## **Lyric Language:**

*Secular Lyric* John Michael, 2018-04-17 *Secular Lyric* interrogates the distinctively individual ways that Poe Whitman and Dickinson transformed classical romantic and early modern forms of lyric expression to address the developing conditions of Western modernity especially the heterogeneity of believers and beliefs in an increasingly secular society Analyzing historically and formally how these poets inscribed the pressures of the modern crowd in the text of their poems John Michael shows how the masses appear in these poets work as potential readers to be courted and resisted often at the same time Unlike their more conventional contemporaries Poe Whitman and Dickinson resist advising sermonizing or consoling their audiences They resist most familiar senses of meaning as well For them the processes of signification in print rather than the communication of truths become central to poetry which in turn becomes a characteristic of modern verse in the Western world Poe Whitman and Dickinson in idiosyncratic but related ways each disrupt conventional expectations while foregrounding language s material density thereby revealing both the potential and the limitations of art in the modern age

*Lyric Generations* G. Gabrielle Starr, 2015-11-01 Eighteenth century British literary history was long characterized by two central and seemingly discrete movements the emergence of the novel and the development of Romantic lyric poetry In fact recent scholarship reveals that these genres are inextricably bound constructions of interiority developed in novels changed ideas about what literature could mean and do encouraging the new focus on private experience and self perception developed in lyric poetry In *Lyric Generations* Gabrielle Starr rejects the genealogy of lyric poetry in which Romantic poets are thought to have built solely and directly upon the works of Chaucer Spenser Shakespeare and Milton She argues instead that novelists such as Richardson Haywood Behn and others while drawing upon earlier lyric conventions ushered in a new language of self expression and community which profoundly affected the aesthetic goals of lyric poets Examining the works of Cowper Smith Wordsworth Coleridge and Keats in light of their competitive dialogue with the novel Starr advances a literary history that considers formal characteristics as products of historical change In a world increasingly defined by prose poets adapted the new forms characters and moral themes of the novel in order to reinvigorate poetic practice Lyric

Tactics Ingrid Nelson, 2017-01-13 In *Lyric Tactics* Ingrid Nelson argues that the lyric poetry of later medieval England is a distinct genre defined not by its poetic features rhyme meter and stanza forms but by its modes of writing and performance which are ad hoc improvisatory and situational

**What Kind of a Thing Is a Middle English Lyric?** Cristina Maria Cervone, Nicholas Watson, 2022-08-30 *What Kind of a Thing Is a Middle English Lyric* considers issues pertaining to a corpus of several hundred short poems written in Middle English between the twelfth and early fifteenth centuries The chapters draw on perspectives from varied disciplines including literary criticism musicology art history and cognitive science Since the early 1900s the poems have been categorized as lyrics the term now used for most kinds of short poetry yet neither the difficulties nor the promise of this treatment have received enough attention In one way the book argues considering these

poems to be lyrics obscures much of what is interesting about them Since the nineteenth century lyrics have been thought of as subjective and best read without reference to cultural context yet nonetheless they are taken to form a distinct literary tradition Since Middle English short poems are often communal and usually spoken sung and or danced this lyric template is not a good fit In another way however the very differences between these poems and the later ones on which current debates about the lyric still focus suggest they have much to offer those debates and vice versa As its title suggests this book thus goes back to the basics asking fundamental questions about what these poems are how they function formally and culturally how they are and are not related to other bodies of short poetry and how they might illuminate and be illuminated by contemporary lyric scholarship Eleven chapters by medievalists and two responses by modernists all in careful conversation with one another reflect on these questions and suggest very different answers The editors introduction synthesizes these answers by suggesting that these poems can most usefully be read as a kind of play in several senses of that word The book ends with eight new Middle English lyrics by seven contemporary poets

*Handbook of the Arts in Qualitative Research*, 2022 **Giving Voice to Love** Judith A. Peraino, 2011-11-28 The lyrics of medieval courtly love songs are characteristically self conscious Giving Voice to Love investigates similar self consciousness in the musical settings Moments and examples where voice melody rhythm form and genre seem to comment on music itself tell us about musical responses to the courtly chanson tradition and musical reflections on the complexity of self expression **Adorno's Poetics of Form** Josh

Robinson, 2018-05-22 Adorno's Poetics of Form is the first book length examination of the elusive deployment of the concept of form in Adorno's writings on art and literature and the first monograph to offer a comprehensive account of the relation of these writings to his broader philosophical project It examines form within the constellation of concepts that exist around it considering how it appears when seen in conjunction with and in opposition to content expression genre and material Illuminated from these angles form is revealed as the site of a complex web of dynamic conceptual interactions The book thus offers a resolution to a problem in Adorno's work that has remained unsolved for several decades and in doing so sets out the consequences of Adorno's poetics for literary and critical theory today **The American Sonnet** Dora Malech, Laura

**Everyday Poetics** Brett Bourbon,2022-02-24 Locating poetry in a philosophy of the everyday Brett Bourbon continues a tradition of attention to logic in everyday utterances through Wittgenstein Austin Quine and Cavell arguing that poems are events of form not just collections of words which shape everyone s lives Poems taught in class are formalizations of the everyday poems we live amidst albeit unknowingly Bourbon resurrects these poems to construct an anthropology of form that centers everyday poems as events or

interruptions within our lives Expanding our understanding of what a poem is this book argues that poems be understood as events of form that may depend on words but are not fundamentally constituted by them This line of thought delves into a poem s linguistic particularity to ask what a poem is and how we know By reclaiming arenas previously ceded to essayists and literary writers Bourbon reveals the care and attention necessary to uncovering the intimate relationship between poems life reading and living A philosophical meditation on the nature of poetry but also on the meaning of love and the claim of words upon us Everyday Poetics situates the importance of everyday poems as events in our lives Notes to Literature

Theodor W. Adorno,2019-10-01 Notes to Literature is a collection of the great social theorist Theodor W Adorno s essays on such writers as Mann Bloch Hlderlin Siegfried Kracauer Goethe Benjamin and Stefan George It also includes his reflections on a variety of subjects such as literary titles the physical qualities of books political commitment in literature the light hearted and the serious in art and the use of foreign words in writing This edition presents this classic work in full in a single volume with a new introduction by Paul Kottman **Adorno and Performance** W. Daddario,K. Gritzner,2014-10-16 Adorno

and Performance offers the first comprehensive examination of the vital role of performance within the philosophy of Theodor W Adorno Capacious in its ramifications for contemporary life the term performance here unlocks Adorno s dialectical thought process which aimed at overcoming the stultifying uniformity of instrumental reason **Behind the Lines** Philip Metres,2007-05 Whether Thersites in Homer s Iliad Wilfred Owen in Dulce et Decorum Est or Allen Ginsberg in Wichita Vortex Sutra poets have long given solitary voice against the brutality of war The hasty cancellation of the 2003 White House symposium Poetry and the American Voice in the face of protests by Sam Hamill and other invited guests against the coming shock and awe campaign in Iraq reminded us that poetry and poets still have the power to challenge the powerful Behind the Lines investigates American war resistance poetry from the Second World War through the Iraq wars Rather than simply chronicling the genre Philip Metres argues that this poetry gets to the heart of who is authorized to speak about war and how it can be represented As such he explores a largely neglected area of scholarship the poet s relationship to dissenting political movements and the nation In his elegant study Metres examines the ways in which war resistance is registered not only in terms of its content but also at the level of the lyric He proposes that protest poetry constitutes a subgenre that by virtue of its preoccupation with politics history and trauma probes the limits of American lyric poetry Thus war resistance poetry and the role of what Shelley calls unacknowledged legislators is a crucial though largely unexamined body of writing that stands at the center of dissident political movements *Poetry and the Language of Oppression* Carmen Bagan,2021 Reflecting on the process of creating literature out of personal testimony and drawing on her own experience of political oppression and escaping persecution Carmen Bagan explores the relationship between language and freedom

Lyric Shame Gillian White,2014-10-13 Gillian White argues that the poetry wars among critics and practitioners are shaped by lyric shame an unspoken but pervasive embarrassment over what poetry is should be and fails to be Lyric is less a

specific genre than a way to project subjectivity onto poems an idealized poem that is nowhere and yet everywhere     The Event of Style in Literature M. Aquilina, 2014-09-16 The Event of Style in Literature brings discussions about the question of style up to date by schematising the principal issues relating to the topic through a critical overview of the canon of style studies It reads the work of Jacques Derrida Maurice Blanchot and Hans Georg Gadamer as groundbreaking and eventful interventions     *Reading Baudelaire with Adorno* Joseph Acquisto, 2023-05-04 Reading Baudelaire with Adorno examines Charles Baudelaire s oeuvre including verse poems prose poems and critical writings in dialogue with the aesthetic theory of Theodor Adorno for whom the autonomy of the artwork critically resists any attempt to view it merely as a product of its socio historic context Joseph Acquisto analyzes Baudelairean duality through the lens of dissonance arguing that the figure of the subject as a dissonant chord provides a gateway to Baudelaire s reconfiguration of subjectivity and objectivity in both esthetic and epistemological terms He argues that Baudelaire s dissonance depends on older models of subjectivity in order to define itself via the negation of romantic conceptions of a unified lyric subject in favor of one constituted simultaneously as subject and object This new understanding of subjectivity reconfigures our relationship to the work of art which will always surpass conceptual attempts to know it fully Acquisto offers a fresh take on some familiar themes in Baudelaire s work Dissonant subjectivity in Baudelaire rather than cancelling esthetic transcendence points to a different way forward that depends on a new and dialectical relation of subject and object
