## **Philippians From People To Letter:**

Philippians Peter Oakes, 2007-04-30 A case study in modelling the social make up of an early Christian community

**Philippians** Peter Stanley Oakes, 1995      **Paul and the Ancient Letter Form** Stanley E. Porter, Sean A. Adams, 2010

Throughout the last century there has been continuous study of Paul as a writer of letters. Although this fact was acknowledged by previous generations of scholars, it was during the twentieth century that the study of ancient letter writing practices came to the fore and began to be applied to the study of the letters of the New Testament. This volume seeks to advance the discussion of Paul's relationship to Greek epistolary traditions by evaluating the nature of ancient letters as well as the individual letter components. These features are evaluated alongside Paul's letters to better understand Paul's use and adaptations of these traditions in order to meet his communicative needs.      **The People beside Paul** Joseph A.

Marchal, 2015-11-13 Who are the people beside Paul and what can we know about them? This volume brings together an international and interdisciplinary group of scholars with a broad range of expertise and a common interest in Philippi in antiquity. Each essay engages one set of contextual particularities for Paul and the ordinary people of the Philippian assembly while simultaneously placing them in wider settings. This people's history uses both traditional and more cutting-edge methods to reconsider archaeology and architecture, economy and ethnicity, prisons and priestesses, slavery, syncretism, stereotypes of Jews, the colony of Philippi, and a range of communities. The contributors are Valerie Abrahamsen, Richard S. Ascough, Robert L. Brawley, Noelle Damico, Richard A. Horsley, Joseph A. Marchal, Mark D. Nanos, Peter Oakes, Gerardo Reyes Chavez, Angela Standhartinger, Eduard Verhoef, and Antoinette Clark Wire. Features: An examination of the social forms and forces that shaped and affected the Philippian church. Essays offer insight into standard questions about the letter's hymn and audience, Paul's opponents, and the sites of the community and of Paul's imprisonment. A focused exploration of more marginalized topics and groups, including women, slaves, Jews, and members of localized cults.      **Suffering in Paul** Siu Fung Wu, 2019-04-05 One can hardly ignore the significance of suffering in Paul's letters. Respected scholars, e.g. Scott Hafemann, Christiaan Beker, and Ann Jervis, have demonstrated the indispensable role of suffering in Paul's teaching. Despite that, the topic does not often hit the headlines in Pauline studies. Meanwhile, Christians around the world testify to the encouragement and comfort Paul gives them in times of pain and distress. The purpose of this book is to arouse interest in Pauline scholarship on the topic and provide a resource for educators, theological students, and thoughtful pastors. New Testament scholars in five countries across three continents contribute to this volume. They study the texts, intertexts, and the language of suffering in Paul. They explore the notion of participation in Christ's suffering and glory and examine the significance of identity formation and solidarity in the Christ community. In addition, the authors reflect on the implications for the church today from different social locations and cultural backgrounds. The result is an exegetical and critical reflection that invites the church to seriously engage with Paul on the topic.
