philosophy David Bronstein sheds new light on this challenging text by arguing that it is coherently structured around two themes of enduring philosophical interest knowledge and learning The Posterior Analytics on Bronstein s reading is a sustained examination of scientific knowledge what it is and how it is acquired Aristotle first discusses two principal forms of scientific knowledge epist m and nous He then provides a compelling account in reverse order of the types of learning one needs to undertake in order to acquire them The Posterior Analytics thus emerges as an elegantly organized work in which Aristotle describes the mind s ascent from sense perception of particulars to scientific knowledge of first principles Bronstein also highlights Plato s influence on Aristotle s text For each type of learning Aristotle discusses Bronstein uncovers an instance of Meno s Paradox a puzzle from Plato s Meno according to which inquiry and learning are impossible and a solution to it In addition he argues against current orthodoxy that Aristotle is committed to the Socratic Picture of inquiry according to which one should seek what a thing s essence is before seeking its demonstrable attributes and their causes Aristotle on Knowledge and Learning will be of interest to students and scholars of ancient philosophy epistemology or philosophy of science Nietzsche and Political Thought Keith Ansell Pearson,2013-11-21 Nietzsche challenges the tenets of received political wisdom in a number of ways and his thinking contains resources for revitalising political thinking Nietzsche and Political Thought offers fresh insights into Nietzsche s relevance for contemporary political thought in light of recent advances in research in the field and key topics in contemporary theorising about politics An international team of leading scholars provide vital new perspectives on both core and novel topics including justice democratic theory biopolitics the multitude political psychology and the Enlightenment In spite of the controversies what becomes clear is that Nietzsche is vital for political thought and a more sensitive and nuanced approach than conventional understandings allow is required Nietzsche continues to have a lively presence in contemporary philosophy and this book reawakens interest in the political dimension of his thinking Wilf James Ley,2022-08-26 My story is about love No it s about loss No it s about love and loss and pain and loneliness But it s funny Calvin is going to completely revolutionise his life Escape his abusive boyfriend detonate his inner sex bomb see and shag the world Yes he s going to change things and everything will be wonderful and he s going to be so happy Definitely Finally Right Together with Wilf a rusty Volkswagen Polo which like Calvin has seen better days they hit the road on a wild ride of dodgy Airbnbs greasy takeaways anonymous graveyard sex and banging 80s power ballads ending up somewhere they never imagined they d go But is Calvin breaking free breaking down or just breakdancing in hot pants This riotous and heartfelt new play from James Ley Love Song to Lavender Menace takes audiences on a hilarious and unapologetic ride through Scotland as Calvin and Wilf attempt to escape loneliness cope with mental illness and learn to love themselves with the help of one another This edition was published alongside the production at Traverse Theatre for the Edinburgh Festival Fringe in August 2022 Great Ball of Light Evan Kuhlman,2015-03-10 On the title page the illustrator s name is crossed out and replaced with the name of Fiona North who s a character in the book Delphi
