The Lure of Authoritarianism Stephen J. King,Abdeslam M. Maghraoui,2021-12-22 The works collected in The Lure of Authoritarianism consider the normative appeal of authoritarianism in light of the 2011 popular uprisings in the Middle East Despite what seemed to be a popular revolution in favor of more democratic politics there has instead been a slide back toward authoritarian regimes that merely gesture toward notions of democracy In the chaos that followed the Arab Spring societies were lured by the prospect of strong leaders with firm guiding hands The shift toward normalizing these regimes seems sudden but the works collected in this volume document a gradual shift toward support for authoritarianism over democracy that stretches back decades in North Africa Contributors consider the ideological socioeconomic and security based justifications of authoritarianism as well as the surprising and vigorous reestablishment of authoritarianism in these regions With careful attention to local variations and differences in political strategies the volume provides a nuanced and sweeping consideration of the changes in the Middle East in the past and what they mean for the future Blood Lure Nevada Barr,2002-02-05 In this mystery in Nevada Barr s New York Times bestselling series District Park Ranger Anna Pigeon is betrayed by nature itself as a most unnatural evil stalks its prey in the pristine West Straddling the border between Montana and Canada lies the Waterton Glacier International Peace Park Anna s home away from home when she is sent on a cross training assignment to study grizzly bears Along with bear researcher Joan Rand and a volatile unpredictable teenage boy Anna hikes the back country seeking signs of bear But the tables are turned on their second night out when one of the beasts comes looking for them Daybreak finds the boy missing a camper mutilated and Anna caught in a grip of fear painfully aware that her lifelong bond with nature has inexplicably snapped *Shadow's Lure* Jon Sprunk,2018-10-12 The Shadow Saga continues with in this fun fast action packed novel of magic mystery and monstrous evil Elitist Book Reviews After helping his lover Josephine lay claim to the throne of Nimea the assassin Caim has ventured north to the land that has haunted his dreams cold unforgiving Eregoth He departs seeking answers to his parents murder and hoping that this knowledge will explain his ability to bend the shadows to his will In searching for his past Caim wanders into war But Eregoth is threatened by a power more terrifying than any army the witch Sybelle Queen of the Dark If given the chance her aims at destruction would not cease at Eregoth but storm through Nimea where Josey struggles to secure her reign With nothing more than a force of ragtag warriors at his side Caim knows that standing against Sybelle s onslaught may be suicide But as a son of the Shadow he has no choice but to fight Even if every life he takes brings him closer to the blackness that would claim him body and soul Fletcher's Lure Wm. they had to reinvent themselves and their culture And like everyone else they had to cope with the violence and uncertainty of the era Morgan dreamed of proving himself by living at the edge as his brothers had in war but Ruby insisted that he put such dreams on hold until the last baby turned five His questions about suffering were never fully answered His youngest son Benjamin born 1899 grew up innocent and ill prepared for the unrelenting evil that would threaten him and his family before mid century And Bens son Stephen would spend his life in search of answers to Jobs ancient question why do the innocent suffer At the millenniums turn he stands at the graves of those who gave him life and at last finds understanding *No-Body Homicides* Mark Stobbe,2023-05-05 *No Body Homicides* The Evolution of Investigation and Prosecution examines how police and prosecutors have become more successful in obtaining convictions for homicide when the remains of the victim are unavailable as evidence Based on an examination of over 600 cases in the United States and Canada this book shows the length some killers will go to avoid punishment and the determination of police and prosecutors to bring them to justice For over 300 years murderers in the United States and Canada could avoid prosecution by successfully disposing of the body of their victim *No Body Homicides* provides the reader with a historical overview of prosecutions in which a killer destroyed or hid the body of the victim It explains why prosecutions were once extremely rare and how legal attitudinal and technical changes have made them more common The book also explores how the logic of no body homicide prosecutions differs from body present homicides It allows police and prosecutors to draw on the accumulated experience of hundreds of prosecutions For criminology students it provides fascinating insights into the process of investigating and prosecuting homicides as well as a glimpse into the motivations and practices of killers who are so determined to avoid punishment that they remove the bodies of their victims *No Body Homicides* will be of practical interest to police or prosecutors confronted with a missing person s case that could be sinister It is also written to be appropriate as a supplementary text in an undergraduate criminology class or for an aficionado of True Crime **The Lure of Simplicity** Alfred William Gough,1929 *Blood of Montenegro* Bajram A.
