examine the causes of and provide solutions to the widespread alienation and disconnection that beset modern society Since the beginning of the 21st century people have become increasingly disconnected from themselves each other and the world around them A crisis of connection stemming from growing alienation social isolation and fragmentation characterizes modern society The signs of this crisis of connection are everywhere from decreasing levels of empathy and trust to burgeoning cases of suicide depression and loneliness The astronomical rise in inequality around the world has contributed to the critical nature of this moment To delve into the heart of the crisis leading researchers and practitioners draw from the science of human connection to tell a five part story about its roots consequences and solutions In doing so they reveal how we in modern society have been captive to a false narrative that takes individualism as a universal truth The new story now emerging from across the human sciences underscores our social and emotional capacities and needs The science also

reveals the ways in which the privileging of the self over relationships and of individual success over the common good as well as the perpetuation of dehumanizing stereotypes have led to a crisis of connection that is now widespread Finally the practitioners in the volume present concrete solutions that show ways we can create a more just and humane world This profoundly important book suggests that our innate human determination to bridge differences and live in vulnerable loving relationships is the antidote to rising fear and anxiety Lyn Mikel Brown author of *Powered by Girl* **Proceedings of the 2022 6th International Seminar on Education, Management and Social Sciences (ISEMSS 2022)** Ghaffar Ali,Mehmet Cüneyt Birkök,Intakhab Alam Khan,2023-09-16 This is an open access book The aim of 2022 6th International Seminar on Education Management and Social Sciences ISEMSS 2022 is to bring together innovative academics and industrial experts in the field of Education Management and Social Sciences to a common forum The primary goal of the conference is to promote research and developmental activities in Education Management and Social Sciences and another goal is to promote scientific information interchange between researchers developers students and practitioners working all around the world The conference will be held every year to make it an ideal platform for people to share views and experiences in Education Management and Social Sciences and related areas *Resources in Education* ,1999-04
