*The Sarah Siddons Audio Files* Judith Pascoe, 2013-03-01 The theatre scholar's daunting but irresistible quest to recover some echoes of performance of the past has never been more engagingly presented than in Pascoe's account of tracing the long silenced voice of Sarah Siddons. Her report is a warm witty and highly informative exploration of the methodology and the pleasures of historical research. Marvin Carlson author of *The Haunted Stage: The Theatre as Memory Machine*. During her lifetime 1755-1831 English actress Sarah Siddons was an international celebrity acclaimed for her performances of tragic heroines. We know what she looked like: an endless number of artists asked her to sit for portraits and sculptures but what of her famous voice reported to cause audiences to hyperventilate or faint. In *The Sarah Siddons Audio Files* Judith Pascoe takes readers on a journey to discover how the actor's voice actually sounded. In lively and engaging prose Pascoe retraces her quixotic search which leads her to enroll in a Voice for Actors class to collect Lady Macbeth voice prints and to listen more carefully to the soundscape of her life. Bringing together archival discoveries, sound recording history and media theory, Pascoe shows how romantic poets' preoccupation with voices is linked to a larger cultural anxiety about the voice's ephemerality. *The Sarah Siddons Audio Files* contributes to a growing body of work on the fascinating history of sound and will engage a broad audience interested in how recording technology has altered human experience.

*Macbeth* Nick Moschovakis, 2008-03-03 This volume offers a wealth of critical analysis supported with ample historical and bibliographical information about one of Shakespeare's most enduringly popular and globally influential plays. Its eighteen new chapters represent a broad spectrum of current scholarly and interpretive approaches from historicist criticism to performance theory to cultural studies. A substantial section addresses early modern themes with attention to the protagonists and the discourses of politics, class, gender, the emotions and the economy along with discussions of significant minor characters and less commonly examined textual passages. Further chapters scrutinize Macbeth's performance, adaptation and transformation across several media: stage, film, text and hypertext in cultural settings ranging from early nineteenth century England to late twentieth century China. The editor's extensive introduction surveys critical theatrical and cinematic interpretations from the late seventeenth century to the beginning of the twenty first while advancing a synthetic argument to explain the shifting relationship between two conflicting strains in the tragedy's reception. Written to a level that will be both accessible to advanced undergraduates and at the same time useful to post graduates and specialists in the field, this book will greatly enhance any study of Macbeth. Contributors: Rebecca Lemon, Jonathan Baldo, Rebecca Ann Bach, Julie Barmazel, Abraham Stoll, Lois Feuer, Stephen Deng, Lisa Tomaszewski, Lynne Bruckner, Michael David Fox, James Wells, Laura Engel, Stephen Buhler, Biqi Beatrice Lei, Kim Fedderson and J. Michael Richardson. Bruno Lessard, Pamela Mason.

*Macbeth*, 2019 *Sound effects* Laura Jayne Wright, 2023-06-27 This book shows that the sounds of the early modern stage do not only signify but are also significant. Sounds are weighted with meaning offering a complex system of allusions. Playwrights such as Jonson and

Shakespeare developed increasingly experimental soundscapes from the storms of King Lear 1605 and Pericles 1607 to the explosive laboratory of The Alchemist 1610 Yet sound is dependent on the subjectivity of listeners this book is conscious of the complex relationship between sound as made and sound as heard Sound effects should not resound from scene to scene without examination any more than a pun can be reshaped in dialogue without acknowledgement of its shifting connotations This book listens to sound as a rhetorical device able to penetrate the ears and persuade the mind to influence and to affect
