Peter The Great And The West New Perspectives:

Peter the Great and the West Lindsey Hughes, 2001 *Peter the Great* Lindsey Hughes, 2008-10-01 Peter the Great 1672-1725 tsar of Russia for forty three years was a dramatic appealing and unconventional character This book provides a vivid sense of the dynamics of his life both public and private and his reign Drawing on his letters and papers as well as on other contemporary accounts the book provides new insights into Peter s complex character giving information on his actions deliberations possessions and significant fantasy world his many disguises and pseudonyms his interest in dwarfs his clowning and vandalism It also sheds fresh light on his relationships with individuals such as his second wife Catherine and his favorite Alexander Menshikov The book includes discussions of Peter s image in painting and sculpture and there are two final chapters on his legacy and posthumous reputation up to the present *A History of Russia Volume 1* Walter G. Moss, 2003-07-01 This new edition retains the features of the first edition that made it a popular choice in universities and colleges throughout the US Canada and around the world Moss s accessible history includes full treatment of everyday life the role of women rural life law religion literature and art In addition it provides many other features that have proven successful including a well organized and clearly written text references to varying historical perspectives numerous illustrations and maps fully updated bibliographies accompanying each chapter as well as a general bibliography a glossary and chronological and genealogical lists *Governing the Global Polity* Iver B. Neumann, Ole Jacob Sending, 2010-07 Governmentality offers an explanation for the 21st century global web of power relations *The Orders of Knighthood and the Formation of the British Honours System, 1660-1760* Antti Matikkala, 2008 Sheds considerable new light on the nature development and functions of the orders in a key phase of their history and goes a long way to explaining how such archaic institutions could flourish in a culture that is commonly thought anti traditional and especially hostile to the middle ages Professor JONATHAN BOULTON University of Notre Dame This is the first comprehensive study to set the British orders of knighthood properly into the context of the honours system by analysing their political social and cultural functions from the Restoration of the monarchy to the end of George II s reign It examines the revival of the Order of the Garter and the proposals to establish the Orders of the Royal Oak and the Esquires of the Martyred King at the Restoration the foundation 1687 and the revival 1703-4 of the Order of the Thistle as well as the foundation of the Order of the Bath 1725 It establishes just how central a part the orders played in the British high political life and its comprehensive and multidimensional approach carefully contrasts the idealistic discourse of virtue and honour to the real workings of the honours system it also makes the case for the Chivalric Enlightenment The orders over the water the Garter and the Thistle conferred by the Jacobite claimants are discussed for the first time in the context of the established British honours system Overall the comparison between the socially very restricted British and the increasingly meritocratic Continental orders highlights the isolation of the British honours system from the European tendencies **Foreigners in Muscovy** Simon Dreher, Wolfgang

Mueller,2022-12-15 Between the late fifteenth and early eighteenth centuries the State of Muscovy emerged from being a rather homogenous Russian speaking and Orthodox medieval principality to becoming a multi ethnic and multi religious empire Not only the conquest of the neighbouring Tatar Khanates and the colonisation of Siberia demanded the integration of non Christian populations into the Russian state The ethnic composition of the capital and other towns also changed due to Muscovite policies of recruiting soldiers officers and specialists from various European countries as well as the accommodation of merchants and the resettlement of war prisoners and civilians from annexed territories The presence of foreign immigrants was accompanied by controversy and conflicts which demanded adaptations not only in the Muscovite legal fiscal and economic systems but also in the everyday life of both native citizens and immigrants This book combines two major research fields on international relations in the State of Muscovy the migration settlement and integration of Western Europeans and Russian and European perceptions of the respective other Foreigners in Muscovy will appeal to researchers and students interested in the history and social makeup of Muscovy and in European Russian relations during the early modern era

The Tsar's Happy Occasion Russell E. Martin,2021-05-15 The Tsar s Happy Occasion shows how the vast ornate affairs that were royal weddings in early modern Russia were choreographed to broadcast powerful images of monarchy and dynasty Processions and speeches emphasized dynastic continuity and legitimacy Fertility rites blended Christian and pre Christian symbols to assure the birth of heirs Gift exchanges created and affirmed social solidarity among the elite The bride performed rituals that integrated herself and her family into the inner circle of the court Using an array of archival sources Russell E Martin demonstrates how royal weddings reflected and shaped court politics during a time of dramatic cultural and dynastic change As Martin shows the rites of passage in these ceremonies were dazzling displays of monarchical power unlike any other ritual at the Muscovite court And as dynasties came and went and the political culture evolved so too did wedding rituals Martin relates how Peter the Great first mocked then remade wedding rituals to symbolize and empower his efforts to westernize Russia After Peter the two branches of the Romanov dynasty used weddings to solidify their claims to the throne The Tsar s Happy Occasion offers a sweeping yet penetrating cultural history of the power of rituals and the rituals of power in early modern Russia

North Eurasian Trade in World History, 1660-1860 Werner Scheltjens,2021-07-29 This book offers the first long term analysis of the protracted struggle between Britain France Prussia Russia and Sweden for economic power and political influence in the northern part of the Eurasian continent between 1660 and 1860 This book shows how their commercial diplomatic and military entanglements determined the course of Baltic trade from the late seventeenth to the mid nineteenth century provoking among other things the decline of the Dutch Republic and the partitions of Poland Lithuania The author conceptualizes the Baltic Sea as one of North Eurasia s western border basins alongside the White Black and Caspian Seas and employs novel statistical series of Baltic trade as a proxy for the long term development of North Eurasian trade in world history Based on extensive quantitative evidence and sources for

the history of international relations this book outlines how North Eurasian trade became an object of growing tensions between various larger and smaller powers with a stake in North Eurasia's riches. The book addresses the long term impact of mercantilist policies, territorial greed and military conflicts in North Eurasia's border basins and accentuates the significance of developments in the preindustrial transport and commercial infrastructure of the North Eurasian landmass. Employing the concept of North Eurasia and its different borderlands and border basins, this book overcomes previous limitations in the historiography of globalization and sheds light on a large continental landmass which researchers tend to leave aside for the benefit of a predominant maritime perspective in historical studies of globalization. North Eurasian Trade in World History 1660-1860 will be invaluable reading for students and scholars interested in world history, East European history and the history of international relations and trade.

The Cambridge History of Russia: Volume 2, Imperial Russia, 1689-1917 Maureen Perrie, D. C. B. Lieven, Ronald Grigor Suny, 2006-08-17 A definitive new history of Russia from early Rus to the collapse of the Soviet Union

Cossacks and the Russian Empire, 1598-1725 Christoph Witzenrath, 2007-04-16 Using a wide range of sources, this book explores the ways in which the Russians governed their empire in Siberia from 1598 to 1725. Paying particular attention to the role of the Siberian Cossacks, the author takes a thorough assessment of how the institutions of imperial government functioned in seventeenth century Russia. It raises important questions concerning the nature of the Russian autocracy in the early modern period, investigating the neglected relations of a vital part of the Empire with the metropolitan centre and examines how the Russian authorities were able to control such a vast and distant frontier given the limited means at its disposal. It argues that despite this great physical distance, the representations of the Tsar's rule in the symbols, texts and gestures that permeated Siberian institutions were close at hand, thus allowing the promotion of political stability and favourable terms of trade. Investigating the role of the Siberian Cossacks, the book explains how the institutions of empire facilitated their position as traders via the sharing of cultural practices, attitudes and expectations of behaviour across large distances among the members of organisations or personal networks.

Charles Whitworth Janet M. Hartley, 2017-07-05 In 1700 the armies of the Russian Tsar Peter the Great and Charles XII of Sweden met at Narva to fight the first battle of what was to be known as the Great Northern War. Although this first engagement was to result in a humiliating defeat for Peter, it marked the start of a struggle that twenty years later would see Russia emerge as a major power and radically alter the balance of power in Europe. This work examines the changes in the balance of power in Europe in the early eighteenth century as a result of the Great Northern War and the War of the Spanish Succession through the writings and career of Charles Whitworth, the first British Ambassador to Russia and Minister in The Hague, Berlin, Ratisbon and Cambrai. Whitworth was an acute, witty and indefatigable writer. His long and detailed dispatches and reports comment on Russian, Prussian, Austrian and Dutch domestic and foreign policy on trading and commercial matters on leading personalities and events and on the diplomacy of the Great Northern War and the War of Spanish

Succession He was in Russia from 1705 to 1712 and witnessed the growing military naval and commercial power of the state and was acutely aware of the potential threat of Russia to British interests The period of Whitworth's diplomatic career from 1702-1725 witnessed a dramatic shift in the balance of power in the North and the nature and timing of Whitworth's postings made him uniquely qualified to chart and analyse this development Drawing on a wide variety of manuscript sources Dr Hartley has produced a compelling account both of Whitworth and the momentous events taking place in Europe at the beginning of the eighteenth century Personality and Place in Russian Culture Simon Dixon, 2010 Lindsey Hughes 1949-2007 made her reputation as one of the foremost historians of the age of Peter the Great by revealing the more freakish aspects of the tsar's complex mind and reconstructing the various physical environments in which he lived Contributors to Personality and Place in Russian Culture were encouraged to develop any of the approaches featured in Hughes's work pointillist and panoramic playful and morbid quotidian and bizarre The result is a rich and original collection ranging from the sixteenth century to the present day in which a group of leading international scholars explore the role of the individual in Russian culture the myriad variety of individual lives and the changing meanings invested in particular places The editor Simon Dixon is Sir Bernard Pares Professor of Russian History at UCL School of Slavonic and East European Studies **The Projection and Limitations of Imperial Powers, 1618-1850** Frederick C. Schneid, 2012-05-03 The two centuries that chronologically bind the topics in this volume span a period when Europe was in its global ascendancy This volume explores the various factors related to the projection and limitation of imperial powers in the western world between 1618 and 1850

St. Petersburg Jonathan Miles, 2018-03-06 Established in 1703 by the sheer will of its charismatic founder the homicidal megalomaniac Peter the Great St Petersburg's dazzling yet unhinged reputation was quickly cemented by the sadistic dominion of its early rulers This city in its successive incarnations St Petersburg Petrograd Leningrad and once again St Petersburg has always been a place of perpetual contradiction It was a window to Europe and the Enlightenment but so much of Russia's unique glory was also created here its literature music dance and for a time its political vision It gave birth to the artistic genius of Pushkin and Dostoyevsky Tchaikovsky and Shostakovich Pavlova and Nureyev Yet for all its glittering palaces fairytale balls and enchanting gardens the blood of thousands has been spilt on its snow-filled streets It has been a hotbed of war and revolution a place of siege and starvation and the crucible for Lenin and Stalin's power hungry brutality In St Petersburg Jonathan Miles recreates the drama of three hundred years in this paradoxical and brilliant city bringing us up to the present day when its fate hangs in the balance once more **Christian-Muslim Relations. A Bibliographical History Volume 8. Northern and Eastern Europe (1600-1700)** , 2016-10-11 *Christian Muslim Relations a Bibliographical History Volume 8* CMR 8 covering Northern and Eastern Europe in the period 1600-1700 is a continuing volume in a general history of relations between the two faiths from the seventh century to the early 20th century It comprises a series of introductory essays and also the main body of detailed entries which treat all the works surviving or lost that have been

recorded These entries provide biographical details of the authors descriptions and assessments of the works themselves and complete accounts of manuscripts editions translations and studies The result of collaboration between numerous leading scholars CMR 8 along with the other volumes in this series is intended as a basic tool for research in Christian Muslim relations Section Editors Clinton Bennett Luis F Bernabe Pons Jaco Beyers Lejla Demiri Martha Frederiks David Grafton Stanis aw Grod Alan Guenther Emma Loghin Gordon Nickel Claire Norton Reza Pourjavady Douglas Pratt Radu P un Peter Riddell Umar Ryad Cornelia Soldat Karel Steenbrink Davide Tacchini Ann Thomson Serge Traore Carsten Walbiner

Russia in the Early Modern World Donald Ostrowski,2022-01-25 A fundamental problem in studying early modern Russian history is determining Russia s historical development in relationship to the rest of the world The focus throughout this book is on the continuity of Russian policies during the early modern period 1450 1800 and that those policies coincided with those of other successful contemporary Eurasian polities The continuities occurred in the midst of constant change but neither one nor the other continuities or changes alone can account for Russia s success Instead Russian rulers from Ivan III to Catherine II with their hub advisors managed to sustain a balance between the two During the early modern period these Russian rulers invited into the country foreign experts to facilitate the transfer of technology and know how mostly from Europe but also from Asia In this respect they were willing to look abroad for solutions to domestic problems Russia looked westward for military weaponry and techniques at the same time it was expanding eastward into the Eurasian heartland The ruling elite and by extension the entire ruling class worked in cooperation with the ruler to implement policies The Church played an active role in supporting the government and in seeking to eliminate opposition to the government St

Petersburg and the Russian Court, 1703-1761 P. Keenan,2013-06-24 This book focuses on the city of St Petersburg the capital of the Russian empire from the early eighteenth century until the fall of the Romanov dynasty in 1917 It uses the Russian court as a prism through which to view the various cultural changes that were introduced in the city during the eighteenth century

Quest for Status Deborah Welch Larson,Alexei Shevchenko,2019-01-01 A look at how the desire to improve international status affects Russia s and China s foreign policies Deborah Welch Larson and Alexei Shevchenko argue that the desire for world status plays a key role in shaping the foreign policies of China and Russia Applying social identity theory the idea that individuals derive part of their identity from larger communities to nations they contend that China and Russia have used various modes of emulation competition and creativity to gain recognition from other countries and thus validate their respective identities To make this argument they analyze numerous cases including Catherine the Great s attempts to westernize Russia China s identity crises in the nineteenth century and both countries responses to the end of the Cold War The authors employ a multifaceted method of measuring status factoring in influence and inclusion in multinational organizations military clout and cultural sway among other considerations Combined with historical precedent this socio psychological approach helps explain current trends in Russian and Chinese foreign policy **Women in Russian**

Culture and Society, 1700-1825 W. Rosslyn, A. Tosi, 2007-10-23 Women in Russian Culture and Society 1700 1825 is a collection of essays by leading researchers shedding new light on women as writers actresses nuns and missionaries It illuminates the lives of merchant and serf women as well as noblewomen and focuses on women s culture in Russia during this period

A History of World Societies, Volume 2: Since 1450 John P. McKay, Bennett D. Hill, John Buckler, Roger B. Beck, Clare Haru Crowston, Patricia Buckley Ebrey, Merry E. Wiesner-Hanks, 2011-10-05 A History of World Societies introduces students to the global past through social history and the stories and voices of the people who lived it Now published by Bedford St Martin s and informed by the latest scholarship the book has been thoroughly revised with students in mind to meet the needs of the evolving course Proven to work in the classroom the book s regional and comparative approach helps students understand the connections of global history while providing a manageable organization With more global connections and comparisons more documents special features and activities that teach historical analysis and an entirely new look the ninth edition is the most teachable and accessible edition yet Test drive a chapter today Find out how
