## **Phantoms Of Divinity The Collapse Of Traditional Faith:**

**The Phantoms of Divinity** Edith Carlson,1992 Today s religious leaders seek to revive the traditional Christian beliefs of our forefathers while the central issue whether it is any longer possible or even desirable to return to that faith is avoided Carlson recommends that Christians take a close and careful look at exactly what was said by Jesus and the apostle Paul in order to fill the great spiritual void of our age      **Forthcoming Books** Rose Army,1993      **The Publishers' Trade List Annual** ,1995      **Subject Guide to Children's Books in Print 1997** Bowker Editorial Staff,R R Bowker Publishing,1996-09      *Essays On Magical Idealism* Julius Evola,2025-05-07 First published in 1925 Saggi sull idealismo magico *Essays on Magical Idealism* marks one of Julius Evola s most original and audacious philosophical works Drawing upon German idealism especially Fichte and Novalis as well as Western esotericism and Hermetic traditions Evola develops a vision of subjectivity not merely as a passive contemplator of reality but as an active transmutative force Central to the work is the idea that true knowledge and spiritual transformation emerge through an inner magical act that unites thought and being The book rejects both materialist realism and abstract metaphysics in favour of a doctrine in which the Self through conscious discipline asserts its sovereignty over experience and becomes the axis of a new metaphysical order More than a theoretical treatise *Essays on Magical Idealism* proposes a path of inner realisation a spiritual alchemy aimed at the transfiguration of man      *Globalization and Identity* B. Lum,2017-07-05 In the first decade of the twenty first century globalization and identity have emerged as the most critical challenges to world peace This volume of Peace Policy addresses the overarching question What are the effects of globalization in the areas of culture ethnic diversity religion and citizenship and how does terrorism help groups attain a sense of global identity Part I Citizenship in a Globalizing World reexamines globalization in light of the traditions from which human civilizations have evolved Linda Groff focuses on Samuel R Huntington s thesis that the Cold War would be followed by a clash of civilizations Joseph A Camilleri traces the history of the concept of citizenship and its transformation through the ages to modern times Kamran Mofid argues that the marketplace is not just an economic sphere but one where economic and business interests must embrace the spiritual assets of the community Majid Tehranian raises the problem of identity and advocates the assumption of global identity responsibility and citizenship Part II Convergence in Global Cultures explores the complex issues of diversity in religions Christopher Leeds Vladimir Korobov and Bharapt Gupt show how the reconceptualization of the world both geographically and regionally can recreate new sensibilities needed to overcome differences Part III Divergence in Global Conflicts discusses the multiple dimensions of the globalizing effects of economic expansion and political strife experienced by different cultures at local and regional levels Audrey Kitigawa and Ade Ogunrinade use Nigeria as an example of political manipulation of religious and ethnic groups to divert attention from the real problems of social and economic marginalization Fred Riggs looks at how the Web has become a medium in the globalization of religious movements The authors maintain that continuing efforts for

eliminate certain options and leave ourselves free to explore others In *Requiem for a Phantom God* author Stifyn Emrys argues that we can Any consideration of the divine should rule out what C S Lewis termed nonsense Self contradictory portraits of God are not only meaningless but they have the potential to do great harm and they have over the course of human history *Requiem for a Phantom God* serves as an epitaph for just such a god of nonsense It identifies the core philosophical problem the desire of humanity to believe in an all powerful deity who is at at the same time entirely good This desire however is destined to remain unfulfilled because these two concepts simply cannot be reconciled Once humanity realizes this we can choose the kind of god we wish to believe in immanent or transcendent if indeed we wish to put our faith in a god at all *Requiem* discusses the abuses and pitfalls of faith and whether it is possible to speak of a faith that is not blind It addresses modern and historical examples of religious abuse and suggests they tell us about the doctrines that support them Written in the tradition of Christopher Hitchens *Requiem for a Phantom God* is in the second publication this year from writer educator and philosopher Stifyn Emrys His previous book *The Gospel of the Phoenix Another Revelation of Jesus* is also available

God's Funeral A. N. Wilson, 1999 By the end of the nineteenth century almost all the great writers artists and intellectuals had abandoned Christianity many had abandoned belief in God altogether This was in part the result of scientific discovery particularly the work of Charles Darwin in *The Origin of Species* and the controversy that followed But the doubt about religion had many sources A N Wilson demonstrates in this synthesis of biography and intellectual history that the real destruction of religions belief had been achieved well before Darwin s momentous publication Yet despite the fact that the church had essentially become an edifice empty of faith it survived into our century because so few of the fascinating tortured people Wilson portrays could face the brutal consequences of their own logic Whether or not God was dead they still needed to believe hence the great spiritual angst of their culture which is now echoed in ours Publisher description
