# Philosophical Discourse Concerning Spe

**Dennis E. Smith**

## Philosophical Discourse Concerning Spe:

**Lusus serius: or, serious passe-time. A philosophical discourse concerning the superiority of creatures under man.** [Translated by J. de la Salle, pseud., i.e. John Hall.] Michael MAIERUS, 1654      **A Preliminary Discourse on the Study of Natural Philosophy** John F. W. Herschel, 1831      **Preliminary Discourse on the State of Natural Philosophy** John Frederick William Herschel, 1845      *A Preliminary Discourse on the Study of Natural Philosophy* Herschel, 1833      *A Companion to Descartes* Janet Broughton, John Carriero, 2010-11-08 A collection of more than 30 specially commissioned essays this volume surveys the work of the 17th century philosopher scientist commonly regarded as the founder of modern philosophy while integrating unique essays detailing the context and impact of his work Covers the full range of historical and philosophical perspectives on the work of Descartes Discusses his seminal contributions to our understanding of skepticism mind body dualism self knowledge innate ideas substance causality God and the nature of animals Explores the philosophical significance of his contributions to mathematics and science Concludes with a section on the impact of Descartes s work on subsequent philosophers      *Essays on the Philosophy and Science of René Descartes* Stephen Voss, 1993-02-04 A major contribution to Descartes studies this book provides a panorama of cutting edge scholarship ranging widely over Descartes s own primary concerns metaphysics physics and its applications It is at once a tool for scholars and steering clear of technical Cartesian science an accessible resource that will delight nonspecialists The contributors include Edwin Curley Willis Doney Alan Gabbey Daniel Garber Marjorie Grene Gary Hatfield Marleen Rozemond John Schuster Dennis Sepper Stephen Voss Stephen Wagner Margaret Welson Jean Marie Beyssade Michelle Beyssade Michel Henry Evert van Leeuwen Jean Luc Marion Genevi ve Rodis Lewis and Jean Pierre S ris Combining new textual sensitivity with attentiveness to history they represent the best established scholars and most exciting new voices including both English speaking and newly translated writers Part I examines the foundations of Descartes s philosophy Cartesian certainty the phenomenology of the cogito and its modulations in the passions and the defensibility and comprehensibility of the Cartesian God The second part examines Descartes s groundbreaking metaphysics mind s distinctness from and interaction with body imagination perception and language Part III examines Cartesian science the revolutionary rhetoric of the Rules and the Discourse the metaphysical foundations of physics the interplay of rationalism and empiricism the mechanics and human biology that flow from Descartes s physics      *Madness and Death in Philosophy* Ferit Guven, 2012-02-01 Ferit G ven illuminates the historically constitutive roles of madness and death in philosophy by examining them in the light of contemporary discussions of the intersection of power and knowledge and ethical relations with the other Historically as G ven shows philosophical treatments of madness and death have limited or subdued their disruptive quality Madness and death are linked to the question of how to conceptualize the unthinkable but G ven illustrates how this conceptualization results in a reduction to positivity of the very radical negativity these moments represent Tracing this

problematic through Plato Hegel Heidegger and finally in the debate on madness between Foucault and Derrida. Gestures toward a nonreducible disruptive form of negativity articulated in Heidegger's critique of Hegel and Foucault's engagement with Derrida that might allow for the preservation of real otherness and open the possibility of a true ethics of difference.

The Philosophy of the Few against the Christians Pier Franco Beatrice, 2023-11-13 This book gives us a new perspective on the Philosophy according to the Chaldean Oracles by Porphyry of Tyre ca 232-305 CE demonstrating that much of what we thought we knew about this work and its fragments is mistaken. Here for the first time the attempt is made at reconstructing the original text by following the vicissitudes of its reception and transmission from Late Antiquity through the Middle Ages and the Renaissance up to modern scholarship. The extensive and painstaking study of the surviving fragments leads to the radically innovative conclusion that this encyclopedic treatise written by Porphyry in the last decades of the 3rd century CE consisted of fifteen books organized in various sections. After an initial discussion of the nature of theurgy and of its subordinate role with respect to philosophy, Porphyry describes the entire history of Greek philosophy from Homer up to his own teacher Plotinus, to then go on to present introductions to the seven encyclical disciplines whose study is required for the comprehension of theosophy: that is, the esoteric speculation on the three parts of philosophy: anthropology, ethics, physics, and metaphysics, theology. By harmonizing the teachings of Plato, Aristotle, Plotinus, and the Chaldean Oracles, Porphyry intends to present the complete and definitive philosophic system with the aim of showing the universal way for the liberation of the souls of initiates and of contextually fighting the final battle of the Greco-Roman civilization against Christianity.

**Edwards on God** Sebastian Rehnman, 2020-11-29 Jonathan Edwards is generally acknowledged as one of the foremost American philosophers. *Edwards on God* offers a historically informed philosophical analysis of his arguments for the existence and nature of God. The book begins with a characterization of Edwards's intellectual profile and philosophical theology. It then explicates and evaluates his arguments from the beginning of existence, design, being in general, virtue as benevolence, and his account of natural and moral/divine attributes. There is no other such treatment of Edwards's metaphysics of divinity. This volume will be primarily relevant to philosophers, historians, and theologians.

Rousseau's Rejuvenation of Political Philosophy Nelson Lund, 2016-09-17 This book reads Jean-Jacques Rousseau with a view toward deepening our understanding of many political issues alive today, including the place of women in society, the viability of traditional family structures, the role of religion and religious freedom in nations that are becoming ever more secular, and the proper conduct of American constitutional government. Rousseau has been among the most influential modern philosophers and among the most misunderstood. The first great philosophic critic of the Enlightenment, he sought to revive political philosophy as it was practiced by Plato and to make it useful in the modern world. His understanding of politics rests on deep and often prescient reflections about the nature of the human soul and the relationship between our animal origins and the achievements of civilization. This book demonstrates that the implications Rousseau drew from those reflections continue to

deserve serious attention      *Information and the History of Philosophy* Chris Meyns, 2021-06-17 In recent years the philosophy of information has emerged as an important area of research in philosophy However until now information s philosophical history has been largely overlooked *Information and the History of Philosophy* is the first comprehensive investigation of the history of philosophical questions around information including work from before the Common Era to the twenty first century It covers scientific and technology centred notions of information views of human information processing as well as socio political topics such as the control and use of information in societies Organised into five parts 19 chapters by an international team of contributors cover the following topics and more Information before 500 CE including ancient Chinese Greek and Roman approaches to information Early theories of information processing sources of information and cognition Information and computation in Leibniz visualised scientific information copyright and social reform The nineteenth century including biological information knowledge economies and information s role in empire and eugenics Recent and contemporary philosophy of information including racialised information Shannon information and the very idea of an information revolution *Information and the History of Philosophy* is a landmark publication in this emerging field As such it is essential reading for students and researchers in the history of philosophy philosophy of science and technology and library and information studies It is also a valuable resource for those working in subjects such as the history of science media and communication studies and intellectual history      *Meals in the Early Christian World* Dennis E. Smith, 2012-12-05 This book provides three categories of investigation 1 The Typology and Context of the Greco Roman Banquet 2 Who Was at the Greco Roman Banquets and 3 The Culture of Reclining Together these studies establish festive meals as an essential lens into social formation in the Greco Roman world      Paul and Image Philip Erwin, 2020-09-29 In *Paul and Image* Philip Erwin challenges conventional interpretations of 1 Corinthians that tend to overlook the significance of ancient Roman visual culture in framing and posing exegetical questions He argues that in 1 Corinthians Paul engaged in a long standing philosophical discussion of visual representation with consequential implications for how he and his Corinthian addressees interacted with the imagery around them By situating Paul s letter in the context of the critical discourse on visual representation from Plato to Philo to the Second Sophistic Erwin redefines Paul s critique of human wisdom treatment of idols and resurrection discourse in visual terms      **4 bookseller's catalogues** Lackington, Hughes, Harding, Mavor and Jones, 1819

**Philosophical Works: An essay concerning human understanding. Controversy with the Bishop of Worcester. An examination of P. Malebranche's opinion of seeing all things in God; with remarks upon some of Mr. Norris's books. Elements of natural philosophy. Some thoughts concerning reading and study for a gentleman. Index** John Locke, 1894      **Philosophical Presentations of Raising Children** Naomi Hodgson, Stefan Ramaekers, 2019-03-09 This book uses contemporary film to articulate a philosophical account of raising children It forms part of a revaluation of the parent as a pedagogical figure which stands in contrast to the instrumental accounts dominant in contemporary parenting

culture Hodgson and Ramaekers use film in order to offer an affirmative account of the experience of raising children as a presentation of those inevitable aspects and experiences that upbringing is the initiation into language and the world the representative nature of the parent and the maintaining of mundane practices that constitute our shared culture and community The films which are discussed are taken as grammatical investigations and enable the authors to develop an account of the use of film in education and as educational philosophy and to respond to each film's invitation to articulate the existential dimensions of raising children Philosophical Presentations of Raising Children will be of interest to students and scholars across a range of disciplines including education sociology philosophy critical parenting studies and film studies

**Myth and Philosophy in Plato's Phaedrus** Daniel S. Werner, 2012-07-09 Examines the role of myth in Plato's Phaedrus arguing that it leads readers to participate in Plato's dialogues and to engage in self examination *Treatise on Natural Philosophy* William Thomson Baron Kelvin, Peter Guthrie Tait, 1886 **Treatise on Natural Philosophy** William Thomson Kelvin (1st baron), Peter Guthrie Tait, 1883 **African Philosophy in an Intercultural Perspective** Anke Graneß, Edwin Etieyibo, Franz Gmainer-Pranzl, 2022-05-18 African philosophy under the specific conditions of a colonial and postcolonial world is at least since the 20th century if not even earlier inherently intercultural The aim and target of the volume is to reveal, interrogate and analyse the intercultural dimension in African philosophy and to critically interrogate the project of an intercultural philosophy from an African perspective This volume is the first publication that explicitly discusses African philosophy as a challenge to the project of intercultural philosophy

Right here, we have countless ebook **Philosophical Discourse Concerning Spe** and collections to check out. We additionally offer variant types and afterward type of the books to browse. The all right book, fiction, history, novel, scientific research, as without difficulty as various other sorts of books are readily comprehensible here.
