Luther And Late Medieval Thomism A Study In Theological Anthropology:

Luther and Late Medieval Thomism Denis R. Janz, 2009-12-15 A careful analysis of Luther's thought in the context of his age this volume examines Luther's links with later medieval Thomism The study is organized on the theme of theological anthropology the state of humans within a theological system In the course of the discussion Janz studies parallels and divergences between the thought of Luther and the thought of Thomas Aquinas Peter Lombard John Capreolus Henry of Gorkum Conrad Koellin Karlstadt and Cajetan Janz suggests that at some crucial points late medieval Thomist teaching misrepresents the teaching of Thomas Aquinas This compounding Luther's lack of direct knowledge of Thomas helps to explain Luther's opposition not only to his own nominalist teachers but to the scholastics generally Students of late medieval and Reformation theology will find the wealth of primary citation and the detailed readings of the sources invaluable guides to the issues Students of religion interested in contemporary problems in theological anthropology in the natural capacity of humanity for good and evil for example will find the historical Christian perspective of great interest Protestant Scholasticism: Essays in Reassessment Carl R. Trueman, Scott R. Clark, 2007-10-01 Traditionally Protestant theology between Luther's early reforming career and the dawn of the Enlightenment has been seen in terms of decline and fall into the wastelands of rationalism and scholastic speculation In this volume a number of scholars question such an interpretation The editors argue that the development of Post Reformation Protestantism can only be understood when a proper historical model of doctrinal change is adopted This historical concern underlies the subsequent studies of theologians such as Calvin Beza Olevian Baxter and the two Turrentini The result is a significantly different reading of the development of Protestant Orthodoxy one which both challenges the older scholarly interpretations and clichés about the relationship of Protestantism to among other things scholasticism and rationalism and which demonstrates the fruitfulness of the new historical approach Contributors D V N Bagchi David C Steinmetz Richard A Muller Frank A James III John L Farthing Lyle D Bierma R Scott Clark Donald Sinnema Paul R Schaefer W Robert Godfrey Carl R Trueman Philip G Ryken John E Platt Joel R Beeke James T Dennison Jr Martin I Klauber Lowell C Green and David P Scaer Jean Gerson and De Consolatione Theologiae (1418) Mark Stephen Burrows, 2010-12-01 Promissory Notes on the Treasury of Merits Robert Swanson, 2018-11-12 Promissory Notes on the Treasury of Merits is a volume of 12 essays by a distinguished team of international scholars dealing with the place of indulgences in the religious life of Europe between roughly 1250 and the outbreak of the Reformation Some of the articles offer regional analyses stretching from Spain to the Netherlands from England to Bohemia and Italy Others deal with the theology and theological and practical controversies provoked by indulgences or with thematic issues like the place of indulgences in fifteenth century crusades in pilgrimage and the early exploitation of print in their distribution The complementary nature of the articles builds into a fuller picture of the central but hitherto neglected role which indulgences had in late medieval European religious life **The Oxford Handbook of the Protestant Reformations** Ulinka

Rublack,2017 This Handbook takes a broad overview of the Protestant Reformations seeing them as movements which stretched far beyond their European beginnings Written by a team of international scholars of history and theology the contributions offer up to date perspectives on Reformation ideas and the lasting historical impact of Protestantism **To Stir a Restless Heart** Jacob W. Wood,2019 To Stir a Restless Heart tells for the first time the story of how Thomas Aquinas conversed with his contemporaries about the dynamics of human nature s longing for God and documents how he deliberately utilized Greek Arabic Hebrew and Latin sources to develop a version of Aristotelian natural desire that was uniquely Augustinian natural desire seeks the complete fulfillment of human nature insofar as is possible and so comes to rest in the highest end that God offers to it Depending on whether God offers the free gift of grace to humanity one and the same natural desire can come to rest in knowing God through creatures or seeing God directly Toward a Priestly Christology Adriani Milli Rodrigues,2018-11-02 Toward a Priestly Christology is a constructive theology on the person and work of Christ from the standpoint of a systematic thinking about his priesthood This priesthood is usually discussed in biblical scholarship on the Christology of Hebrews and also explored in historical or systematic theology with its connections with soteriology and ecclesiology However there is a scarcity of studies that attempt to systematize this topic in its basic components and their ontological foundations in order to provide conceptual clarity for a constructive discussion of the priestly Christology in systematic theology The book makes a contribution to this discussion by engaging firstly with the main models of Christ s priesthood in Christian theology and then with a theological reading of the letter to the Hebrews In both steps the author conceptually articulates the priesthood in terms of need agent actions and goal Then he observes the conceptual articulation from the macro hermeneutical point of view of ontology especially noticing how assumptions on time and space impact the internal logic of Christ s priesthood By using existing models of this priesthood as heuristic tools for systematic thinking the work attempts to push Christian theology toward a more dynamic understanding of Christ s priesthood especially regarding the relationship between the ascended Christ and our Christian life **The Essential Luther** Martin Luther,2018-09-15 This is a wonderful anthology Its texts not only span the whole of Luther s reforming career but also cover the theological political and social issues that mattered most to him and his age Best of all the original integrity of the texts remains perceptible even when abridged This valuable collection will be a great teaching tool and also a most useful resource for anyone interested in Luther or the Protestant Reformation Carlos Eire Yale University author of Reformations The Early Modern World 1450 1650 Yale University Press CONTENTS Thematic Table of Contents General Introduction 1 Preface to the Complete Edition of the Latin Writings 1545 2 Disputation on the Power of Indulgences The Ninety Five Theses 1517 3 Sermon on Indulgence and Grace 1518 4 Disputation Held at Heidelberg 1518 5 To the Christian Nobility of the German Nation 1520 6 The Babylonian Captivity of the Church 1520 7 On the Freedom of a Christian 1520 8 Preface to the New Testament 1522 9 Preface to the Epistle of St Paul to the Romans 1522 10 On Married Life 1522 11 On

Grace in Martin Luther's The Bondage of the Will Miikka Ruokanen, 2021-05-13 Miikka Ruokanen reveals the powerfully
 Trinitarian and participatory nature of Martin Luther s conception of divine grace in his magnum opus *The Bondage of the*
Will The study establishes a genuinely new understanding of Luther s major treatise opening up its ecumenical potential
 Luther s debate with Erasmus signifies not only a disagreement concerning free will but the dispute reveals two contrasting
 understandings of the very core idea of the Christian faith For Erasmus the relationship of the human being with God is
 based on the rationally and morally acceptable principles of fair play For Luther the human being is captivated by the
 overwhelming power of unfaith and transcendental evil Satan only the monergistic grace of the Triune God and the power of
 the Holy Spirit can liberate him her Ruokanen verifies the Trinitarian vision of salvation by grace alone as the center of
 Luther s theology This doctrine has three dimensions Firstly the conversion of the sinner and the birth of faith in Christ are
 effected by prevenient divine grace justification through faith alone is the sole work of God s Spirit comparable to creation *ex*
nihilo Secondly participation in the person life and divine properties of Christ as well as participation in his salvific work his
 cross and resurrection are possible solely because of the presence of the Holy Spirit in the believer Justification means
 simultaneously the forensic declaration of the guilty non guilty on the basis of the atonement by Jesus cross as well as a union
 with Christ in the Holy Spirit Thirdly sanctification means the gradual growth of love for God and neighbor enabled by the
 believer s participation in divine love in the Holy Spirit Ruokanen s work offers a crucial modification and advance to the
 world renowned Finnish school of Luther interpretation Luther s classic use of Pneumatological language avoids the
 problems caused by using an ontological language The Power of the Cross Graham Tomlin, 2007-03-01 In a postmodern
 world the church cannot escape the question of power The contemporary critique of the church suggests that it reigned for
 so long in Western society not because it was more true than its rivals but because it was more powerful Is the Christian
 claim to truth merely a veiled bid for power Has not the church regularly abused its power during the years of Christendom
 Does Christian theology have the resources to answer these charges This book argues that it does in the quiet but recurrent
 theme of the theology of the cross It explores the origins and contours of this kind of theology in three of its major exponents
 St Paul Martin Luther and Blaise Pascal showing how each of them turned to a theology of the cross to combat the abuse of
 power within the church It concludes by considering how such theology might do the same in the postmodern context Of

interest to anyone concerned with the role of the church in a postmodern world or in the theology of the cross itself this book explores vital themes for the church's life and thought both today and in the future

Reframing Catholic Theological Ethics Joseph A. Selling, 2016-03-24 Traditionally Catholic moral theology has been based upon an approach that over emphasized the role of normative ethics and subsequently associated moral responsibility with following or disobeying moral rules Reframing Catholic Theological Ethics offers an alternative ethical method which without destroying any of the valuable insights of normative ethics reorients the discipline to consider human motivation and intention before investigating behavioural options for realizing one's end Evidence from the New Testament warrants the formation of a teleological method for theological ethics which is further elaborated in the approach taken by Thomas Aquinas Unfortunately the insights of the latter were misinterpreted at the time of the counter reformation Joseph A Selling's analysis of moral theological textbooks demonstrates the entrenchment of a normative method aimed at identifying sins in service to the practice of sacramental confession With a firm basis in the teaching of Vatican II the human person integrally and adequately considered provides the fundamental criterion for approaching ethical issues in the contemporary world The perspective then turns to the crucial question of describing the ends or goals of ethical living by providing a fresh approach to the concept of virtue Selling concludes with suggestions about how to combine normative ethics with this alternative method in theological ethics that begins with the actual ethical orientation of the human person toward virtuous living

Fundamental Christian Ethics Daniel Heimbach, 2022-11-01 In *Fundamental Christian Ethics* Daniel Heimbach draws from decades of research and scholarship to introduce the field of Christian ethics in a comprehensive manner while showing how it dialogues with modern day ethical topics and issues

Beyond Dordt and De Auxiliis Jordan Ballor, Matthew Gaetano, David Sytsma, 2019-09-02 Beyond Dordt and De Auxiliis explores post Reformation inter confessional theological exchange on soteriological topics including predestination grace and free choice These doctrines remained controversial within confessional traditions after the Reformation as Dominicans and Jesuits and later Calvinists and Arminians argued about these critical issues in the Augustinian theological heritage Some of those involved in condemning Arminianism at the Synod of Dordt 1618 1619 were inspired by Dominican followers of Thomas Aquinas in Spain who had recently opposed the vigorous defense of free choice by Jesuit Molinists in the Congregatio de auxiliis 1598 1607 This volume appearing on the 400th anniversary of the closing of the Synod of Dordt brings together a group of scholars working in fields that only rarely speak to one another to address these theological debates that cross geographical and confessional boundaries

Justification by the Word Jack D. Kilcrease, 2022-09-21 God's Word creates what he commands In *Justification by the Word* Jack D Kilcrease reintroduces Martin Luther's key doctrine Though a linchpin of the Reformation Luther's view of justification is often misunderstood For Luther justification is an expression of God's creative Word To understand Luther on justification one must grasp his doctrine of the Word The same God who declared let there be light and it was so also declares your sins are forgiven Justification is an

objective reality It is achieved in Christ's resurrection and received through an encounter with the risen Christ in Word and sacrament Justification turns us outward away from our own unsteady feelings and limited understanding to look to Christ And the church must preach justification lest we so easily forfeit the joy of the gospel Justification by the Word inspires readers to reencounter the radical doctrine of justification by faith alone *Challenging the Traditional Interpretations of Justification by Faith, Part 1* John A. Campbell, Tony H. Espinosa, Mitchell J. Kennard, Joel I. Oladele, John-Paul Petrash, Kerry S. Robichaux, 2022-01-01 This volume is the first of a two part work that evaluates the teaching of justification by faith from the early church to modern times in light of the Scriptures and the ministry of Watchman Nee and Witness Lee Part 1 begins with a thorough presentation of the evaluative standard by which the authors will measure the teachings of the various Christian traditions Then following a historical overview of justification by faith in the major traditions they proceed to give a detailed assessment of the doctrine as taught in the patristic era in the medieval era and by Martin Luther at the inception of the Protestant Reformation The volume aims to point out the shortcomings and contributions of the first 1 500 years of the church's teaching on justification by faith and to offer a fresh understanding of this foundational truth of the Christian faith

The Oxford Handbook of Reformed Theology Michael Allen, Scott R. Swain, 2020 A comprehensive study of Reformed theology spanning historical contexts to contemporary discussions Contributors provide a range of theological essays to assess representative texts of the Reformed tradition Explores the intricate ties between patristic medieval and modern thought in Reformed theology Accessible authoritative and clearly organized Book jacket **Summistae** Lidia Lanza, Marco Toste, 2021-03-15 Thomas Aquinas Summa theologiae is one of the classics in the history of theology and philosophy Beyond its influence in the Middle Ages its importance is also borne out by the fact that it became the subject of commentary During the sixteenth century it was gradually adopted as the official text for the teaching of scholastic theology in most European Catholic universities As a result university professors throughout Europe and the colonial Americas started lecturing and producing commentaries on the Summa and using it as a starting point for many theological and philosophical discussions Some of the works of major authors such as Vitoria Soto Molina Suarez and Arriaga are nothing more than commentaries on the Summa This book is the first scholarly endeavour to investigate this commentary tradition As it examines late scholasticism against its institutional backdrop and contains studies of manuscripts and texts unpublished it will remain an authoritative source for the research of late scholasticism *Calvin and the Reformed Tradition* Richard A. Muller, 2012-11-15 Richard Muller a world class scholar of the Reformation era examines the relationship of Calvin's theology to the Reformed tradition indicating Calvin's place in the tradition as one of several significant second generation formulators Muller argues that the Reformed tradition is a diverse and variegated movement not suitably described either as founded solely on the thought of John Calvin or as a reaction to or deviation from Calvin thereby setting aside the old Calvin and the Calvinists approach in favor of a more integral and representative perspective Muller offers historical corrective and

nuance on topics of current interest in Reformed theology such as limited atonement universalism union with Christ and the order of salvation

Aquinas Among the Protestants Manfred Svensson, David VanDrunen, 2017-09-25

AQUINAS AMONG THE PROTESTANTS This major new book provides an introduction to Thomas Aquinas's influence on Protestantism. The editors, both noted commentators on Aquinas, bring together a group of influential scholars to demonstrate the ways that Anglican, Lutheran, and Reformed thinkers have analyzed and used Thomas through the centuries. Later chapters also explore how today's Protestants might appropriate the work of Aquinas to address a number of contemporary theological and philosophical issues. The authors set the record straight and disavow the widespread impression that Aquinas is an irrelevant figure for the history of Protestant thought. This assumption has dominated not only Protestant historiography but also Roman Catholic accounts of the Reformation and Protestant intellectual life. The book opens the possibility for contemporary reception, engagement, and critique and even intra-Protestant relations and includes information on the fruitful appropriation of Aquinas in Anglican, Lutheran, and Reformed theologians over the centuries. Important essays from leading scholars on the teachings of Aquinas. New perspectives on Thomas Aquinas's position as a towering figure in the history of Christian thought. *Aquinas Among the Protestants* is a ground-breaking and interdenominational work for students and scholars of Thomas Aquinas and theology more generally.

Balthasar Hubmaier and the Clarity of Scripture Graeme R. Chatfield, 2013-12-26

During the sixteenth century, many Reformers echoed Erasmus's claim that the Scriptures were clear and could be understood by even the lowliest servant and should be translated into the vernacular and placed in the hands of all people. People did not require the magisterium of the Roman Catholic Church to correctly interpret the meaning of the Scriptures. However, within a few short years, the leaders of the Magisterial Reformers, Martin Luther and Huldrych Zwingli, had created their own Protestant versions of the magisterium. This work traces how the doctrine of the clarity of Scripture found expression in the writings of Balthasar Hubmaier, admirer of Erasmus and Luther and associate of Zwingli. As Hubmaier engaged in theological debate with opponents, onetime friends, and other Anabaptists, he sought to clarify his understanding of this critical Reformation doctrine. Chronologically tracing the development of Hubmaier's hermeneutic as he interacted with Erasmus, Luther, Zwingli, and Hans Denck, this work provides a useful means of more accurately understanding his place in the matrix of the sixteenth-century Reformations.
