Watt,2017-05-09 David Harrington Watt's *Antifundamentalism in Modern America* gives us a pathbreaking account of the role that the fear of fundamentalism has played and continues to play in American culture. Fundamentalism has never been a neutral category of analysis and Watt scrutinizes the various political purposes that the concept has been made to serve. In 1920 the conservative Baptist writer Curtis Lee Laws coined the word fundamentalists. Watt examines the antifundamentalist polemics of Harry Emerson Fosdick, Talcott Parsons, Stanley Kramer and Richard Hofstadter which convinced many Americans that religious fundamentalists were almost by definition backward, intolerant and anti intellectual and that fundamentalism was a dangerous form of religion that had no legitimate place in the modern world. For almost fifty years the concept of fundamentalism was linked almost exclusively to Protestant Christians. The overthrow of the Shah of Iran and the establishment of an Islamic republic led to a more elastic understanding of the nature of fundamentalism. In the late 1970s and early 1980s Americans became accustomed to using fundamentalism as a way of talking about Muslims, Jews, Hindus, Sikhs and Buddhists as well as Christians. Many Americans came to see Protestant fundamentalism as an expression of a larger phenomenon that was wreaking havoc all over the world. *Antifundamentalism in Modern America* is the first book to provide an overview of the way that the fear of fundamentalism has shaped U.S. culture and it will lead readers to rethink their understanding of what fundamentalism is and what it does. *Christian America and the Kingdom of God* Richard T. Hughes, Christina Littlefield,2025-03-11 The myth of a Christian America fuels a powerful political force sure of its moral superiority and intent on implementing a Christian nationalist agenda. Richard T. Hughes and Christina Littlefield draw on discussions of civil religion and forms of nationalism to explore the complex legal and cultural arguments for a Christian America. The authors also provide an in depth examination of the Bible's words on the chosen nation and kingdom of God that Christian nationalists quote to support the idea of the US as a Christian nation. A timely new edition of the acclaimed work *Christian America and the Kingdom of God* spotlights how the centuries long pursuit of a Christian America has bred an aggressive white Christian nationalism that twists faith, unleashes unchristian behavior and threatens the nation.

Stealing America's Future William Steiner,2010-04 *Stealing America's Future* makes a comparison of today's America to late 19th Century Europe using two rare books: *The Conventional Lies of our Civilization* by Nordau describing Europe's elitist leadership and *The Soviets at Work* by Lenin outlining the Russian Revolution as it took place. Not a part of the discussion of history, both provide frightening detail about the nuances of the geopolitics of Europe circa 1900 that relate to today's America. Using heartwarming family stories, humorous anecdotes, incisive criticism and cold factual analysis, it describes how progressive liberalism with its attempts at social engineering and excessive permissiveness has brought social and economic disaster to America. David Letterman relating to Sarah Palin: I fear he sees her as more man than he will ever be and more woman than he will ever get. Bill Maher relating to Michelle Obama: my only conclusion about Maher is that he is just another angry little bully who is fearful of powerful women. Is it time to separate the North American Continent into a

federation of smaller component nations better reflecting the economics and ethos of these individual component nations yet having our common defense as the only connection or do we need to get back to the Constitution our founders gave to us Raised in a poor farm family in Pawnee County Nebraska Dr Steiner had the ethics of hard work and family values as his primary guide post to succeed Working his way through college and graduating from the University of Nebraska in 1973 he located his dental practice in an economically impacted area of Omaha Nebraska where he also worked in a public health clinic developing insights with regard to what motivates people He is a pilot and an accomplished martial artist attaining several black belts He was featured in a Sun Up Interview by the Omaha World Herald s Robert McMorris and was also featured in an interview by William Rush in the League of Human Dignity paper where Sensei Steiner outlined his martial arts training strategies for handicapped persons He was called by Charles Kuralt to panel a discussion of the Gulf Crisis for CBS News before the Gulf War

America's Education Deficit and the War on Youth Henry A. Giroux, 2013-04-01 America's latest war according to renowned social critic Henry Giroux is a war on youth While this may seem counterintuitive in our youth obsessed culture Giroux lays bare the grim reality of how our educational social and economic institutions continually fail young people Their systemic failure is the result of what Giroux identifies as four fundamentalisms market deregulation patriotic and religious fervor the instrumentalization of education and the militarization of society We see the consequences most plainly in the decaying education system schools are increasingly designed to churn out drone like future employees imbued with authoritarian values inured to violence and destined to serve the market And those are the lucky ones Young people who don't conform to cultural and economic discipline are left to navigate the neoliberal landscape on their own if they are black or brown they are likely to become ensnared by a harsh penal system Giroux sets his sights on the war on youth and takes it apart examining how a lack of access to quality education unemployment the repression of dissent a culture of violence and the discipline of the market work together to shape the dismal experiences of so many young people He urges critical educators to unite with students and workers in rebellion to form a new pedagogy and to build a new democratic society from the ground up Here is a book you won't soon forget and a call that grows more urgent by the day
