Radical Commitment Getting Serious About Christian Growth:

Radical Commitment Vernon C. Grounds, 1984 *Integrative Theology* Gordon R. Lewis, Bruce A. Demarest, 2010-09-21
Integrative Theology is designed to help graduate students in a pluralistic world utilize a standard method of fruitful research. Each chapter on a major doctrine 1 states a classic issue of ultimate concern 2 surveys alternative past and present answers and 3 tests those proposals by their congruence with information on the subject progressively revealed from Genesis to Revelation. Then the chapter 4 formulates a doctrinal conclusion that consistently fits the many lines of biblical data 5 defends that conviction respectfully and finally 6 explores the conclusion's relevance to a person's spiritual birth, growth, and service to others all for the glory of God. Why the title Integrative Theology? In each chapter steps 2-6 integrate the disciplines of historical, biblical, systematic, apologetic, and practical theology. Integrative Theology Gordon Russell Lewis, Bruce A. Demarest, 1996. A one-volume edition of the three-volume Integrative Theology; this text deals with the definition and application of this new and distinctive approach to religious study. Encyclopedia of Evangelicalism Randall Herbert Balmer, 2004. In this completely revised and expanded edition of the Encyclopedia of Evangelicalism, Randall Balmer gives readers the most comprehensive resource about evangelicalism available anywhere. With over 3,000 separate entries, the Encyclopedia of Evangelicalism covers historical and contemporary theologians, preachers, laity, cultural figures, musicians, televangelists, movements, organizations, denominations, folkways, theological terms, events, and much more, all penned in Balmer's engaging style. Students, scholars, journalists, and laypersons will all benefit from Balmer's insights. **The Woman Within** Vonette Z. Bright, 2004-06-21. From back cover: Vonette will help you unleash the power and joy of a Spirit-filled life as she shares her lifelong journey from a self-doubting young wife and mother to a woman influenced, nurtured, and guided by the Holy Spirit. Designed as a complement to The Sister Circle, The Woman Within teaches that living a life characterized by joy, energy, and purpose is to live with total abandon to the Holy Spirit despite the burdensome stressors of life. Improving Your Serve Charles R. Swindoll, 1986-07 *Lifestyles* Peter Menconi, 1988 American Book Publishing Record, 1984
 Christian Freedom Kenneth W. M. Wozniak, Stanley James Grenz, 1986 **Paperbound Books in Print**, 1992
 Integrative Therapy Darrell Smith, 1990 Rules for Radical Christians Nelson R. Foster, 2019-10-04. This book is a brutal expose of religion's failure to keep and preserve our Godly American culture and the unconventional answer to restore the cultural soul that is rightfully ours to maintain. It exposes the history and spiritual influences behind the decline and the process Christians can follow to reverse that decline. Liberals may claim that they are godless Atheists, but the truth is they are following the doctrines of Lucifer and following a game plan taught by followers of Lucifer. We are losing a spiritual battle by fighting with the tools of the flesh: logic, reason, emotion, science, and the law. We are bound to lose. We need to learn the rules and methods that have been proven to work spiritually against a ruthless spiritual opponent. Liberals know full well that they are fighting for the soul of our nation. We need to realize that the soul they are fighting for is the complete corruption.

and loss of the Godly soul our founding fathers tried to establish for our nation It not only presents the problem but also provides the solution to our problem and the promise that the problem of ungodliness in our culture can be reversed Godliness can be restored We are also fighting for the soul of our nation It is NOT the same soul that the Liberals are trying to preserve They have corrupted our nation by deception We can restore the national soul they corrupted with the truth

The Growth of Religious Diversity: Traditions Gerald Parsons,1993 These two volumes consider the significance of religion in post war Britain concentrating on the decline of the specifically Christian Society and the emergence of a culturally and religiously plural society *Introduction to Biblical Interpretation* William Wade Klein,Craig L.

Blomberg,Robert L. Hubbard (Jr.),1993 The authors define and describe hemeneutics the science of Bible interpretation and suggest effective methods to understand the meaning of any biblical text *Teaching for Commitment* Elmer John

Thiessen,1993 Elmer Thiessen provides a comprehensive critical survey of the debate concerning indoctrination especially in the context of confessional religious education His central aim is to establish that indoctrination as a result of religious instruction is neither inevitable nor as probable as is often assumed by advocates of liberal education Thiessen recognizes that indoctrination can occur in Christian homes and schools He believes however that before the charge of indoctrination can be correctly evaluated we need to develop a more coherent concept of the term He provides a critical examination of the four criteria traditionally associated with indoctrination content method intention and consequences and of the institutional context of indoctrination **Christian Living Seven Days a Week** Jack McInturff,2007-11-28 The Bible is the word of God and is the source to which we should go in order to find direction for our life This book is a topical concordance of the Bible The topics are listed with some Biblical references and a comment on each one There is a more lengthy discussion of What it means to be a Christian the Bible God and Life after Death Christian living involves an intimate and growing relationship with Jesus Christ

The Cost of Unity Lawrence A. Q. Burnley, 2008 This work focuses on African Americans and the Disciples of Christ Like other Protestant organizations in the United States the Christian Church was involved in the establishment of schools for African Americans in the South in the years following the end of the Civil War The most widely read books offering an interpretation of the history of this church tend to relegate the role of black people to passive recipients of white benevolence and largesse in this process of education reform This book examines the agency of African Americans in the founding of educational institutions for blacks associated with the Christian Church The philosophical discourse within the Christian Church concerning the purpose type and control of these schools is examined as well as the prevailing racial assumptions and attitudes that informed each of these areas The author argues that African Americans within the Christian Church played an active role both in cooperating with Disciples mission agencies and acting independent of these agencies in the conceptualization and founding of schools for their communities In addition contrary to Disciples reformers claim of being motivated by their desire to elevate the Negro race the nearly exclusive application of the industrial model of education in schools established by the Disciples of Christ mission agencies for African Americans reflects an intentional effort by

whites within this movement to encumber African American efforts to achieve socioeconomic and political advancement autonomy and self determination Finally the conservative approach to schooling for African Americans was largely the result of northern Disciples acquiescence to the demands of Southern members of the church for the sake of maintaining unity within the national church
