Phil S. Dixon's American Baseball Chronicles Great Teams: The 1910 Chicago Leland Giants Volume II Phil S. Dixon, 2023-12-06 A Galaxy of Stars best describes Andrew Rube Foster's 1910 Chicago Leland Giants In their only season together this combination of players played their way into the heart and soul of a nation divided They are proof positive that the National and American Leagues did not corner the market on athletic talent Foster's unit began the season with a thirty two and one record and ended with thirty one consecutive victories They scored nearly 1 000 runs and finished the season with a 124 7 1 record Their win total is elevated to 138 11 2 when Cuban Winter League games are added They played 64 games in the Chicago portion of their schedule These games are equivalent to a home schedule for National and American League teams Foster's Giants finished with a landmark 57 6 1 record for games played in Chicago That Foster John Henry Lloyd and John Pete Hill three members of the 1910 Leland Giants are

enshrined in Baseball's Hall of Fame in Cooperstown New York is worthy of closer observation And yet Bruce Petway Frank Wickware and Grant Home Run Johnson should be there too Thus Phil Dixon's American Baseball Chronicles Volume II Great Teams enters the illustrious conversation The Leland Giants story is uniquely told here in a day to day account of every exciting win and every memorable thrill The comparative scores and related histories are a resourceful and entertaining aid for further analysis of the participation of African American athletes in baseball as best represented by one legendary team in a single championship season

Captain Pete Peter S. Clarke,2018-01-15 Peter Silverlos Livingston was born before World War II and would be considered a traditionalist in today s jargon There is an old saying You can take the kid out of Brooklyn but you can t take Brooklyn out of the kid As a young kid growing up in Brooklyn New York Peter had the opportunity of being involved in many activities as a young boy Brooklyn was the most populated of the five boroughs of New York City with over 3 million people of mostly European extraction including many other ethnic races from all over the world during World War II New York City was and still is the biggest city in the country There were more combat troops from Brooklyn than any other area in the country Over three thousand died in World War II The average age of those who fought and died in WWII was 26 years old Believe It or not the average age of those who fought and died in Vietnam was 19 years old Also Marine casualties in Viet Nam totaled over 13 thousand The Viet Nam war was one of the longest U S conflicts to date totaling ten years from 1965 to 1975 but the U S had advisors there for a number of years even before 1965 Over 58 000 U S troops died in Viet Nam and some are still Missing In Action MIA s like the great track and field star Cliff Cushman He was from the University of Kansas

and was a silver medalist in the Olympics and a track buddy of Pete's. He flew an Air Force jet when he went missing. The Viet Nam Veterans Memorial wall in Washington D.C. is a long black slab marble wall dedicated to all the fallen warriors and those that served and fought in Viet Nam including those who are still MIA. Each of the soldiers' names are inscribed on it in chronological order based on the date they died and served. This honor has been bestowed on all these veterans who courageously fought in the Viet Nam war conflict as remembered by the United States which dedicated the building of this wall in their honor. The monument's importance and significance is a symbol for all peoples in the United States and future generations to remember the sacrifice these veterans undertook regarding this conflict. *Diamond Duels* John

was considered the equal of Babe Ruth, Ty Cobb, and Tris Speaker; only skin color kept him out of the majors. A capable manager, Hill captained the Negro League's Chicago-based American Giants, led two expansion teams, and retired from the sport as manager of the Baltimore Black Sox. Drawing on contemporary newspaper accounts, this first-ever biography of Hill recounts the career of a neglected Hall of Famer in the context of the turbulent issues that surrounded him: segregation, women's suffrage, Prohibition, and the Spanish flu. **The Cultural Encyclopedia of Baseball, 2d ed.** Jonathan Fraser Light, 2016-03-25 More than any other sport, baseball has developed its own niche in America's culture and psyche. Some researchers spend years on detailed statistical analyses of minute parts of the game, while others wax poetic about its players and plays. Many trace the beginnings of the civil rights movement in part to the Major League's decision to integrate, and the words and phrases of the game, for example, pinch hitter and out in left field, have become common in our everyday language. From AARON HENRY onward, this book covers all of what might be called the cultural aspects of baseball, as opposed to the number-rich statistical information so widely available elsewhere. Biographical sketches of all Hall of Fame players, owners, executives, and umpires, as well as many of the sportswriters and broadcasters who have won the Spink and Frick awards, join entries for teams, owners, commissioners, and league presidents. Advertising agents, drafts, illegal substances, minor leagues, oldest players, perfect games, retired uniform numbers, superstitions, tripleheaders, and youngest players are among the thousands of entries herein. Most entries open with a topical quote and conclude with a brief bibliography of sources for further research. The whole work is exhaustively indexed and includes 119 photographs.
