Luniolatry Ancient and Modern Gerald Massey,2015-06-17 Excerpt from Luniolatry Ancient and Modern A Lecture For thirty years past Professor Max Müller has been teaching in his books and lectures in the Times Saturday Review and various magazines from the platform of the Royal Institution the pulpit of Westminster Abbey and his chair at Oxford that Mythology is a disease of language and that the ancient symbolism was a result of something like a primitive mental aberration We know says Renouf echoing Max Müller in his Hibbert lectures We know that mythology is the disease which springs up at a peculiar stage of human culture Such is the shallow explanation of the non evolutionists and such explanations are still accepted by the British public that gets its thinking done for it by proxy Professor Max Müller Cox Gubernatis and other propounders of the Solar Mythos have portrayed the primitive myth maker for us as a sort of Germanised Hindu metaphysician projecting his own shadow on a mental mist and talking ingeniously concerning smoke or at least cloud the sky overhead becoming like the dome of dreamland scribbled over with the imagery of aboriginal nightmares They conceive the early man in their own likeness and look upon him as perversely prone to self mystification or as Fontenelle has it subject to beholding things that are not there They have misrepresented primitive or archaic man as having been idiotically misled from the first by an active but untutored imagination into believing all sorts of fallacies which were directly and constantly contradicted by his own daily experience a fool of fancy in the midst of those grim realities that were grinding his experience into him like the griding icebergs making their imprints upon the rocks submerged beneath the sea It remains to be said and will one day be acknowledged that these accepted teachers have been no nearer to the beginnings of mythology and language than Burns s poet Willie had been near to Pegasus My reply is Tis but a dream of the metaphysical theorist that mythology was a disease of language or anything else except his own brain The origin and meaning of mythology have been missed altogether by these solarites and weather mongers Mythology was a primitive mode of thinging the early thought About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged

Doctrine, Volume I. Cosmogenesis H. P. Blavatsky, 2021-11-16 The Secret Doctrine Volume I Cosmogenesis H P Blavatsky

The author the writer rather feels it necessary to apologize for the long delay which has occurred in the appearance of this work It has been occasioned by ill health and the magnitude of the undertaking Even the two volumes now issued do not complete the scheme nor do these treat exhaustively of the subjects dealt with in them A large quantity of material has already been prepared dealing with the history of Occultism as contained in the lives of the great Adepts of theryan Race and showing the bearing of Occult Philosophy upon the conduct of life as it is and as it ought to be Should the present volumes meet with a favourable reception no effort will be spared to carry out the scheme of the work in its entirety This scheme it must be added was not in contemplation when the preparation of the work was first announced As originally announced it was intended that The Secret Doctrine should be an amended and enlarged version of Isis Unveiled It was however soon found that the explanations which could be added to those already put before the world in the last named and other works dealing with Esoteric Science were such as to require a different method of treatment and consequently the present volumes do not contain in all twenty pages extracted from Isis Unveiled
