## **MacArthur's Jungle War The 1944 New Guinea Campaign:**

**MacArthur's Jungle War** Stephen R. Taaffe, 1998 His book tells not only how victory was gained through a combination of technology tactics and army navy cooperation but also how the New Guinea campaign exemplified the strategic differences that plagued the Pacific War since many high ranking officers considered it a diversionary tactic rather than a key offensive

The Luzon Campaign 1945 Nathan N. Prefer, 2025-08-05 A full account of the Luzon campaign from the planning stages to the surrender of the Japanese general Yamashita The Luzon campaign of 1945 was the longest island campaign of the Pacific War lasting from January 1945 to September 1945 and only ended with the surrender of Imperial Japan It is often overlooked or mentioned in passing by most histories of that war yet hundreds of thousands of Americans and Japanese fought in some of the worst conditions imaginable for eight months to clear Luzon of the invaders This full account of the Luzon campaign stretches from planning stages to the end of the war and the surrender of over 50 000 Japanese troops under the noted Japanese general Yamashita The landings at Lingayen Gulf the Battle for Manila and the recapture of Corregidor are all included as well as lesser known battles for the summer capital of Baguio the battle for Manila's water supply constant jungle fighting the raids to rescue Allied POWs the recapture of Bataan destruction of the only Japanese armored division to fight in the Pacific American parachute drops on Corregidor and Aparri and much more Individual acts of heroism are highlighted as are the interactions among the senior commanders involved including General MacArthur General Krueger 6th Army and General Eichelberger 8th Army The book ends with the surrender of Imperial Japan and the end of the Luzon Campaign in September 1945

*MacArthur's Coalition* Peter J. Dean, 2018-04-03 From 1942 1945 the Allies war in the Southwest Pacific was effectively a bilateral coalition between the United States and Australia under the command of General Douglas MacArthur By charting the evolution of the military effectiveness of the US Australian alliance MacArthur's Coalition puts the relationship between the United States and Australia at the center of the war against Japan Drawing on new primary source material Peter J Dean has written the first substantial book length treatment of the coalition as a combined military force This expansive and ambitious book provides a fresh perspective on the Pacific War by providing a close up in depth account of operations in the Southwest Pacific from the Kokoda Trail campaign to the reconquest of the Philippines and Borneo Dean's work takes the reader deep into the key military headquarters in the Southwest Pacific and reveals the discussions debates and arguments between key commanders and staff officers during the course of planning and waging a monumental conflict Drawing upon archival records across three continents Dean brings the qualities of these senior officers to life by exploring the critical importance of personalities and leadership in overcoming cultural doctrinal and organizational divides in the largely unequal alliance Set against the practicalities of fighting a fanatical enemy in some of the most inhospitable terrain in the war his book shows how despite these divides and MacArthur's difficult personality the US Australian coalition was able to forge a highly effective and ultimately triumphant fighting

machine With its unprecedented view of the joint nature of operations in the Southwest Pacific and its focus on frontline commanders and units in forging a successful fighting force MacArthur's Coalition illuminates a critical aspect of the Allied victory in World War II *World War II in the Pacific* Stanley Sandler, 2003-12-16 Stanley Sandler one of America's most respected and best known military historians has brought together over 300 entries by some 200 specialists in the field to create the first encyclopedia specifically devoted to the Pacific Theatre of World War II Extending far beyond battles and hardware the coverage ranges from high policy making grand strategy and the significant persons and battles of the conflict to the organization of the Allied and Japanese divisions aircraft armor artillery psychological warfare warships and the home fronts covering the interactions of each topic along the way Naval Warfare 1919-45 Malcolm H. Murfett, 2008-11-04 *Naval Warfare 1919-45* is a comprehensive history of the war at sea from the end of the Great War to the end of World War Two Showing the bewildering nature and complexity of the war facing those charged with fighting it around the world this book ranges far and wide sweeping across all naval theatres and those powers performing major as well as minor roles within them Armed with the latest material from an extensive set of sources Malcolm H Murfett has written an absorbing as well as a comprehensive reference work He demonstrates that superior equipment and the best intelligence ominous power and systematic planning vast finance and suitable training are often simply not enough in themselves to guarantee the successful outcome of a particular encounter at sea Sometimes the narrow difference between victory and defeat hinges on those infinite variables the individual's performance under acute pressure and sheer luck *Naval Warfare 1919-45* is an analytical and interpretive study which is an accessible and fascinating read both for students and for interested members of the general public **Loyalty First** David A. Foy, 2023-08-31 Finalist 2023 Army Historical Foundation Distinguished Writing Awards provides critical texture to a historical figure often left pilloried without full context The balanced treatment of a complex flawed leader is valuable to understanding MacArthur's command and an instructive lesson for today's intelligence professionals and those who rely on intelligence to guide their decisions *Aether A Journal of Strategic Airpower Spacepower* Major General Charles A Willoughby served as Douglas MacArthur's stalwart chief intelligence officer G-2 for over a decade throughout World War II and the Korean War This first full biography examines Willoughby's shadowy origins in his native Germany his curious arrival in the United States and his military service in World War I as well as his work during the interwar years as a junior diplomat budding historian and neophyte intelligence officer His chance encounter with MacArthur in the mid 1930s would prove to be the genesis of a near symbiotic relationship between the two with significant consequences for both Throughout his life Willoughby identified with strong authoritarian leaders notably Franco and especially MacArthur The author also assesses Willoughby's performance as a professional intelligence officer both in World War II and Korea where he is often vilified for his inaccurate assessments of enemy strength and most likely courses of action as well as his sycophantic relationship with his commander Willoughby is most often criticized for his failing to foresee the

entry of Chinese forces into the Korean War and its impact upon the US Army and the prosecution of the war Following MacArthur's removal by President Truman in 1951 Willoughby retired and spent the rest of his days engaged in right wing political activity and in staunchly defending his much maligned boss The legacy he left is one filled with lingering and important questions about loyalty to superiors in civilian as well as military environments how far that loyalty should extend and walking the tightrope involved in telling truth to power

**Army History**, 1998 Over the Beach Donald W. Boose, 2008 Over the Beach written by historian and retired Army Colonel Donald W Boose Jr is the definitive history of the extensive but little known US Army amphibious operations during the Korean War 1950-1953 Building on its extensive experience in World War II the Army conducted three major landing operations during the war including the assault at Inchon in September 1950 After the massive Chinese attacks two months later the Army executed a series of amphibious withdrawals as it fell back to more defensible positions farther down the peninsula Throughout the war the Army also conducted a number of massive and complex over the shore logistical operations as well as several amphibious special operations along the Korean littoral Colonel Boose's work commissioned by DAMO ODG Operations and Technology Office provides the historical context for any subsequent amphibious operations on the Korean peninsula As such this thought provoking study may provide insights to modern planners crafting future joint or combined operations in that part of the world Publisher's Description Tropical Warfare in the Asia-Pacific Region, 1941-45 Kaushik Roy, 2017-10-25 This is the first book to provide a comprehensive overview of the land war during the Second World War in South East Asia and the South and South West Pacific The extensive existing literature focuses on particular armies Japanese British American Australian or Indian and or on particular theatres the Philippines Papua New Guinea Malaya or Burma This book on the contrary argues that warfare in all the theatres was very similar especially the difficulties of the undeveloped terrain and that there was considerable interchange of ideas between the allied armies which enabled the spread of best practice among them The book considers tactics training technology and logistics assesses the changing state of the combat effectiveness of the different armies and traces the course of the war from the Japanese Blitzkrieg of 1941 through the later stalemate and the hard fought Allied fightback Although the book concentrates on ground forces due attention is also given to air forces and amphibious operations One important argument put forward by the author is that the defeat of the Japanese was not inevitable and that it was brought about by chance and considerable tactical ingenuity on the part of US and British imperial forces

**Rocky Boyer's War** Allen D Boyer, 2017-05-15 In Rocky Boyer's War Allen Boyer offers a wry keen eyed and occasionally disgruntled counterpoint history of the hard fought brilliant campaign that won World War II in the Southwest Pacific Based in part on an unauthorized diary kept by the author's father 1st Lt Roscoe Rocky Boyer this narrative history offers the reader an account of Allied air commander Gen George Kenney's air blitz offensive as it was lived both in the cockpit and on the ground During 1944 as Gen Douglas MacArthur's forces fought their way from New Guinea to the

Philippines Kenney discarding pre war doctrine planned and ran an air blitz offensive His 5th Air Force drove forward like a tank army crash landing in open country seizing terrain bulldozing new airfields winning air control and moving forward At airfields on the front line Rocky kept the radios working for the 71st Tactical Reconnaissance Group a fighter bomber unit Diaries were forbidden but Rocky kept one full of casualties accidents off duty shenanigans and rear area snafus He had friends killed when they shot it out with Japanese anti aircraft gunners or when their bombers vanished in bad weather He wrote about wartime camp life at Nadzab New Guinea the largest air base in the world part Scout camp and part frontier boomtown He knew characters worthy of Catch 22 combat flyers who played contract bridge military brass who played office politics black quartermasters and chaplains who stood up to colonels when a promotion party ended with drunken gunplay and dynamite This is a narrative of the war as airmen lived it Rocky s experience of life on the front line gives from the bottom up detail to the framework of Kenney s air blitz The author uses Rocky s story as a jumping off point from which to understand the daily life pranks mishaps and casualties of the men who in 1944 fought their way over the two thousand miles from New Guinea to the Philippines

*Unconditional Defeat* Thomas W. Zeiler, 2004 Unconditional Defeat the second book in a Pacific War trilogy that is part of SR Books Total War series examines the concluding stages of World War II in Asia and the Pacific from November 1943 until September 1945 Thomas W Zeiler argues that this war without mercy could only come to one conclusion the complete unconditional defeat of Japan by a mobilized overwhelming vengeful United States Zeiler describes these final 22 months of the Pacific War as a story of contrasts While the U S launched a methodical smothering attack with all the means at its disposal Japan fought a fierce yet hopeless defense with diminishing supplies By November 1943 Japan lacked the necessities not just for victory as in the earlier phases of the war but for adequate defense The Japanese had no options The strategic planning rested with the Americans Zeiler s gripping and

thorough overview discusses other contrasts between the two foes The Americans planned multiple advances in the Pacific Ocean and on the Asian mainland They used a massive number of troops devised and adopted new amphibious techniques and deployed the new nuclear category of weapons The Japanese stubbornly but desperately clung to their territory often with the basest of defenses By August 1945 the United States forces at sea on land and in the air had brought Japan near complete defeat In addition the Japanese Empire was diplomatically isolated Japanese politics was in turmoil the government faced rebellion and the Emperor stood on the brink of extinction Wracked by the destruction of the homeland from the air and blockade by sea Japanese society veered near chaos and the people peered into the abyss of an uncertain future In the meantime America s military had experienced such horrors at the hands of Japan that the U S made the difficult decision to unleash the atomic bomb Despite the stark differences between the U S and Japan argues Zeiler there was one aspect of the war that both sides held i

*Race of Aces* John R Bruning,2020-01-14 The astonishing untold story of the WWII airmen who risked it all in the deadly race to become the greatest American fighter pilot In 1942 America s deadliest fighter pilot or ace of aces the legendary Eddie Rickenbacker offered a bottle of bourbon to the first U S fighter pilot to break his record of twenty six enemy planes shot down Seizing on the challenge to motivate his men General George Kenney promoted what they would come to call the race of aces as a way of boosting the spirits of his war weary command What developed was a wild three year sprint for fame and glory and the chance to be called America s greatest fighter pilot The story has never been told until now Based on new research and full of revelations John Bruning s brilliant original book tells the story of how

five American pilots contended for personal glory in the Pacific while leading Kenney's resurgent air force against the most formidable enemy America ever faced. The pilots Richard Bong, Tommy McGuire, Neel Kearby, Charles MacDonald, and Gerald Johnson riveted the nation as they contended for Rickenbacker's crown. As their scores mounted, they transformed themselves from farm boys and aspiring dentists into artists of the modern dogfight. But as the race reached its climax, some of the pilots began to see how the spotlight warped their sense of duty. They emerged as leaders beloved by their men as they chose selfless devotion over national accolades. Teeming with action all across the vast Pacific theater, *Race of Aces* is a fascinating exploration of the boundary between honorable duty, personal glory, and the complex landscape of the human heart. Brings you into the cockpit of the lethal, fast-paced world of fighter pilots. Fascinating. Sara Vladic. Extraordinary, a must-read. US Navy Captain Dan Pedersen. A heart-pounding narrative of the courage, sacrifice, and tragedy of America's elite fighter pilots. James M. Scott. Vivid and gripping. Confirms Bruning's status as the premier war historian of the air. Saul David. **The Battle of Manila** Nicholas Evan Sarantakes, 2025. Douglas MacArthur had a special relationship with the city of Manila. Many years before when he had decided to make a career in the U.S. Army like his father and had bounced around the globe, he kept coming back to the city. He received his first promotion in Manila and contracted malaria so severe the Army had to send him back to the United States. The city was a constant in a life without many others. He was by any measure an exceptional soldier. At the U.S. Military Academy, he earned an athletic letter in baseball, became the First Captain of the Corps of Cadets, and finished first in a class of ninety-three. Commissioned in the Corps of Engineers, he had his first assignment in the Philippines.
