Rutledge,Nicholas Wolterstorff,2023-05-25 Nicholas Wolterstorff s distinguished career in philosophical theology continues to bear fruit and here he shares his insight on the concepts of justice art and liturgy

Although often discussed in isolation as Wolterstorff masterfully demonstrates they are bound together by divine love and follow a common logical framework Whether oriented towards the dignity of the other the desire for creative engagement or the infinite goodness of the creator in every case unitive love is at their core Wolterstorff explores all of this with consummate elegance ultimately showing how each of the three topics find their fulfilment in the worship of God and in the affirmation of the image of God in each of us Higher Education and Love Victoria de Rijke, Andrew Peterson, Paul Gibbs, 2022-01-01 This book explicitly unites the concepts of higher education and love to examine how these concepts are mutually compatible As the world of higher education moves towards the metrics of value and the worth of knowledge becomes more valued in its use rather than its discovery a crisis brews If higher education is to contribute to the wellbeing of the self and of others then the institution needs to be radically reviewed to see if and how love contributes to higher education within and beyond its walls This book addresses the core question of what would the university might be like today and into the future if the timeless notion of love was the basis of its educative process notwithstanding the material artefacts the university helps to create but also as a way of framing approaches to higher education **For the Love of Learning, a Short Version** Ontario.
