spent a year traveling around the region researching the thirty year Vietnam War In Journey among Heroes he presents a view of that war through the eyes of a tourist Traveling by ancient motorcycle bus speedboat train aircraft and car Greer enjoyed a privileged view of what really happened in Vietnam He offers a glimpse of the war s human aspect through interviews of eleven of Vietnam s Hero Mothers a designation bestowed on more than 44 000 of the country s mothers who lost more than two family members while fighting the war Greer tells of the great courage and an amazing female fighting tradition that possibly tipped the scales in favor of the eventual victors and he tells of losses unimaginable to Westerners Journey among Heroes communicates how Vietnam experienced a harrowing era and why it is now time to lend a helping hand

Killing for Show Julian Stallabrass, 2020-10-30 See firsthand how war photography is used to sway public opinion In the autumn of 2014 the Royal Air Force released blurry video of a missile blowing up a pick up truck which may have had a weapon attached to its flatbed This was a lethal form of gesture politics to send a 9 million bomber from Cyprus to Iraq and back burning 35 000 an hour in fuel to launch a smart missile costing 100 000 to destroy a truck or rather to create a video that shows it being destroyed Some lives are ended it is impossible to tell whose so that the government can pretend that it taking effective action by creating a high budget snuff movie This is killing for show Since the Vietnam War the way we see conflict through film photographs and pixels has had a powerful impact on the political fortunes of the campaign and the way that war has been conducted In this fully illustrated and passionately argued account of war imagery Julian Stallabrass tells the story of post war conflict how it was recorded and remembered through its iconic photography The relationship between war and photograph is constantly in transition forming new perspectives provoking new challenges what is allowed to be seen Does an image have the power to change political opinion How are images used to wage war Stallabrass shows how photographs have become a vital weapon in the modern war as propaganda from close quarters fighting to the drone s electronic vision as well as a witness to the barbarity of events such as the My Lai massacre the violent suppression of insurgent Fallujah or the atrocities in Abu Ghraib Through these accounts Stallabrass maps a comprehensive theoretical re evaluation of the relationship between war politics and visual culture Killing for Show offers 190 photographs encompassing photojournalism artists images photographs by soldiers and amateurs and drones A comprehensive comparison of the role of photography in the Vietnam and Iraq Wars An explanation of the waning power of iconic images in collective memory An analysis of the failure of military PR and the public display of killing A focus on what can and cannot be seen photographed and published An exploration of the power and limits of amateur photography Arguments about how violent images act on democracy This full color book is an essential volume in the history of warfare and photography
