THE PHILOSOPHICAL APPROACH TO RELIGION

By

ERIC S. WATERHOUSE, M.A., D.D.

Professor of the Philosophy of Religion in the University of London

In this book the author sets himself to explain some of the questions which belong to the borderline where the philosophical and religious meet. It has been said that whoever quotes the words 'God so loved the world' raises all the great problems of philosophy—God, the world and the relation between them. To the average man, religious belief forms a philosophy, and whilst the philosopher approaches the matter more technically, his problems are at root those of us all.
