MacArthur And Sutherland The Good Years:

The Good Years Paul P. Rogers, 1990-06-27 The first volume of a two volume series this book begins the intimate first hand look at a relationship that shaped the history of World War II that of General Douglas MacArthur and his Chief of Staff Lieutenant General Richard Sutherland Written by their chief clerk Paul P Rogers this series focuses on the command structure that developed between MacArthur and Sutherland and how it changed as the war progressed Told from the vantage point of one who was there it presents new information about the operations of the General Headquarters for the Pacific during the war This first volume begins with the prewar careers of MacArthur and Sutherland continues through Pearl Harbor and Corregidor followed by the epic struggles of 1942 and concludes with the campaign at Buna The book presents information that challenges contradicts and compliments the two major biographies of MacArthur and presents new documents never before seen Rogers here writes of the good years in the first half of the Pacific campaign where MacArthur and Sutherland were maintaining a good although increasingly strained relationship Rogers tells of his own position as MacArthur and Sutherland are alienated from each other in the accelerating scope and speed of operations Bound to be one of the definitive works on World War II this book will prove unforgettable for anyone with an interest in United States and military history

World War II in the Pacific Stanley Sandler, 2003-12-16 Stanley Sandler one of America's most respected and best known military historians has brought together over 300 entries by some 200 specialists in the field to create the first encyclopedia specifically devoted to the Pacific Theatre of World War II Extending far beyond battles and hardware the coverage ranges from high policy making grand strategy and the significant persons and battles of the conflict to the organization of the Allied and Japanese divisions aircraft armor artillery psychological warfare warships and the home fronts covering the interactions of each topic along the way

Marshall and His Generals Stephen R. Taaffe, 2011-10-18 General George C Marshall chief of staff of the U S Army during World War II faced the daunting task not only of overseeing two theaters of a global conflict but also of selecting the best generals to carry out American grand strategy Marshall and His Generals is the first and only book to focus entirely on that selection process and the performances both stellar and disappointing that followed from it Stephen Taaffe chronicles and critiques the background character achievements and failures of the more than three dozen general officers chosen for top combat group commands from commanders like Dwight Eisenhower and Douglas MacArthur to some nearly forgotten Taaffe explores how and why Marshall selected the Army's commanders Among his chief criteria were character including unselfish and devoted purpose education whether at West Point Fort Leavenworth or the Army War College and striking a balance between experience and relative youth in a war that required both wisdom and great physical stamina As the war unfolded Marshall also factored into his calculations the combat leadership his generals demonstrated and the opinions of his theater commanders Taaffe brings into sharp focus the likes of Eisenhower MacArthur George Patton Omar Bradley Walter Krueger Robert Eichelberger Courtney Hodges Lucian Truscott J

Lawton Collins Alexander Sandy Patch Troy Middleton Matthew Ridgeway Mark Clark and twenty five other generals who served in the conflict He describes their leadership and decision making processes and provides miniature biographies and personality sketches of these men drawn from their personal papers official records and reflections of fellow officers Delving deeper than other studies this path breaking work produces a seamless analysis of Marshall s selection process of operational level commanders Taaffe also critiques the performance of these generals during the war and reveals the extent to which their actions served as stepping stones to advancement Ambitious in scope and filled with sharp insights Marshall and His Generals is essential reading for anyone interested in World War II and military leadership more generally

The Philippines in World War II, 1941-1945 Walter F. Bell, 1999-12-30 Because of their strategic location the Philippines exercised a profound influence in the thinking of both Japanese and American strategists before and during World War II A number of controversies surrounding the preparations for war the initial defense of the islands the Japanese occupation the conduct of guerrilla operations and the 1944 1945 American campaign to retake the islands still draw the interest of students and scholars This work provides a finding aid for individuals seeking to deal with these issues A bibliographic overview of available periodical and book literature in English this book is multidimensional encompassing all aspects military political economic and social of the Pacific War as it relates to developments in the archipelago The book is an essential source for those looking for insights into the war s impact on Philippine society and also into military operations in and around the islands With a chronological summary of wartime events in the islands as well as the bibliography the work constitutes a major contribution to the furtherance of historical inquiry on World War II in the Philippines

MacArthur's Coalition Peter J. Dean, 2018-04-03 From 1942 1945 the Allies war in the Southwest Pacific was effectively a bilateral coalition between the United States and Australia under the command of General Douglas MacArthur By charting the evolution of the military effectiveness of the US Australian alliance MacArthur s Coalition puts the relationship between the United States and Australia at the center of the war against Japan Drawing on new primary source material Peter J Dean has written the first substantial book length treatment of the coalition as a combined military force This expansive and ambitious book provides a fresh perspective on the Pacific War by providing a close up in depth account of operations in the Southwest Pacific from the Kokoda Trail campaign to the reconquest of the Philippines and Borneo Dean s work takes the reader deep into the key military headquarters in the Southwest Pacific and reveals the discussions debates and arguments between key commanders and staff officers during the course of planning and waging a monumental conflict Drawing upon archival records across three continents Dean brings the qualities of these senior officers to life by exploring the critical importance of personalities and leadership in overcoming cultural doctrinal and organizational divides in the largely unequal alliance Set against the practicalities of fighting a fanatical enemy in some of the most inhospitable terrain in the war his book shows how despite these divides and MacArthur s difficult personality the US Australian coalition was able to forge a highly effective and

ultimately triumphant fighting machine With its unprecedented view of the joint nature of operations in the Southwest Pacific and its focus on frontline commanders and units in forging a successful fighting force MacArthur's Coalition illuminates a critical aspect of the Allied victory in World War II *World War II* Spencer C. Tucker, 2016-09-06 With more than 1 700 cross referenced entries covering every aspect of World War II the events and developments of the era and myriad related subjects as well as a documents volume this is the most comprehensive reference work available on the war This encyclopedia represents a single source of authoritative information on World War II that provides accessible coverage of the causes course and consequences of the war Its introductory overview essays and cross referenced A Z entries explain how various sources of friction culminated in a second worldwide conflict document the events of the war and why individual battles were won and lost and identify numerous ways the war has permanently changed the world The coverage addresses the individuals campaigns battles key weapons systems strategic decisions and technological developments of the conflict as well as the diplomatic economic and cultural aspects of World War II The five volume set provides comprehensive information that gives readers insight into the reasons for the war's direction and outcome Readers will understand the motivations behind Japan's decision to attack the United States appreciate how the concentration of German military resources on the Eastern Front affected the war's outcome understand the major strategic decisions of the war and the factors behind them grasp how the Second Sino Japanese War contributed to the start of World War II and see the direct impact of new military technology on the outcomes of the battles during the conflict The lengthy documents volume represents a valuable repository of additional information for student research **Fire and Fortitude** John C. McManus, 2020-08-04 WINNER OF THE GILDER LEHRMAN PRIZE FOR MILITARY HISTORY An engrossing epic history of the US Army in the Pacific War from the acclaimed author of *The Dead and Those About to Die* This eloquent and powerful narrative is military history written the way it should be James M McPherson Pulitzer Prize winning historian Out here mention is seldom seen of the achievements of the Army ground troops wrote one officer in the fall of 1943 whereas the Marines are blown up to the skies Even today the Marines are celebrated as the victors of the Pacific a reflection of a well deserved reputation for valor Yet the majority of fighting and dying in the war against Japan was done not by Marines but by unsung Army soldiers John C McManus one of our most highly acclaimed historians of World War II takes readers from Pearl Harbor a rude awakening for a military woefully unprepared for war to Makin a sliver of coral reef where the Army was tested against the increasingly desperate Japanese In between were nearly two years of punishing combat as the Army transformed at times unsteadily from an undertrained garrison force into an unstoppable juggernaut and America evolved from an inward looking nation into a global superpower At the pinnacle of this richly told story are the generals Douglas MacArthur a military autocrat driven by his dysfunctional lust for fame and power Robert Eichelberger perhaps the greatest commander in the theater yet consigned to obscurity by MacArthur's jealousy Vinegar Joe Stillwell a prickly soldier miscast

in a diplomat's role and Walter Krueger a German born officer who came to lead the largest American ground force in the Pacific. Enriching the narrative are the voices of men otherwise lost to history: the uncelebrated Army grunts who endured stifling temperatures, apocalyptic tropical storms, rampant malaria and other diseases as well as a fanatical enemy bent on total destruction. This is an essential, ambitious book, the first of three volumes, a compellingly written and boldly revisionist account of a war that reshaped the American military and the globe and continues to resonate today. INCLUDES MAPS AND PHOTOS

The Jersey Brothers Sally Mott Freeman, 2017-05-09 This extraordinary adventure of three brothers at the center of the most dramatic turning points of World War II is liable to break the hearts of Unbroken fans and it's all true. The New York Times. They are three brothers, all Navy men who end up coincidentally and extraordinarily at the epicenter of three of the war's most crucial moments. Bill, a naval intelligence officer, is tapped by FDR to set up and run his secret map room in the White House basement. Benny is the gunnery and anti-aircraft officer on USS Enterprise, one of the few ships to escape Pearl Harbor and by the end of 1942 the only aircraft carrier left in the Pacific to defend against the Japanese. Barton, the youngest, gets a plum commission in the Navy Supply Corps because his mother wants him out of harm's way. But this protection plan backfires when Barton is sent to Manila and listed as wounded and missing after a Japanese attack. Now it is up to Bill and Benny to find and rescue him. Based on a decade of research drawn from archives around the world, interviews with fellow shipmates and POWs, and half-forgotten letters stashed away in attics, *The Jersey Brothers* is a captivating tour de force. San Antonio Express News that whisks readers from America's front porches to Roosevelt's White House to the battlefronts of the Pacific. But at its heart, *The Jersey Brothers* is a family story written by one of its own in intimate, novelistic detail. It is a remarkable tale of agony and triumph of an ordinary young man who shows extraordinary courage as the enemy does everything short of killing him and of brotherly love tested under the tortures of war. *The Jersey Brothers* shines in singularity. A blend of history, family saga, and family questions, Freeman's book is a winning and moving success and adds an authoritative entry to the vast canon of war literature. Richmond Times Dispatch

The War Beat, Pacific Steven Casey, 2021-04-05 The definitive history of American war reporting in the Pacific theater of World War II from the attack on Pearl Harbor to the atomic bombings of Hiroshima and Nagasaki. After almost two years slogging with infantrymen through North Africa, Italy, and France, Ernie Pyle immediately realized he was ill-prepared for covering the Pacific War. As Pyle and other war correspondents discovered, the climate, the logistics, and the sheer scope of the Pacific theater had no parallel in the war America was fighting in Europe. From Pearl Harbor to Hiroshima and Nagasaki, *The War Beat Pacific* provides the first comprehensive account of how a group of highly courageous correspondents covered America's war against Japan: what they witnessed, what they were allowed to publish, and how their reports shaped the home front's perception of some of the most pivotal battles in American military history. In a dramatic and fast-paced narrative based on a wealth of previously untapped primary sources, Casey takes us from MacArthur's doomed defense on the Philippines and the navy's overly strict censorship

policy at the time of Midway through the bloody battles on Guadalcanal New Guinea Tarawa Saipan Leyte and Luzon Iwo Jima and Okinawa detailing the cooperation as well as conflict between the media and the military as they grappled with the enduring problem of limiting a free press during a period of extreme crisis The War Beat Pacific shows how foreign correspondents ran up against practical challenges and risked their lives to get stories in a theater that was far more challenging than the war against Nazi Germany while the US government blocked news of the war against Japan and tried to focus the home front on Hitler and his atrocities *The Japanese Empire Disaster* Jean Sénat Fleury, 2021-01-22 The book demonstrates that even if during the first period of the Shwa era 1931 1945 the real driving force to war was the Japanese military Hirohito as supreme commander gave full support to the army On multiple occasions as an emperor he sanctioned many government policies Accordingly he was responsible for the war and for the atrocities that the Japanese troops committed in Asia during the Pacific War Japan s *Empire Disaster* is a book of information and training a reference document that should be read as an educational tool on the history of the modernization of Japan and the war launched by Emperor Meiji and Hirohito to build Japan Empire in the Pacific and East Asia The book shares the view of the author on Hirohito s responsibility on the events that marked Japan s entry into the war that began when Japanese troops invaded Manchuria on September 19 1931 and culminated with Japan s surprise attack on the U S naval base at Pearl Harbor on December 7 1941

Great Military Leaders William T. Worthington, 2002 Great Military Leaders A Bibliography with Vignettes The Ghost Mountain Boys James Campbell, 2008-09-30 A harrowing portrait of a largely forgotten campaign that pushed one battalion to the limits of human suffering Despite their lack of jungle training the 32nd Division s Ghost Mountain Boys were assigned the most grueling mission of the entire Pacific campaign in World War II to march over the 10 000 foot Owen Stanley Mountains to protect the right flank of the Australian army during the battle for New Guinea Reminiscent of the classics like *Band of Brothers* and *The Things They Carried* *The Ghost Mountain Boys* is part war diary part extreme adventure tale and through letters journals and interviews part biography of a group of men who fought to survive in an environment every bit as fierce as the enemy they faced Theirs is one of the great untold stories of the war Superb Chicago Sun Times Campbell started out with history but in the end he has written a tale of survival and courage of near mythic proportions America in WWII magazine In this compelling and sprightly written account Campbell shines a long overdue light on the equally deserving heroes of the Red Arrow Division Military.com *Great Warrior Leaders/thinkers*, 1994 **Why Air Forces Fail** Robin Higham, Stephen J. Harris, 2006-02-17 Includes two new chapters One of the more interesting and better books on military aviation to appear in the last few years Journal of Military History Since the publication of the first edition of *Why Air Forces Fail* the debate over airpower s role in military operations has only intensified Here eminent historians Robin Higham and Stephen J Harris assemble a team of experts to add essential new details to their cautionary tale for current practitioners of aerial warfare Together the contributors examine the complex often deep seated reasons for the catastrophic failures of the

Russian Polish French British Italian German Argentine and American air services Complemented by reading lists and suggestions for further research this seminal study with two new chapters provides an essential and detailed analysis of defeat Contains many interesting insights and interpretations an excellent introduction to the study of military failure in general and air forces in particular Journal of America s Military Past I recommend this book to those who are interested in air forces and air power whether amateur or professional past present and future Richard Cobbold Bryanston The Yearbook Provides an excellent analysis of the root causes of failure this engaging study goes far beyond the aerial battlefield to examine the circumstances leading to defeat Dennis Drew Colonel USAF Ret *Generals of the Army* James H.

Willbanks,2013-05-01 A concise account of the extraordinary careers of the five men who had perhaps the greatest impact on the US military of the late twentieth century Andrew Wiest author of The Boys of 67 Charlie Company s War in Vietnam Formally titled General of the Army the five star general is the highest possible rank awarded in the U S Army in modern times and has been awarded to only five men in the nation s history George C Marshall Douglas MacArthur Dwight D Eisenhower Henry H Arnold and Omar N Bradley In addition to their rank these distinguished soldiers all shared the experience of serving or studying at Fort Leavenworth Kansas where they gained the knowledge that would prepare them for command during World War II and the Korean War In *Generals of the Army* James H Willbanks assembles top military historians to examine the connection between the institution and the success of these exceptional men Historically known as the intellectual center of the Army Fort Leavenworth is the oldest active Army post west of Washington D C and one of the most important military installations in the United States Though there are many biographies of the five star generals this innovative study offers a fresh perspective by illuminating the ways in which these legendary figures influenced and were influenced by Leavenworth This concise volume offers an intriguing look at the lives of these remarkable men and the contributions they made to the defense of the nation An excellent review of the lives and challenges on and off the battlefield during trying times for our country Ike Skelton Former Chairman House Armed Services Committee US Congress

Kinkaid of the Seventh Fleet Gerald E. Wheeler,1995 **MacArthur's Airman** Thomas E. Griffith, Jr.,2017-01-20 A fighter pilot who flew 75 combat missions in World War I George C Kenney was a charismatic leader who established himself as an innovative advocate of air power As General MacArthur s air commander in the Southwest Pacific during World War II Kenney played a pivotal role in the conduct of the war but until now his performance has remained largely unexplored Thomas Griffith offers a critical assessment of Kenney s numerous contributions to MacArthur s war efforts He depicts Kenney as a staunch proponent of airpower s ability to shape the outcome of military engagements and a commander who shared MacArthur s strategic vision He tells how Kenney played a key role in campaigns from New Guinea to the Philippines adapted aircraft pilots doctrine and technology to the demands of aerial warfare in the southwest Pacific and pursued daring strategies that likely would have failed in the European theater Kenney is shown to have been an operational and

organizational innovator who was willing to scrap doctrine when the situation called for ingenuity such as shifting to low level attacks for more effective bombing raids Griffith tells how Kenney established air superiority in every engagement provided close air support for troops by bombing enemy supply lines attacked and destroyed Japanese supply ships and carried out rapid deployment by airlifting troops and supplies Griffith draws on Kenney's diary and correspondence the personal papers of other officers and previously untapped sources to present a comprehensive portrayal of both the officer and the man He illuminates Kenney's relationship with MacArthur General Hap Arnold and other field commanders and closely examines factors in air warfare often neglected in other accounts such as intelligence training and logistical support MacArthur's Airman is a rich and insightful study that shows how air ground and marine efforts were integrated to achieve major strategic objectives It firmly establishes the importance of MacArthur's campaign in New Guinea and reveals Kenney's instrumental role in turning the tide against the Japanese **Routledge Library Editions: Historical Security**

Various,2021-08-26 This 12 volume set contains titles originally published between 1957 and 1992 International in scope the set looks at security and military history covering several battles particularly the first and second world wars Highlighting the difference between theory and practice it also explores the people involved in the policy making and strategy of war and the leaders tasked with carrying those decisions out **High Command** David Horner,2021-03-30 Since it was first published in 1982 High Command had become the standard reference for anyone interested in Australia's participation in the Second World War this edition was originally published in 1992 The 50th anniversary of battles such as Singapore Coral Sea and Kokoda in 1942 re awakened interest in these milestones in Australia's struggle for independence Despite the well known exploits of Australian servicemen in a score of famous battles Australia's contribution to the war was ultimately determined by the strategic policy makers in Canberra Washington and London How competent were our politicians military leaders and advisers in formulating our own war strategy How much did the performance of Australian troops on the battlefield affect our ability to influence allied strategy The author describes the clash between Generals Rowell and Blamey in Greece He reveals the impact of the secretary of the Department of Defence Sir Frederick Shedden on strategic policy making He analyses the role of intelligence especially signals intelligence in allied strategy He shows how Blamey's miscalculation in 1944 removed any chance of Australian troops joining the Americans in the Philippines And he reveals how a British admiral challenged the authority of the Australian government High Command presents the remarkable full story of the political battles behind the military battles **Naval War College Review** ,1993

Macarthur And Sutherland The Good Years Book Review: Unveiling the Power of Words
