*Philatelic Forgers* Varro Tyler, 1991-02-01      **Philatelic Forgers** Varro E. Tyler, 1991-01-01      **The Early Philatelic Forgeries of All Countries** Lowell Joseph Ragatz, 1953 Contains reprints of studies of historic interest in forgeries literature and with descriptions of forgeries that continue to exist Studies are reproduced as they were first published save for minor typographical error correction      *Scientific Investigation of Copies, Fakes and Forgeries* Paul Craddock, 2009-02-04 The faking and forgery of works of art and antiquities is probably now more extensive than ever before The frauds are aided by new technologies from ink jet printers to epoxy resins and driven by the astronomic prices realised on the global market This book aims to provide a comprehensive survey of the subject over a wide range of materials emphasising how the fakes and forgeries are produced and how they may be detected by technical and scientific examination The subject is exemplified by numerous case studies some turning out not to be as conclusive as is sometimes believed The book is aimed at those likely to have a serious interest in these investigations be they curator collector conservator or scientist Paul Craddock has recently retired from the Department of Conservation Documentation and Science at the British Museum where he was a materials scientist      **Plácido Ramón de Torres. From Foundling to Master Forger** Gerhard Lang-Valchs, My first encounters with Plácido Ramón de Torres years ago were really deceiving A manual of Spanish philatelic forgeries presented among many others a dozen of fakes he had made nothing more And the great American expert in stamp forgers Varro Tyler dedicated in his book *Philatelic Forgers* only about 20 lines to his life and work confirming seemingly the mediocrity and reduced importance of this widely unknown stamp dealer Some years later when preparing my doctoral thesis about aspects of the modern history of Andorra I came across once again with him A recommendation letter to the chief of the local Andorran administration suggesting to relay on his services to organize a not yet existing postal administration signed by an ancient Spanish minister was a surprise and made me wonder But as this initiative did not come to a happy ending it was of no further interest to follow his footprints The third approach was finally more successful I found photos of the two first editions of his world catalogue published in Italy Looking at the different stamps depicted on the front page of his catalogue I began to suspect that the illustrations of three of them could represent forgeries So my interest was finally awoken      The Philatelist, 1874      *Weekly Philatelic Gossip*, 1925      **Stamps and stamp-collecting: a glossary of philatelic terms and guide to the identification of the postage stamps of all nations** Edward Benjamin Evans, 1898      *The American Philatelist*, 1918      The Stamp Collector William John Hardy, Sir Edward Denny Bacon, Edward Denny Bacon, 1898 Postcards Famous collections      **Mekeel's Stamp Collector**, 1901      *Philatelic Literature Review*, 2009      The London Philatelist, 1892      Fakebusters II: Scientific Detection Of Fakery In Art And Philately Richard J Weiss, Duane Chartier, 2004-10-04 Now that the sale of a Picasso painting has exceeded US 100 million at auction the forgers are extricating their bag of tricks This fascinating collection of papers provides an eclectic coverage of the art and philatelic concerns in safeguarding the integrity
