Mary Ladd Gavell,2007-12-18 It is the stuff of fiction A collection of stories never made public is lost in a drawer for thirty years until miraculously the stories are discovered and published It is also the true story of the book you are holding in your hands Mary Ladd Gavell died in 1967 at the age of forty seven having published nothing in her lifetime She was the managing editor of *Psychiatry* magazine in Washington D C and after her death her colleagues ran her story *The Rotifer* in

the magazine as a tribute The story was somehow plucked from that nonliterary journal and selected for The Best American Short Stories 1967 And again thirty three years later The Rotifer emerged from near obscurity when John Updike selected it for The Best American Short Stories of the Century In his Introduction to that collection Updike called Gavell s story a gem and said that her writing was feminism in literary action The Rotifer has remained until now Gavell s only published work The sixteen stories collected here include the anthologized classic The Rotifer in which a young woman learns the extent to which a bit of innocent interference or the refusal to interfere can change the course of lives The Swing depicts a mother s strange reconnection to her adult son s childhood as she is summoned outside night after night by the creak of his old swing Baucis introduces a woman longing for widowhood who is cheated of the respite she craves and whose last words are tragically misunderstood by her family The title story based on the last minute announcement by Gavell s own son that he was in a school play is infused with the gentle humor and vivid insights that make all of Mary Ladd Gavell s stories timeless and utterly beguiling With the publication of I Cannot Tell a Lie Exactly Mary Ladd Gavell takes her rightful place among the best writers of her and our time
