Sweet Demotion

Lonn Friend, 2011-04-26 In his first book Life on Planet Rock author Lonn Friend shared his ringside view of rock's decade of decadence Now in Sweet Demotion the veteran rock scribe takes off the gloves and battles himself Lonn was enjoying a six figure multi media career in 1998 when at the end of a four year run as a record company VP he was bitch slapped by the Universe his professional ride came to a crashing pause But instead of hiring headhunters or putting a resume together to find another gig Lonn hit the rock and roll road less traveled The result is a brutally transparent shamelessly self deprecating

mid life memoir of a writer who stopped making money and started seeking truth Sweet Demotion chronicles a thirteen year period of personal deconstruction spiritual madness and bizarre anecdotal wordplay where faith was lost in everything but the moment and the music Lonns intimate adventure invites the reader to a porn burial in the desert a Janis Joplin ghost sighting a Dallas meditation on the anniversary of JFKs assassination following the interview of a heavy metal legend and the sharing of sacred space on a northeast lake with the lead singer of Aerosmith Sweet Demotion is a sojourn to near enlightenment that no one but Lonn Friend could have possibly experienced **The Luxurious Life of the Single Mom**

Feli Nelson,2012-10-26 Luxury is not the first thing that may come to mind when considering the lives of single mothers If you are a single mom have you ever felt that there was something missing in your life Sometimes in the midst of earning a living we stop living and start merely existing Buildings exist they don t live As a woman it is your birthright to experience life and to do so luxuriously Is it far fetched to believe that no matter what your station in life may be your life can be luxurious As a single mother a widow and a working woman I m here to tell you that it is entirely possible I ll show you how to open your heart and your senses to all life has to offer **Jams and Preserves** Jacqueline Bellefontaine,Judith

Ferguson,1993 *How We Decide* Jonah Lehrer,2010-01-14 The first book to use the unexpected discoveries of neuroscience to help us make the best decisions Since Plato philosophers have described the decision making process as either rational or emotional we carefully deliberate or we blink and go with our gut But as scientists break open the mind s black box with the latest tools of neuroscience they re discovering that this is not how the mind works Our best decisions are a finely tuned blend of both feeling and reason and the precise mix depends on the situation When buying a house for example it s best to let our unconscious mull over the many variables But when we re picking a stock intuition often leads us astray The trick is to determine when to use the different parts of the brain and to do this we need to think harder and smarter about how we think Jonah Lehrer arms us with the tools we need drawing on cutting edge research as well as the real world experiences of a wide range of deciders from airplane pilots and hedge fund investors to serial killers and poker players Lehrer shows how people are taking advantage of the new science to make better television shows win more football games and improve military intelligence His goal is to answer two questions that are of interest to just about anyone from CEOs to firefighters How does the human mind make decisions And how can we make those decisions better **Pearl Jam's**

Vs. Clint Brownlee,2021-03-11 Vs is the sound of a band on fire The same confluence of talent passion timing and fate that made grunge the world s soundtrack also lit a short fuse beneath Pearl Jam The band combusted between late 1992 and mid 1994 the span during which they planned recorded and supported their sophomore record The spotlight the pressure the pace it all nearly turned the thriving act to ash Eddie Vedder the reluctant public face of the band responded by lashing out lyrically Jeff Ament Mike McCready and Stone Gossard who beheld success with varying degrees of anxious satisfaction attacked their instruments in solidarity Dave Abbruzzese welcomed the rock star lifestyle and left his mark on the record

with more than just potent percussion Vs roils with fury and at times gently steams over the trappings of fame human faults and societal injustice The record is a thrashing testament to Pearl Jam s urgent creativity and greater good interests and the band s logistical calculations behind it drew a career defining line in the sand It promised the world that Pearl Jam would neither burn out nor fade away This book weaves research little known details and band members memories into a definitive account of how Vs set them on a path toward enduring integrity and relevance **National Hotel Review** ,1923 **Justini Historiæ Philippicæ, cum versione Anglica ... or, The History of Justin: with an English translation ... by J.
