Machete Season The Killers In Rwanda Speak:

Machete Season Jean Hatzfeld, 2005-06-15 A veteran foreign correspondent reports on the results of his interviews with nine Hutus who helped to kill 50 000 out of their 59 000 Tutsi neighbors This testimony of the Rwanda horror reconsiders the foundation of human morality and ethics *Machete Season* Jean Hatzfeld, 2003 **Life Laid Bare** Jean Hatzfeld, 2007-10-15 To make the effort to understand what happened in Rwanda is a painful task that we have no right to shirk it is part of being a moral adult Susan Sontag In the late 1990s French author and journalist Jean Hatzfeld made several journeys into the hilly marshy region of the Bugesera one of the areas most devastated by the Rwandan genocide of April 1994 where an average of five out of six Tutsis were hacked to death with machete and spear by their Hutu neighbors and militiamen In the villages of Nyamata and Ntarama Hatzfeld interviewed fourteen survivors of the genocide from orphan teenage farmers to the local social worker For years the survivors had lived in a muteness as enigmatic as the silence of those who survived the Nazi concentration camps In *Life Laid Bare* they speak for those who are no longer alive to speak for themselves they tell of the deaths of family and friends in the churches and marshes to which they fled and they attempt to account for the reasons behind the Tutsi extermination For many of the survivors life has broken down while for others it has stopped and still others say that it absolutely must go on These horrific accounts of life at the very edge contrast with Hatzfeld's own sensitive and vivid descriptions of Rwanda's villages and countryside in peacetime These voices of courage and resilience exemplify the indomitable human spirit and they remind us of our own moral responsibility to bear witness to these atrocities and to never forget what can come to pass again Winner of the Prix France Culture and the Prix Pierre Mille *Life Laid Bare* allows us in the author's own words to draw as close as we can get to the Rwandan genocide , **The International Bank of Bob** Bob Harris, 2014-02-18 Describes the founding of the Kiva.org micro loan portal and visits to the world regions where the organization's loans have enabled people and small businesses to revitalize **Stumbling in Holiness** Brian P. Flanagan, 2018-09-25 In *Stumbling in Holiness* professor and theologian Brian P. Flanagan addresses the ways in which both holiness and sinfulness condition the life of the pilgrim church The book is rooted in a liturgical theological explanation of how the church prays through its continuing need for repentance and purification as well as its belief in its present and future participation in the life of the Holy One After reviewing some of the ways in which past theologians have tried to explain the coexistence of ecclesial holiness and sinfulness Flanagan suggests that even if we can have confidence that God will fully sanctify the church in the reign of God our ecclesiology must always attend to both the sanctity we already experience in the church and the sinfulness that is part of our continuing journey toward that reign

Perspectives on Evil, 2019-10-07 The question of evil is one of the oldest and most intensely studied topics in intellectual history In fiction legend and mythology the boundary between good and evil is often depicted as clear cut at least to the reader or listener who is supposed to understand such tales as lessons and warnings Evil is something that must be avoided by the hero in some cases and vanquished in others it is either the exact opposite of the expected good behaviour or its complete absence Even so for the characters in these didactic fictions it turns out to be deceptively easy to fall to the infernal dark side This volume draws on the expertise of an interdisciplinary group of contributors to chart events and deeds of an evil nature that have been lived in the recent past and have become part of history from individual to institutionalised evil

regulations impacting expression **Revisiting Modernity and the Holocaust** Jack Palmer, Dariusz Brzeziński, 2022-04-18

Zygmunt Bauman's *Modernity and the Holocaust* is a decisive text of intellectual reflection after Auschwitz in which Bauman rejected the idea that the Holocaust represented the polar opposite of modernity and saw it instead as its dark potentiality. Bringing together leading scholars from across disciplines, this volume offers the first set of focused and critical commentaries on this classic work of social theory, evaluating its ongoing contribution to scholarship in the social sciences and humanities. Addressing the core messages of *Modernity and the Holocaust* that continue to sound amidst the convulsions of the present, the chapters situate Bauman's volume in the social, cultural, and academic context of its genesis and consider its role in the complex processes of Holocaust memorialisation. Offering extensions of Bauman's thesis to lesser known and undertheorised events of mass violence and also considering the significance of Janina Bauman's writings in their own right, this volume will appeal to scholars of sociology, intellectual history, Holocaust and genocide studies, moral philosophy, memory studies, and cultural theory.
