Luther's Works Martin Luther,1963      Luther's Works - Volume 26 Martin Luther,1968-05-10 Luther s Works The American Edition published by Concordia and Fortress Press between 1955 and 1986 comprises fifty five volumes These are a selection representing only about a third of Luther s works in the Latin and German of the standard Weimar Edition not including the German Bible Just as St Paul s Epistle to the Galatians has been called the Magna Carta of Christian freedom so the Lectures on Galatians delivered by Martin Luther in 1531 and published for the first time in 1535 have been hailed as the great Reformer s Magna Carta of Christian liberty In Grace Abounding to the Chief of Sinners John Bunyan 1628 88 who was languishing in jail told how a long time before this the God in whose hands are all days and ways did cast into my hand one day a book of Martin Luther it was his comment on the Galatians this methinks I must let fall before all men I do prefer this book of Martin Luther upon the Galatians excepting the Holy Bible before all books that ever I have seen as most fit for a wounded conscience Luther treasured St Paul s Epistle to the Galatians Luther s Lectures on the Galatians like Paul s letters contain many distinctively autobiographical statements In more than one respect these two men of God were kindred spirits Both inveighed sharply and vigorously against their adversaries but they also never lost sight of the Christian love that permeates the words of those who bring God s message of salvation to their fellow men      **The Promise of Martin**

**Luther's Political Theology** Michael Richard Laffin,2016-10-20 Michael Laffin demonstrates the promise of Martin Luther s thought for contemporary political theology by showing how Luther has been over determined in standard genealogies of modernity which frequently deafen us to his unique contribution Laffin argues that contemporary theologians have typically followed a narrative derived from the work of a previous generation of political historians and philosophers which tend to screen out or distort the Reformers contribution to political theory Common to these narratives are charges against Luther for his perceived univocal and nominal ontology resulting in a privatized and spiritualized Christianity thus falsely dividing the world into autonomous spheres Additionally the narratives claim that Luther follows in the wake of voluntarism leading to an insistence on human passivity that leaves no room for pagan virtue Thus politics is reduced to an authoritarian imposition of order In contrast to the dominant narratives of political modernity Laffin re examines these narratives by focusing on the political significance of areas in Luther s corpus often neglected in contemporary accounts of his political thought especially his commentaries on Scripture and writings on the sacraments Attention to these writings brings forth the crucial themes of the two ecclesiae and the three institutions Constructively these themes are deployed in critical engagement with contemporary political theology particularly as represented in Radical Orthodoxy and the new Augustinianism      A Preface to Romans Christopher Bryan,2000-06-15 Bryan approaches St Paul s letter to the Romans with a number of aims in view First he wants to show which literary type or genre would have been seen by Paul s contemporaries as being exemplified in the letter He also attempts to determine what we can surmise of Paul s attitude and approach to the Jewish bible The study

involves discussion of and comparison with other literature from Paul's time place and milieu including other writings attributed to Paul

**Faith as Participation** Jeanette Hagen Pifer, 2019-05-29 In recent years three particular debates have risen to the fore of Pauline Studies the question of the centre of Pauline theology how to interpret the *mula* and the relationship between divine and human agency In the present study Jeanette Hagen Pifer contends that several of the apparent conundrums in recent Pauline scholarship turn out to derive from an inadequate understanding of what Paul means by faith By first exploring the question of what Paul means by faith outside of the classic justification passages in Romans and Galatians she reveals faith as an active and productive mode of human existence Yet this existence is not a form of human self achievement On the contrary faith is precisely the denial of self effort and a dependence upon the prior gracious work of Christ In this way faith is self negating and self involving participation in the Christ event

Prisoner of Conscience Galen Johnson, 2007-01-01 Prisoner of Conscience is an interdisciplinary study of Bunyan s understanding of conscience to what degree it demands fidelity and how this affects Bunyan s relationship both to the modern emphasis on individualism and to historic Christianity This book deals with Bunyan s theological fictional and autobiographical writings often in comparison with his contemporaries such as the Quakers John Milton and Richard Baxter

**Philosophical Essays Against Open Theism** Benjamin H. Arbour, 2018-09-03 This new collection of philosophically rigorous essays critiques the interpretation of divine omniscience known as open theism focusing primarily on philosophically motivated open theism and positing arguments that reject divine knowledge of future contingents in the face of the dilemma of freedom and foreknowledge The sixteen new essays in this collection written by some of the most renowned philosophers on the topic of divine providence represent a philosophical attempt to seriously consider open theism They cover a wide variety of issues including the ontology of time systematic metaphysics perfect being theology the Christian doctrine of the Incarnation the problem of evil and the nature of divine knowledge in general Philosophical Essays Against Open Theism advances the discussion by wrestling against the assertions of open theism and will be of interest to both proponents and opponents of this controversial issue

Justification as the Speech of the Spirit Jeffrey K. Anderson, 2021-08-10 In the past few decades there have been an increasing number of authors and movements that reject the classic Protestant understanding of justification e g the New Perspective on Paul Auburn Avenue Theology the Renewal Movement etc While the various proposals differ in many respects they are generally united in their rejection of justification as a legal declaration made by the Father about the believer based on the work of the Son In particular among renewal Pentecostal Charismatic

authors there have been several attempts to redefine justification insisting that it is an umbrella term incorporating numerous redemptive ideas rather than a declaration of the believer's righteousness. These attempts are in part rooted in the absence of any overt pneumatology in the doctrine's typical formulation. One need only read the above sentences to see that there is no mention of the Holy Spirit. This book addresses these and other concerns especially by renewal authors and demonstrate that the doctrine is in fact pneumatologically informed albeit latently rather than blatantly. As a result there is no need to redefine the theology of the Reformers and their successors.

**Faith and Freedom in Galatia and Senegal**  
Aliou Cissé Niang, 2009-05-20 Faith and Freedom in Galatia and Senegal reads Galatians 2:11-15 and 3:26-29 through the lens of the 19th-20th century experiences of French colonialism by the Diola people in Senegal West Africa and portrays the Apostle Paul as a sociopostcolonial hermeneut who acted on his self-understanding as God's messenger to create through faith in the cross of Christ free communities a self-definition that is critical of ancient Graeco-Roman and modern colonial lore that justify colonization as a divine mandate. Aliou C. Niang ingeniously compares the colonial objectification of his own people by French colonists to the Graeco-Roman colonial objectifications of the ancient Celts Gauls Galatians and Paul's role in bringing about a different portrayal.

A Hermeneutic of Wisdom J. de Waal Dryden, 2018-07-03 This book develops an integrated hermeneutic that connects the Bible to spiritual formation and the development of Christian virtues. The author shows how the whole Bible can be understood as a wisdom text that directs its readers morally shapes them in their deepest affections and convictions and impacts how they look at the world and live in it. Offering an innovative hermeneutical approach it will serve as an ideal supplement to standard hermeneutics textbooks.

**God's Apocalyptic Insurrection**  
Richard D. Crane, 2024-10-15 What if our inherited theologies of salvation are distorted by a sinful history that includes white supremacy slavery and colonial conquest? What if we perpetuate this distortion by continuing to imagine salvation as a legal transaction by which we are saved by God from divine punishment? If salvation merely rectifies the individual's standing before God justice and human flourishing are viewed as peripheral to the gospel. This book begins with a bit of deconstruction. But the real need is construction or perhaps the discovery of another soteriological imagination. To be saved is to be drawn into union with Jesus Messiah the bringer of the now and future reign of God where all things are rectified. Jesus's life death and resurrected body are the space where a disordered creation is put right. Jesus is God's apocalyptic insurrection against every power that dehumanizes harms and destroys human persons. We are saved by the triune God by God's gracious acceptance that cannot be earned. But we are saved for participation in the invasion of God's reign of justice healing and transformation. Salvation has everything to do with caring for refugees resisting systemic racial and other injustices food for the hungry and valuing human persons as Christ incognito.

**Recovering the Ecumenical Bonhoeffer** Javier A. Garcia, 2019-10-14 In Recovering the Ecumenical Bonhoeffer Javier Garcia explores the possibilities for Dietrich Bonhoeffer's theology to revitalize interest in the ecumenical movement and Christian unity today. Although many commentators have

lamented the waning interest in the ecumenical movement since the 1960s the celebration of the 500th anniversary of the Protestant Reformation in 2017 coupled with recent in roads such as the ecumenical efforts of Pope Francis have opened new possibilities for the ecumenical project In this context Garcia presents Bonhoeffer as a helpful model for contemporary ecumenical dialogue He finds important points of convergence between Bonhoeffer and Calvin thereby establishing potential areas of rapprochement between the Lutheran and Reformed traditions Beyond examining the state of ecumenism and unfolding the ecumenical promise of Bonhoeffer's thought Garcia assesses the future of ecumenical engagement in a secular age Altogether he proposes a recovery of the ecumenical Bonhoeffer for envisioning new possibilities for church unity in our day

**The Defeat of Satan** Declan Kelly, 2022-01-27 This book offers an innovative critical and constructive exploration of Barth's theology one which demonstrates the radicality of his thought and which underscores the continued contribution he might make to theological reflection on a central element of the Christian tradition Declan Kelly uncovers the promise of viewing Barth's account of salvation as a three agent drama a drama involving God humanity and anti God powers Kelly demonstrates and examines Barth's cosmological portrayal of God's saving event as a defeat of the lordship of Satan in the cosmos and bound up with this as an ending of God's left handed activity and as the bringing into existence of a new creation under the rule of God's right hand Barth's doctrines of election the atonement and the resurrection receive a fresh reading as the book explores his apocalyptic grasp of God's eschatological deed of salvation and as it puts forward the claim with and against Barth that the climax of this deed of salvation is best located in the event of God's raising of Christ from the dead

*The Vocation of Theology Today* Tom Greggs, Rachel Muers, Simeon Zahl, 2013-02-08 What is the task of theology in a complex religious and secular world What are theologians called to contribute to society the churches and the academy Can theology be both fully faithful to Christian tradition and Scripture and fully open to the challenges of the twenty first century In this book an international team of contributors including some of the best known names in the field respond to these questions in programmatic essays that set the direction for future debates about the vocation of theology David Ford in whose honor the collection is produced has been for many years a key figure in articulating and shaping the role of contemporary theology The contributors are his colleagues collaborators and former students and their essays engage in dialogue with his work The main unifying feature of this exciting collection is not Ford's work per se however but a shared engagement with the pressing question of theology's vocation today
