Explorations on Subjectivity, Borders, and Demarcation

Raúl A. Galoppe, Richard Weiner, 2005-12-14 With the pressures of globalization internationalization of production migration

and the transmission of information former concepts of identity and cultural configuration are increasingly challenged In

Explorations on Subjectivity Borders and Demarcation editors and contributors Raúl A Galoppe and Richard Weiner examine

the shift in subjectivity borders and demarcation within Iberian and Latin American studies This comprehensive volume

examines these issues in terms of race economy gender and marginality By using an interdisciplinary approach that draws

from literature literary theory and history this collection offers a timely discourse for the entire academic community In

contrast to similar studies this collection goes beyond the geographic aspects of borders and demarcation These articles not

only examine Latin American places and people but also the Latin American identity in Europe and the Mediterranean and

the experiences of other groups such as Asian Latin Americans and Indians This collection of nine articles from both

established scholars and new academic voices serves as a well knit mosaic of perspectives that reflect the intermingling state of subjectivity borders and demarcation and in turn postmodern academia **The Devil at Large** Erica Jong, 2013-10-08

and work of the author whom Erica Jong compares to Whitman The Devil at Large explores the peaks and valleys of Miller's

storied writing career It examines his tumultuous relationships including his doomed marriage to June Mansfield and his

master divDIV This ebook features an illustrated biography of Erica Jong including rare photos and never before seen
