## **Machine Politics Chicago Model:**

**Machine Politics: Chicago Model** Harold Foote Gosnell, 1968      **Machine Politics** Harold Foote Gosnell, 2017-11-06

Excerpt from Machine Politics Chicago Model If time and money had permitted the present study would have been entirely comparative Wherever possible an attempt has been made to show how typical of other cities the patterns of political behavior are in Chicago Fortunately in the past ten years a number of studies of the party politics of other cities has appeared and in so far as these studies yielded comparable data they have been compared with the findings reached in Chicago Peel's study of New York City political clubs Salter's and Kurtzman's quite different analyses of Philadelphia district leaders and Mosher's research on upstate committee men in New York State have all furnished the basis of significant comparisons However none of these studies of other cities purports to cover as broad a field as the present analysis The present study not only attempts to examine the party machine and the characteristics of the party workers but also presents an analysis of voting behavior in candidate and proposition elections Among the influences studied are the circulations of the important daily newspapers in Chicago To the writer's knowledge in no other city has so exhaustive a study been made of the social and economic background of voting behavior The present analysis is a highly condensed presentation of the main findings of a number of studies Preliminary manuscripts on the operation of the referendum in Chicago and on the 19928 committeemen are each longer than this book itself The case stories of ward and precinct committeemen could be amplified and multiplied Records were obtained regarding one hundred and seventy five ward leaders and nine hundred precinct captains As far as possible the materials presented are the most representative Those who are interested in a detailed study of two typical ward leaders in Chicago and the groups they serve should consult the author's Negro Politicians The Rise of Negro Politics in Chicago About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works      *Machine Politics* Harold F. Gosnell, 1971      **Machine Politics** Harold Foote Gosnell, 1939      *Machine politics* Harold F. Gosnell, 1968      Machine Politics in Transition Thomas M. Guterbock, 1980-03-01 Since 1932 elections and decision making in Chicago have been dominated by the Regular Democratic Organization of Cook County led for a quarter of a century by the late Mayor Richard J Daley The extraordinary longevity of this Democratic machine provides the basis for this penetrating investigation into the nature of machine politics and grassroots party organization For three years Thomas M Guterbock participated in the daily activities of the Regular Democratic Organization in one North Side Chicago ward in order to discover how political machines win the support of the

urban electorate Guterbock's participant observation data supplemented by a sample survey of ward residents attitudes toward and contacts with the machine provide convincing evidence that the most widely accepted notions of how political machines work are no longer correct. Contrary to conventional wisdom about the machine Guterbock finds that the party does not secure votes by doing favors for people nor do services rendered determine actual voting behavior. Instead party loyalty is governed by such factors as social status, educational achievement and bureaucratic competence. Guterbock finds that Democratic loyalists are drawn disproportionately from the ward's lowest strata. Ironically the characteristics of these loyal Democrats contrast sharply with the characteristics of those most likely to use party services. What keeps the machine going then? To answer this question Guterbock takes us behind the scenes for a unique look inside the ward club. He shows how members develop loyalty and motivation beyond concern for their own pocketbooks. And he analyzes the public involvement of machine politicians in neighborhood affairs describing the skillful sometimes devious ways in which they appeal to their constituents sense of community. By focusing on the interplay of party loyalty and community attachments Guterbock is able to explain the continued hegemony of Chicago's political machine and its enduring image of legitimacy.

**Machine Politics** Harold Foote Gosnell, 1968 *Machine Politics : Chicago Model. Foreword by W. F. Ogburn* Harold F.. Gosnell, 1939 *The Political Party Matrix* J. P. Monroe, 2001-04-12 The Political Party Matrix focuses on the organizational life of the party as it emerges through the collaboration of elected officials. Monroe argues that rather than experiencing an institutional or bureaucratic rebirth the parties remain what they have always been institutions through which elites coordinate their activities in the political process requiring neither an elaborate bureaucracy nor a formal organization. Monroe contends that the growth of political staff allows the incumbent to attract and retain a stable core of workers who can handle the tasks vital to the maintenance of the incumbent's personal political apparatus. Working together these personal political apparatuses create intricate structures for electoral coordination. Using interviews and state and national data Monroe provides evidence that office holders and their organizations coordinate their efforts to help other candidates in the electoral arena they have a complex grooming and recruitment apparatus and they cooperate in government to satisfy their supporters. The result is an elaborate party network based on the interaction and collaboration of these local units.

**Political Science** William J. Crotty, 1991 In this volume the study of legislatures has traditionally been a central preoccupation of political scientists. Legislatures provide good laboratories for testing theories and methodologies of significance in the discipline and more broadly for contributing to an understanding of how representative government works.

Race, Space, and Riots in Chicago, New York, and Los Angeles Janet L. Abu-Lughod, 2007-09-10 Race Space and Riots in Chicago New York and Los Angeles weaves together historical narratives of major riots with the changing contexts in which they have occurred to show how urban space politics and economic conditions not simply an abstract race conflict all structure the form and virulence of urban rebellions. Comparing six major race riots that occurred in the three largest

American metropolitan centers Abu Lughod draws upon archival research primary and secondary sources and field work to reconstruct events especially for the 1964 Harlem riot and Chicago's 1968 riots where no single study currently exists

**Bossism and Reform in a Southern City** James Duane Bolin, 2021-12-14 William Frederick Billy Klair 1875-1937 was the undisputed czar of Lexington Kentucky for decades As political boss in a mid sized southern city he faced problems strikingly similar to those of large cities in the North As he watched the city grow from a sleepy market town of 16 000 residents to a bustling active urban center of over 50 000 Klair saw changes that altered not just Lexington but the nation and the world urbanization industrialization and immigration But Klair did not merely watch these changes like other political bosses and social reformers he actively participated in the transformation of his city As a political boss and a practitioner of what George Washington Plunkitt of Tammany Hall referred to as honest graft Klair applied lessons of organization innovation manipulation power and control from the machine age to bring together diverse groups of Lexingtonians and Kentuckians as supporters of a powerful political machine James Duane Bolin also examines the underside of the city once known as the Athens of the West He balances the postcard view of Bluegrass mansions and horse farms with the city's well known vice district housing problems racial tensions and corrupt politics With the reality of life in Lexington as a backdrop the career of Billy Klair provides as a valuable and engaging case study of the inner workings of a southern political machine

**The Price of a Vote in the Middle East** Daniel Corstange, 2016-09 Some ethnic communities receive generous material rewards for their political support whilst others only receive very modest payoffs The Pan American Book Shelf, 1948

**The American Presidency Under Siege** Gary L. Rose, 1997-01-01 Attributes the failure of the modern presidency to the development of a political system that inherently impedes creative leadership and offers prescriptive measures to restore the governing capacity of the president This book explores the failure of the modern American presidency a failure the author attributes to the development of a political system that impedes creative leadership The American presidency Gary L Rose argues is under siege Surrounded and blockaded by a reactionary Congress an entrenched bureaucracy an aggressive media lobbyists political action committees and special interest groups American presidents fail not because of a lack of ability or character but because of the political system and style of politics inside the Beltway Rose ascribes this emergence of a political system that obstructs presidential leadership to the decline of political parties as electoral and governing mechanisms As political parties have declined presidents have lost vital political connections that historically have enhanced their capacity to lead He presents a variety of prescriptive measures including political party and legal reform that have the potential to restore political parties and the governing capacity of the presidency This book fills an important gap in the literature on both the presidency and parties The most original and provocative parts of the book concern the author's proposals for reforming the national conventions in order to revitalize them as decision making federal bodies and thus to simultaneously de-emphasize the role of candidate centered party weakening primaries Also I am

intrigued by the fact that Rose elaborates on the role of patronage in party building and explores patronage reform for the purpose of both strengthening the parties and helping presidents govern more effectively Sean J Savage Saint Mary's College  
The unique quality of this book is the manner in which it presents the problems of the presidency and the exciting manner in which it chooses among the various reforms presented The result is a very readable and stimulating book on the presidency It will take its place with Cronin's *The State of the Presidency* and *Rethinking the Presidency* as an important work in presidential studies but it will stand alone because of its critical and prescriptive character Robert D Loevy Colorado College

**Women, Gender, and Politics** Mona Krook, Sarah Childs, 2010-03-18 Six areas of research of the subjects of women gender and politics are debated social movements political parties elections political representation public policy and the state  
**Judge Aaron Jaffe: Reforming Illinois** Charles M. Barber, 2016-03-19 Judge Aaron Jaffe *Reforming Illinois* is an oral history of Aaron Jaffe's legislative judicial and executive branch careers It is also a story of how the author met Judge Jaffe and gained wisdom from a master politician operating in one of America's most notorious political battlegrounds As legislator Jaffe changed rape laws to reflect victims' perspectives Though white he was recruited to the Black Caucus because of a better voting record than other legislators black or white As judge he presided over divorce laws he passed as legislator and in Chancery Court preserved the Auditorium Theatre for Roosevelt University As chair of the Illinois Gaming Board he kept Illinois from adding other episodes to its scandal-ridden traditions In mutual appreciation Aaron Jaffe listened to stories of genuine characters in Illinois politics that defy the imagination of fiction writers Their hilarious foibles machinations and insights appear in this volume alongside Judge Jaffe's witty observations about humans as political animals Chicago's Modern Mayors Dick Simpson, Betty O'Shaughnessy, 2024-01-23 Political profiles of five mayors and their lasting impact on the city Chicago's transformation into a global city began at City Hall Dick Simpson and Betty O'Shaughnessy edit in depth analyses of the five mayors that guided the city through this transition beginning with Harold Washington's 1983 election Washington Eugene Sawyer Richard M Daley Rahm Emanuel and Lori Lightfoot Though the respected political science sociologist and journalist contributors approach their subjects from distinct perspectives each essay addresses three essential issues how and why each mayor won the office whether the City Council of their time acted as a rubber stamp or independent body and the ways the unique qualities of each mayor's administration and accomplishments influenced their legacy Filled with expert analysis and valuable insights *Chicago's Modern Mayors* illuminates a time of transition and change and considers the politicians who for better and worse shaped the Chicago of today *The Caribbeanization of Black Politics* Sharon D. Wright Austin, 2018-03-01 Examines the continuing ethnic diversification of black America and its impact on black political empowerment In *The Caribbeanization of Black Politics* Sharon D Wright Austin explores the impact of ethnic diversification of African American communities on the prospects for black political empowerment Focusing on Boston Chicago Miami and New York City cities that for the last several years have experienced an influx of black immigrants she

surveyed more than two thousand African Americans Cape Verdeans Haitians and West Indians Although many studies conclude that African American group consciousness causes them to participate in politics at higher rates when socioeconomic status is controlled for Wright Austin analyzes whether this is true for other black groups She assesses the current political incorporation of these groups by looking at data on public officeholders and by examining political coalitions and conflicts among the groups and she also discusses the possible future of black political development in these cities The greatest contribution of this book is its analysis of black ethnics in a diverse geographic space Moving beyond the New York City lens to Boston Chicago and Miami is something that has never been done in political science This book is incredibly important Christina M Greer author of Black Ethnics Race Immigration and the Pursuit of the American Dream **Making a New Deal** Elizabeth Cohen, 2014-11-06 Examines how ordinary factory workers became unionists and national political participants by the mid 1930s
