Love And Evil:

The Passion of Love in the Summa Theologiae of Thomas Aquinas Daniel Joseph Gordon, 2023-05-19 This book is an introduction to three questions on love according to St Thomas Aquinas Summa Theologiae I II qq 26 28 These three questions reflect on the nature of love q 26 the causes of love q 27 and the effects of love q 28 It is thus an introduction to the entire phenomenon of love both as a bodily passion and an act of the will The purpose is to present the Thomistic and broadly scholastic account of human and divine love from a philosophical and theological perspective It aims to be a theological and philosophical study of the topic useful both for a graduate professional audience as part of an undergraduate or graduate course and perhaps for the educated reader The thesis of the book is that contrary to contemporary conceptions not all loves are created equal Some loves perfect us and some loves corrupt us The worth of a love depends on its object and end St Thomas thus presents an objective and teleological account of human and divine love that is of philosophical and theological interest The method is broadly exegetical presenting a careful reading of the text and supplying the philosophical and theological background which the text of Aquinas assumes The scope of the work is limited to three questions ST I II qq 26 28 References to interpretative disputes of Aquinas and references to further resources in the secondary literature will be mostly limited to the footnotes making the body of the text accessible to more readers *Love and the Soul* Robert Sardello, 2011-06-28 With economies in peril war in the Middle East genocides global warming and a host of other grim phenomena the world has never seemed so besieged The solution says Robert Sardello lies with the individual In this timely thoughtful book he explains how the soul can engage with the outer world to produce radical change Because we think of the world as a vast mechanism and behave as mechanical objects in it the results are devastation and dysfunction The key is to learn to identify with the plight of the Earth by developing a true sense of individual imagination and conscious awareness of inner purpose and beauty in conjunction with the soul of the world Sardello shows how to achieve this awareness and bring what is inside out into the world inspiring balance and stability Using the Grail legend and the myth of Sophia known as the Soul of the World as well as writings by Jung James Hillman and Rudolf Steiner Love and the Soul helps readers imagine a revitalized Earth by exploring the significance of grieving the transformative power of radical receptivity the creative power of dreaming and a new basis for community **Chapters XVII-XX** Emanuel Swedenborg, 1912 *The Philosophy of Parochialism* Radomir Konstantinovic, 2021-10-07 Available for the first time in English an essay with important insights on the sources of totalitarianism intolerance and racism **Love & Light** Clayton Tylor, 2017-05-20 This book examines Swedenborg's spiritual experiences of Heaven and Hell from an esoteric perspective as a feeling the language of angels and spirits To perceive this spiritual feeling begins the regeneration process that develops an inner perception of celestial love as spiritual light When we can perceive love and light as a feeling as it expresses through our physical senses we can start to affect our own psycho spiritual development to evolve from a sensual to a spiritual feeling of conjugal love As we examine

love and light as a spiritual feeling through heaven and hell we too begin to experience a deeper spiritual awareness which can initiate a personal communication with the Divine as a Conjugal Love experience With creative self expression as our goal we can take regeneration into our own hands to speed up our own evolution while we transmute the forces that block the spiritual feeling of the Brotherhood of Mankind and thereby together manifest the feeling of Heaven on Earth *The Apocalypse Explained According to the Spiritual Sense* Emanuel Swedenborg,2024-08-25 Reprint of the original first published in 1840 **The World's Best Essays** David Josiah Brewer,1900 [The Apocalypse Revealed](#) Emanuel Swedenborg,1791 *The Apocalypse, Or Book of Revelations, Explained According to the Spiritual Sense; in which are Revealed the Arcana which are There Predicted, and Have Been Hitherto Deeply Concealed. Translated Into English from a Latin Posthumous Work of ... Emanuel Swedenborg [by William Hill] and Revised by the Translator of the Arcana Cœlestia [i.e. John Clowes]. (To which is Subjoined a Summary Exposition of the Internal Sense of the Prophetical Books of the Word of the Old Testament, and of the Psalms of David.) [With the Text.]*,1815 **THE DEVELOPING COURSE OF CHINESE PHILOSOPHY** Xuezhi Liu,2024-07-30 The Developing Course of Chinese Philosophy deals with the thoughts of Chinese philosophers and the historical process of philosophical development from pre Qin to Ming and Qing dynasties from a new perspective elaborating the emergence development rise and fall of ancient Chinese philosophy The book systematically describes the evolution path of Chinese wisdom revealing the main trends and some basic laws of the theoretical thinking of the Chinese nation The main contents of this book can be categorized into three aspects First the developing course and framework of Chinese philosophy in different periods second representatives of Chinese philosophy in different periods and the Zeitgeist the main viewpoints and methodologies they represent third the interrelation and influence of the standpoints of Chinese philosophy in different periods The Developing Course of Chinese Philosophy can be roughly divided into the philosophy of pre Qin scholars with the theme of political theory the cosmology centered philosophy in Qin and Han dynasties the metaphysics in Wei and Jin dynasties characterized by ontology the philosophy of Wei Jin and the Northern and Southern dynasties in the dispute of Confucianism Buddhism and Taoism the philosophy of Sui and Tang dynasties in Buddhism Taoism and Confucianism and the philosophy of Song Yuan Ming and Qing dynasties with the rise and decline of Neo Confucianism and the end of ancient Chinese philosophy as the main content Through detailed elaboration in different chapters the book highlights the philosophical thoughts methodologies and viewpoints of different periods in Chinese history thus presenting a complete logical system of the historical development and the essence of Chinese philosophy **The Apocalypse Revealed, Wherein are Disclosed the Arcana There Foretold, Which Have Heretofore Remained Concealed** Emanuel Swedenborg,2024-03-18 Reprint of the original first published in 1875 [The Macabresque](#) Edward Weisband,2018 Studies of genocide and mass atrocity most often focus on their causes and consequences their aims and effects and the number of people killed But if the main goal is death why is torture necessary By understanding how and why mass violence occurs and

the reasons for its variations The Macabresque aims to explain why so many seemingly normal or ordinary people participate in mass atrocity across cultures and why such egregious violence occurs repeatedly through history **The Wesleyan-Methodist Magazine** ,1882 War as Reset Stefano Carpani,Ludmilla Ostermann,2025-06-09 In an age continuously shaped and shocked by wars and societal crises this book serves as an antidote to superficial media frenzy Exploring the interplay between the insights from analytical psychology and global dynamics it unravels the meanings behind our shared fears and invites readers to confront challenging truths shaping our present and future Part I of this book explores the multifaceted aspect of war as Stefano Carpani interviews authoritative figures from the fields of Jungian psychoanalysis sociology history and religion Their insights shed light on the meaning of war the concept of fatherland the masculine nature of war and the potential for total conflict In Part II of the book Jungian therapists reflect on their experiences offering insights into the impact of war on the field of analysis presenting a comprehensive exploration of war from interdisciplinary perspectives The contributions touch upon themes like the Israeli Palestinian conflict healing through arts based research violence practiced by the state in Argentina sexual violence and the effect of the Irish Republican Army IRA on Irish society This book proposes that war can serve as a reset mechanism and that our era can be termed the one of hypocrisy It will be of interest to academics scholars and students within the fields of analytical psychology psychosocial studies psychoanalysis and sociology **Love** George T. Weaver,1892 The Poem of Life Jose Mendoza "The Gardener",2013-10 Dear Reader Life love and hope have a story and each story has an explanation The answer to the questions we might encounter in the journeys of our lives lies beneath the story behind the question This is the pattern to find a truthful explanation regarding anything in life This is a poetic self help book written by an ordinary gardener who came to America as a teenager searching for refuge and a better future When reaching his destiny he not only fulfilled his dream but also found something even greater that will bless our hearts The Poem of Life is life itself telling us its story and love itself teaching us how to love It is a forgotten treasure chest full of patterns to help us understand our complicated world It is one of the most intelligent insights into humanity The gift of life is to be a human being and our gift is even greater when we act like humans **God's Poetic and Creational Word** Joseph Potenza,2019-03-12 This little book is an introduction to God s Word view of how all of scripture speaks of past present and future tense continually This book is self explanatory because I believe in the spirit of the simple and the depth of the obvious *On Love and Charity* Saint Thomas Aquinas,2008-07 Among the great works of Thomas Aquinas the Commentary on the Sentences of Peter Lombard has suffered almost total neglect among translators Such neglect is surprising considering that the massive Commentary more than 4 000 pages in the last printed edition is not only Aquinas s first systematic engagement with all the philosophical and theological topics on which he expended his energy over the span of a short career but is also characterized by an exuberance and elaborateness seldom found in his subsequent writings Although Chenu had already drawn attention decades

ago to the importance of studying this youthful tour de force for a fuller understanding of Thomas's more mature work the Commentary on the Sentences has remained a closed book for many modern students of Thomistic and medieval thought because of its relative inaccessibility in English or in Latin The present volume containing all the major texts on love and charity makes available what is by far the most extensive translation ever to be made from the Commentary with the added benefit that the better part of the translation is based on the as yet unpublished critical edition of the Leonine Commission The collection of texts from all four books has a tight thematic coherence that makes it invaluable to students of Thomas's moral philosophy moral theology and philosophical theology In addition the inclusion of parallel texts from Aquinas's first Parisian Commentary as well as from his second Roman attempt at a commentary the recently rediscovered *Lectura Romana* makes this edition all the more valuable for those who wish to track the internal development of Thomas's thinking on these matters The new availability of so many rich passages from the Commentary on the Sentences will encourage and facilitate use of a magnificent resource that deserves to be better known The printed volume is supplemented by a web based document containing a fuller introduction webnotes and a bibliography To reach this supplementary information [click here](#)

ABOUT THE TRANSLATORS Peter A Kwasniewski is associate professor of philosophy and theology at Wyoming Catholic College and editor of *Wisdom's Apprentice Thomistic Essays in Honor of Lawrence Dewan O P* Thomas Bolin O S B is a monk at the Monastero di San Benedetto in Norcia Italy Joseph Bolin is adjunct professor of philosophy at the International Theological Institute in Gaming Austria and adjunct instructor of Latin for the Austrian Program of the Franciscan University of Steubenville

PRAISE FOR THE BOOK T he present volume contains by far the most extensive English translation from the *Scriptum* to date The translators of *On Love and Charity* have aimed to give a translation which is neither too literal nor too liberal trying to find the golden mean between an unintelligibly Latinised or an enjoyable but unfaithful English version This impressive volume will be of a great help for those wishing to study Aquinas and the issue of love in more depth

book brings together studies surrounding the exceptionally gifted pastor of the world's largest church along with a cadre of emerging Asian scholars both emerging from the Pentecostal movement. Clearly the Asian and especially the Korean churches mark the shift of the ecclesiastical center of gravity away from the West toward the East and the South. This pastor and these scholars will be irresistible voices in the Pentecostalism of the new century. Russell P. Spittler, Ph.D., Fuller Theological Seminary, Pasadena, CA. Finally there is available a text on Asian Pentecostalism written by Asian Pentecostals along with some informed Western colleagues. Asian Pentecostalism represents the future of the worldwide Spirit movement. Pastor Yonggi Cho is a fruitful and challenging case study not only for the sheer size of his church but also because of his courage and creativity in anchoring Pentecostalism in the Korean context. Veli Matti Karkkainen, Dr. Theol. habil., Fuller Theological Seminary, Pasadena, CA; University of Helsinki, Finland.
