## **Philosophers And Religious Truth:**

Philosophers and Religious Truth Ninian Smart,1964      **Subjectivity and Religious Truth in the Philosophy of Søren Kierkegaard** Merigala Gabriel,2010 Merigala Gabriel s main objective is to thoroughly examine subjective truth which is the core concept in Kierkegaard s philosophy Here Gabriel contrast subjective truth with objective truth in order to highlight the significance of subjective truth in its religious context and to bring out the inadequacy of objective truth The principle of absolute paradox connected with the subjective truth is also discussed The study also aims to present a detailed analysis of the aesthetic ethical and religious stages that represent existential dialectic to examine their interrelationship and to show how the religious mode of existence is the key to genuineness in real existence Care is taken to examine the disjunction between reason and faith to bring out the importance of faith in Christianity and to show the limitations of science as far as Christianity is concerned Gabriel also addresses the relation between God and Man Finally the importance of Kierkegaard s thought and his contribution to the development of subjectivity and religious truth are outlined

Philosophers and Religious Truth Ronald F. Atkinson,1964      **Philosophical Understanding and Religious Truth** Erich Frank,1945      **D. Z. Phillips on Religious Language, Religious Truth, and God** Hyoseok Kim,2022-02-25 D Z Phillips 1934 2006 was one of the most influential ingenious and perhaps controversial thinkers in the Anglo American philosophy of religion In particular he is widely regarded as a leading proponent of a Wittgensteinian approach to the philosophy of religion While almost every book on religious language or Anglophone philosophy of religion deals with Phillips thought or at least mentions his name all too frequently his position has been grossly misunderstood and has often attracted unwarranted criticism from various sides Seeking to offer a constructive presentation and critical discussion of Phillips view of philosophy religious language religious truth and God Hyoseok Kim endeavors to resolve some misunderstandings refute undue criticisms of Phillips position and make some suggestions concerning directions in which his view might and ought to be further developed      **The Question of Theological Truth** ,2012-01-01 In today s world the boundaries within which Christian theologians operate are becoming ever more permeable and Christian theology is increasingly influenced and challenged by multiple outside factors In Western Europe two such factors stand out in particular the so called turn to religion in continental philosophy and religious diversity Theologians working with contemporary continental philosophers and theologians engaging the multireligious world tend to work quite separately from one another The aim of the present book is therefore to initiate a conversation between these two groups of theologians The question of truth was chosen because it is both a key issue in contemporary philosophical debates in the continental and analytic traditions and one that arises in complex and problematic ways in the praxis of and theoretical reflection on interreligious dialogue Some of the pressing questions that are addressed by the contributors to this volume are What is truth What is theological truth How does the issue of truth arise from interreligious encounter To what extent can or should the nature of truth be discussed

explicitly during interreligious dialogue Or should the question of truth be rather postponed in the interest of successful interreligious encounter Is there a hermeneutical concept of truth and if so how can it be of help for theological reflection on the question of truth and on the role and place of truth in the context of dialogue between religions      **Religion and Truth** Donald Wiebe,2019-10-08 No detailed description available for Religion and Truth      **Discerning Religious Truth** Hamza Karamali,2025-12-31 Discerning Religious Truth comprehensively gathers all the substantial questions and debates of Islamic logic that are mentioned in these mature works of logic supplements them with a selection of important questions from other important manuals in Islamic logic kalam and falsafa unravels their layered organization into a more readable linear organization and then re expresses them in a fluid English style that uses the technical vocabulary of modern analytic philosophy It is this last point that is most important the re expression of the questions and debates of traditional Islamic logic in the technical vocabulary of modern analytic philosophy and this is why this book is subtitled Islamic Logic in the Language of Modern Analytic Philosophy      *Religious Truth* Robert Cummings Neville,2001-01-01 Explores religious truth in a range of world religions and discusses the issue and philosophical implications of comparison itself      Religious Truth and Identity in an Age of Plurality Peter Jonkers,Oliver J. Wiertz,2019-08-05 This book deals with the intellectual aspects of having diverse religious expressions in proximity and the socio political consequences It provides a multi disciplinary perspective on this complex subject cross fertilizing work on religious plurality with truth claims from theologians as well as philosophers from the continental and analytic traditions The book includes three major parts Part 1 explores the ideas around religious diversity and truth Part 2 draws out the epistemic import of religious diversity and Part 3 concludes the volume by examining the practical and social aspects of religious diversity Bringing a transdisciplinary perspective to a topic that remains at the forefront of conversation around the religious life of the world this book will be of great interest to scholars of Religious Studies Theology and the Philosophy of Religion      **Averroes and Hegel on Philosophy and Religion** Catarina Belo,2016-04-08 Comparing Averroes and Hegel s positions on the relation between philosophy and religion this book explores the theme of the authorities of faith and reason and the origin of truth in a medieval Islamic and a modern Christian context respectively Through an in depth analysis of Averroes and Hegel s parallel views on the nature of philosophical and religious discourse Belo presents new insights into their perspectives on the relation between philosophical knowledge and religious knowledge and the differences between philosophy and religion In addition Belo explores particular works which have not yet been studied by modern scholarship      The Highest Reality | A Treatise On Religion, Truth, Morality and The Purpose of Life Paritosh M. Chakrabarti,2024-04-23 How does one s upbringing determine one s ethical and religious views Are humans unique in this universe Is God dead as Nietzsche declared Is there any truth beyond scientific facts How different religions relate to one another What are the truth and falsehoods in various religions Are communism and nihilism more in sync with reality than religion How should we prioritise between self interest and sacrifice What should be
